1. INTRODUCTION

Thank you for choosing the AJAZZ AKP03 Macro Keypad Stream Controller. This device is designed to enhance your productivity and streamline your workflow for gaming, streaming, and office tasks. With its programmable keys and intuitive software, you can customize shortcuts and macros to execute complex actions with a single press. Please read this manual carefully to ensure proper setup and optimal use of your new device.

2. FEATURES

- **Six Programmable Macro Keys:** The live streaming console features six customizable macro keys with LCD displays, three physical knobs, and three toggle switches. These offer flexibility for assigning single or continuous actions to optimize workflows, from game combos to launching applications or controlling media.
- **One-Click Operation:** Achieve instant execution with a single press through the customizable USB macro keyboard. Launch macro commands, input text, open files and websites, and control media with speed and precision.
- **Driver Software Settings:** Utilize simple drag-and-drop functionality to assign desired actions to the six customizable keys and configure their properties. This allows for triggering single or multiple actions with a single key press, offering an intuitive and quick learning curve.
- **Wide Compatibility:** This live streaming controller integrates seamlessly with various software, applications, and plugins. It supports platforms like Streamlabs, Twitch, and YouTube on your streaming computer. The console store offers a vast selection of plugins and icons for comprehensive enhancement of your setup.

- **Exceptional Quality:** Crafted from premium materials and subjected to rigorous quality control, the AJAZZ Computer Media Controller Board Macro Keyboard ensures lasting performance. It includes practical plugins such as schedule reminders, clock, stopwatch, weather, and calendar functions.

Programmable Buttons and Knobs

6 Visual Programming Buttons Plus 3 Scroll Wheels—
You Can Customize These Buttons and Knobs to
Quickly Execute Frequently Used Operations.

4. SETUP

4.1 Physical Connection

1. Connect one end of the provided USB-A to USB-C cable to the USB-C port on the back of the AKP03 Macro Keypad.
2. Connect the other end of the cable to an available USB-A port on your computer (PC or Mac).
3. The device should power on automatically.

4.2 Driver Software Installation

To unlock the full customization capabilities of your AKP03, you need to install the dedicated driver software.

1. Open your web browser and navigate to the official AJAZZ website: www.a-jazz.com.
2. Look for the 'Driver Download' or 'Support' section on the website.
3. Search for 'AKP03' or 'AKP03E' in the product model search bar.
4. Download the driver software corresponding to your operating system (Windows or Mac).
5. Once downloaded, run the installer and follow the on-screen instructions to complete the installation.
6. After installation, restart your computer if prompted.

4.3 Attaching the Removable Stand

The AKP03 comes with a removable 40° stand for optimal viewing and ergonomic use.

1. Align the stand with the slots on the underside of the AKP03.
2. Gently push the stand until it snaps securely into place.
3. Ensure the stand is firmly attached before placing the device on your desk.

Removable 40° Stand

This Stand Snaps Securely Into the Console, Providing a Clear View of all Buttons While its Strong Base Grip Ensures the Console Stays Firmly in Place During Use.

5. OPERATING INSTRUCTIONS

5.1 Software Overview

The 'Stream Dock AJAZZ' software is your central hub for customizing the AKP03. After installation, launch the software to begin personalizing your device.

5.2 Customizing Keys and Knobs

1. In the software interface, you will see a visual representation of your AKP03.
2. To assign an action, simply drag and drop a desired function (e.g., launch application, media control, macro) from the software's library onto one of the six programmable keys.
3. The LCD display on each key will update to show the assigned icon or text.
4. The three physical knobs can be configured for various functions such as volume control, scrolling, or other continuous adjustments.
5. The three toggle switches can be assigned to on/off functions or quick mode changes.

Simply Drag And Drop

You can Assign Single or Multiple Actions by Dragging and Dropping the Desired Actions Onto Six Customizable Keys and Configuring Their Properties with a Single Press.

5.3 Advanced Customization

The software allows for creating multiple profiles or 'scenes' for different applications or workflows. You can switch between these profiles to instantly change the functions of your keys and knobs, adapting to diverse scenarios like:

- Game Programming and Development
- Medical Imaging
- Image Editing
- Live Streaming
- Music Production

- Film and Television Color Grading

6. MAINTENANCE

6.1 Cleaning

- To clean the device, use a soft, dry, lint-free cloth.
- Avoid using harsh chemicals, solvents, or abrasive cleaners, as these may damage the surface or internal components.
- For stubborn dirt, slightly dampen the cloth with water, ensuring no liquid enters the device openings.

6.2 Storage

- Store the AKP03 in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, disconnect it from your computer.

7. TROUBLESHOOTING

7.1 Device Not Recognized

- **Check Cable Connection:** Ensure the USB-C cable is securely connected to both the AKP03 and your computer. Try a different USB port.
- **Driver Installation:** Verify that the correct driver software for your operating system is installed. Refer to Section 4.2 for installation instructions.
- **Restart Computer:** Sometimes a simple restart can resolve connection issues.

7.2 Keys/Knobs Not Responding

- **Software Mapping:** Open the 'Stream Dock AJAZZ' software and ensure that functions are correctly assigned to the keys and knobs.
- **Software Updates:** Check for any available software updates for the 'Stream Dock AJAZZ' application.
- **Driver Reinstallation:** If issues persist, try uninstalling and reinstalling the driver software.

7.3 Software Crashing/Freezing

- **System Requirements:** Ensure your computer meets the minimum system requirements for the software.
- **Close Background Applications:** Other running applications might interfere with the software. Close unnecessary programs.
- **Reinstall Software:** Perform a clean reinstallation of the 'Stream Dock AJAZZ' software.
