

OUKITEL C59

OUKITEL C59 SIM-Free Smartphone User Manual

Model: C59

INTRODUCTION

Thank you for choosing the OUKITEL C59 SIM-Free Smartphone. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device. Please read it carefully to ensure optimal performance and longevity of your smartphone.

Overview of the OUKITEL C59's main features.

PACKAGE CONTENTS

Upon opening the box, please verify that all the following items are included:

- OUKITEL C59 Smartphone Unit
- Quick Charging Adapter
- USB-C Cable (supports fast charging and data transfer)
- Ultra-thin Clear Shockproof Case
- SIM Ejector Tool

- Multi-language User Manual
- Warranty Card
- Quick Setup Guide

All items included in the OUKITEL C59 retail package.

SETUP

1. Inserting SIM Card(s) and MicroSD Card

The OUKITEL C59 supports two nano-SIM cards and one microSD card for storage expansion. Use the provided SIM ejector tool to open the SIM tray.

1. Locate the SIM tray on the side of your device.
2. Insert the SIM ejector tool into the small hole next to the tray and push gently until the tray pops out.
3. Place your nano-SIM card(s) and/or microSD card into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully push the tray back into the slot until it is flush with the device.

2. Initial Power On and Basic Setup

To power on your device for the first time:

1. Press and hold the Power button (usually on the right side) until the OUKITEL logo appears.
2. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and set up your Google account.
3. You will also be guided through setting up security features like fingerprint and face unlock during this process.

Illustration of SIM card insertion, GPS functionality, fingerprint sensor, and face unlock.

OPERATING INSTRUCTIONS

Power On/Off/Restart

- **Power On:** Press and hold the Power button until the device vibrates and the logo appears.
- **Power Off:** Press and hold the Power button for a few seconds, then tap 'Power off' on the screen.
- **Restart:** Press and hold the Power button for a few seconds, then tap 'Restart' on the screen.

Screen Lock and Unlock

- **Lock:** Press the Power button once.
- **Unlock:** Press the Power button, then swipe up on the screen. Use your set PIN, pattern, fingerprint, or face unlock to access the device.

Volume Control

Use the Volume Up and Volume Down buttons located on the side of the device to adjust media volume, call volume, and notification volume.

Navigation

The OUKITEL C59 uses Android 15, offering intuitive touch gestures for navigation:

- **Home:** Swipe up from the bottom of the screen.
- **Back:** Swipe from the left or right edge of the screen.
- **Recent Apps:** Swipe up from the bottom and hold.

The OUKITEL C59 runs on the latest Android 15 operating system.

CAMERA FEATURES

The OUKITEL C59 is equipped with a 13MP main camera and a 5MP front camera, enhanced with AI algorithms for various photography needs.

Main Camera (13MP)

- **F2.2 Large Aperture Lens:** Captures clear images even in low-light conditions, ideal for night scenes.
- **Enhanced Image Stabilization:** Reduces blur from hand movements, allowing for sharp photos without a tripod.
- **Portrait Lighting Mode:** Reproduces studio-quality lighting effects for professional-looking portraits.

Front Camera (5MP)

- **Natural Skin Correction Algorithm:** Provides natural beauty enhancements without compromising skin texture.

Camera Modes

Explore various modes to enhance your photography:

- **Panorama Mode:** For capturing wide landscapes.
- **Food Mode:** Optimizes settings for vibrant food photography.
- **Portrait Mode:** Creates a depth-of-field effect, blurring the background.
- **Pro Mode:** Offers manual control over camera settings for advanced users.

The advertisement features a green OUKITEL smartphone with a gold-colored camera ring. The phone is positioned vertically, showing its back with the camera and the OUKITEL logo. To the left of the phone, there are two sample photos: a town by a river and a mountain landscape. To the right, a sample photo of a person wearing sunglasses is shown on the phone's screen. Text in Japanese highlights the camera specifications.

BATTERY AND CHARGING

The OUKITEL C59 is equipped with a large 10000mAh battery, designed for extended usage.

Battery Life

- A single full charge can provide approximately 20 hours of continuous video playback.
- Supports long gaming sessions and extensive social media use.

Charging

- Supports 18W fast charging using the included USB-C cable and adapter.
- Features overcharge prevention and overheat protection for safe charging.
- **Reverse Charging (OTG):** The device can act as a power bank to charge other devices using an OTG cable (not included).

The advertisement features a large, glowing 3D '10000mAh' text floating above a smartphone. The phone's screen shows a reflection of the text and a blue lightning bolt graphic. The background is a dark, starry night sky. Below the phone, five green-bordered boxes list various usage durations: 18W (急速充電), 1070H (待機), 70H (音楽再生), 60H (通話), and 50H (懐中電灯).

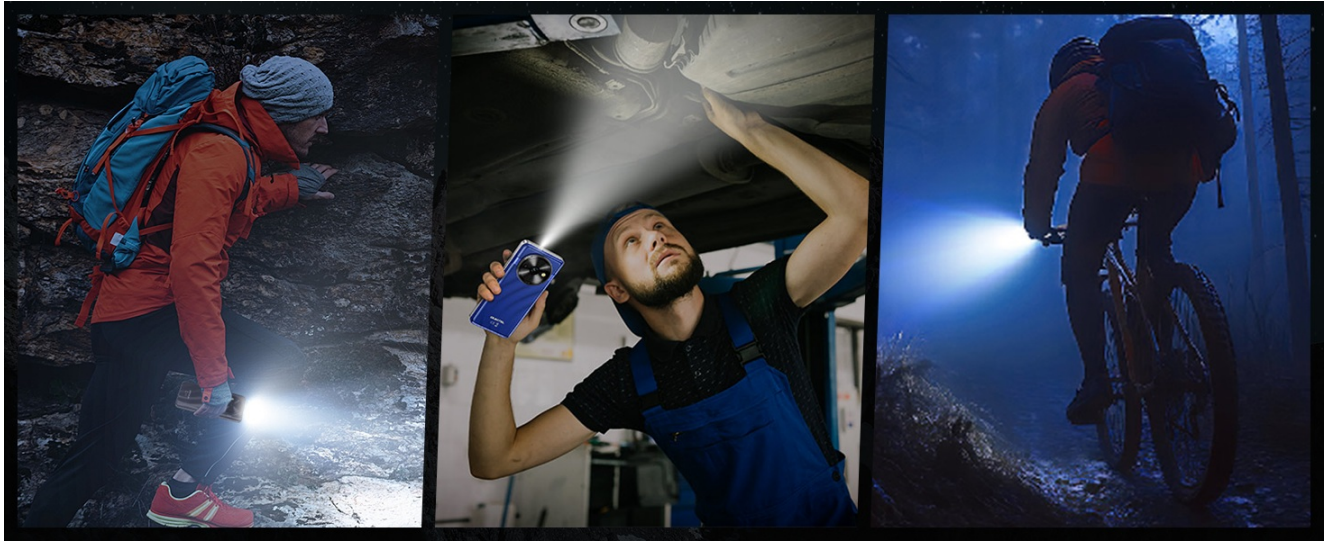

大容量 10000mAh バッテリー

長時間バッテリーで、仕事も遊びも快適サポート

10000mAh

18W	1070H	70H	60H	50H
急速充電	待機	音楽再生	通話	懐中電灯

The OUKITEL C59 features a 10000mAh battery for extended use.

The OUKITEL C59 can charge other devices via its reverse charging function.

CONNECTIVITY

Dual SIM Support

The OUKITEL C59 supports two nano-SIM cards, allowing you to manage separate business and personal numbers on a single device.

Global 4G Network Compatibility

This SIM-free smartphone is fully compatible with major Japanese carriers (Docomo, au, Rakuten Mobile, Softbank, UQ Mobile) and supports a wide range of global 4G bands:

- **GSM:** B2/B3/B5/B8
- **WCDMA:** B1/2/4/5/8
- **TDD:** 34/38/39/40/41
- **FDD-LTE:** B1/2/3/4/5/7/8/12/17/18/19/20/25/26/28A/28B/66

Wi-Fi and Bluetooth

- **Wi-Fi:** Supports 2.4G and 5G networks for fast and stable internet access.
- **Bluetooth:** Equipped with Bluetooth 5.0 for efficient wireless connections to accessories.

GPS Navigation

The device integrates four satellite systems (GPS, GLONASS, BeiDou, and Galileo) to maintain a position accuracy of $\pm 3\text{m}$, even in challenging environments like mountainous areas or high-rise building districts.

The OUKITEL C59 supports major Japanese carriers and advanced GPS navigation.

SECURITY FEATURES

The OUKITEL C59 offers multiple security options to protect your data and privacy.

Fingerprint Unlock

- The side-mounted fingerprint sensor provides high-speed authentication in just 0.3 seconds.
- To set up, go to **Settings > Security > Fingerprint Unlock** and follow the instructions.

Face Unlock

- Use your face to quickly unlock your device.
- To set up, go to **Settings > Security > Face Unlock** and follow the instructions.

Private Space

This feature allows you to hide sensitive applications and data, providing an extra layer of privacy. Access and manage your Private Space through the device settings.

SPECIAL FEATURES

120 Lumen LED Flashlight

The OUKITEL C59 includes a powerful 120 lumen LED flashlight, activated via a physical button. This feature is versatile for various situations:

- Searching for items in the dark.
- Emergency lighting during disasters.
- Outdoor activities like mountain climbing or camping, eliminating the need for a separate light.

暗闇も迷わないー 120ルーメン LED 懐中電灯

大容量バッテリー&高輝度の懐中電灯で、
日常もアウトドアも安心サポート

The OUKITEL C59's 120 lumen LED flashlight is useful in dark conditions.

MAINTENANCE

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid harsh chemicals or abrasive materials.
- **Software Updates:** Regularly check for and install system updates to ensure optimal performance, security, and access to new features. Go to **Settings > System > System Update**
- **Storage Management:** Periodically clear unnecessary files, cache data, and uninstall unused apps to free up storage space and maintain device speed.
- **Battery Care:** Avoid extreme temperatures. Do not fully discharge the battery frequently.

TROUBLESHOOTING

Device Not Turning On

- Ensure the battery is charged. Connect the device to the charger for at least 10-15 minutes.
- Press and hold the Power button for 10-15 seconds to perform a forced restart.

Charging Issues

- Check if the charging cable and adapter are securely connected and undamaged.
- Try using a different compatible charger and cable.
- Ensure the charging port is clean and free of debris.

Network/Connectivity Problems

- **No Signal:** Check if your SIM card is properly inserted. Try restarting the device. Verify your network settings (**Settings > Network & internet > Mobile network**).
- **Wi-Fi Connection Issues:** Restart your router. Forget the Wi-Fi network on your phone and reconnect.
- **Bluetooth Pairing Issues:** Ensure both devices are in pairing mode and within range. Try restarting both devices.

Slow Performance

- Close unused applications running in the background.
- Clear cache data from apps (**Settings > Apps > [App Name] > Storage & cache > Clear cache**).
- Consider uninstalling rarely used applications.
- If issues persist, a factory reset might be necessary (**Settings > System > Reset options > Erase all data (factory reset)**). **Note:** This will erase all data on your phone. Back up important data before proceeding.
