## OPERATING INSTRUCTIONS

The HOMEFORT T-Shape Coat Rack is designed for convenient storage and display of various items.

- **Vertical Hanging:** Use the T-shaped bar for hanging coats, dresses, jackets, and skirts. The design allows for ample vertical space, preventing longer garments from touching the floor.
- **Accessory Hooks:** The two round hooks are ideal for hanging bags, scarves, hats, and other accessories.
- **Base Storage:** The sturdy wooden base can be utilized to store shoes or display small potted plants, maximizing its functionality in compact spaces.

## MAINTENANCE

To ensure the longevity and appearance of your HOMEFORT T-Shape Coat Rack, follow these maintenance guidelines:

- **Cleaning:** Wipe metal surfaces with a soft, damp cloth. For the wooden base, use a dry or slightly damp cloth.

Avoid abrasive cleaners or harsh chemicals that may damage the finish.

- **Stability Check:** Periodically check all screw fittings to ensure they remain tight. Re-tighten if necessary to maintain the rack's stability.
- **Placement:** Place the coat rack on a level surface to prevent wobbling. Avoid exposing the wooden base to excessive moisture or direct sunlight for prolonged periods.

## TROUBLESHOOTING

If you encounter any issues with your coat rack, please refer to the following common solutions:

- **Wobbling:** If the coat rack feels unstable, ensure it is placed on a flat, even surface. Check all assembly screws and tighten them securely. Overloading one side of the rack can also affect stability; distribute items evenly.
- **Missing Parts:** In the rare event of missing parts during assembly, please contact HOMEFORT customer support for free replacements.
