5. SETUP AND ASSEMBLY

Your Baborokic Metal Armoire Wardrobe Closet requires assembly. Please follow the included assembly instructions carefully. It is recommended to have two people for assembly to ensure safety and ease.

5.1 Before You Begin

- Unpack all components and verify against the parts list in your separate assembly guide.
- Ensure you have all necessary tools (typically a screwdriver and possibly a wrench, not always included).
- Clear a spacious, level area for assembly.

5.2 Assembly Steps (General Guidance)

1. Attach the base/legs to the bottom panel of the cabinet. Ensure all screws are tightened.
2. Connect the side panels to the bottom panel, then attach the back panel.
3. Install the hanging rod and any fixed shelves according to the diagram.
4. Insert the adjustable shelves into your desired positions.
5. Attach the top panel to complete the main frame.
6. Mount the doors, ensuring they align correctly and close smoothly.
7. Install door handles.
8. Adjust the feet to ensure the cabinet is level and stable.

Note: A detailed, step-by-step assembly guide with diagrams is included in your product packaging. Please refer to that document for precise instructions.

6. OPERATING INSTRUCTIONS

6.1 Using the Hanging Rod

The internal hanging rod is designed to accommodate standard hangers for clothing items such as shirts, jackets, and dresses. Ensure clothes are hung evenly to distribute weight.

6.2 Adjusting Shelves

The shelves are adjustable to suit various storage needs. To adjust a shelf:

1. Empty the shelf of all contents.
2. Carefully lift the shelf and remove it from its current supports.
3. Relocate the shelf supports to the desired height. Ensure they are securely inserted into the designated holes on the side panels.
4. Place the shelf back onto the supports, ensuring it is level and stable before placing items on it.

6.3 Door Operation

The cabinet doors feature a magnetic closure mechanism to keep them securely shut. Open and close doors gently using the handles. Avoid forcing the doors, especially if they encounter resistance.

7. MAINTENANCE

7.1 Cleaning

The metal surfaces of the wardrobe are designed for easy cleaning. Use a soft, damp cloth to wipe down the exterior and interior surfaces. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.

7.2 Regular Checks

- Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- Inspect the adjustable legs for stability and adjust if the cabinet becomes uneven.
- Ensure the doors open and close smoothly. If they become stiff, check hinges for any obstructions or misalignment.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet is wobbly or unstable.	Uneven floor; loose leg adjustments; loose assembly screws.	Adjust the leveling feet until stable. Check and tighten all assembly screws. Ensure cabinet is on a flat surface.
Doors do not close properly.	Misaligned hinges; obstruction inside the cabinet; magnetic latch issue.	Check for items blocking the door. Inspect hinges for proper alignment and tighten if loose. Ensure the magnetic latch is clean and functional.
Hanging rod sags or feels weak.	Overloaded rod; improper installation.	Reduce the weight of items on the rod. Ensure the rod is correctly seated in its supports.
Scratches or minor damage to the finish.	Accidental impact during assembly or use.	For minor scratches, touch-up paint (not included) may be used. Contact customer support for significant damage.
