## 4.2 Power On/Off

Press and hold the power button to turn the speaker on or off.

## 4.3 Bluetooth Pairing

1. Turn on the speaker. It will automatically enter Bluetooth pairing mode.
2. Enable Bluetooth on your smartphone or other device.
3. Search for "Zeb-Sound Feast 250" in the list of available devices and select it to connect.
4. A confirmation tone will indicate successful pairing.

#### 4.4 TWS Pairing (True Wireless Stereo)

To experience true wireless stereo sound, you can pair two Sound Feast 250 speakers together:

1. Ensure both Sound Feast 250 speakers are powered on and not connected to any other Bluetooth device.
2. On one of the speakers, press and hold the TWS button (refer to product diagram for location).
3. The speakers will search for each other and automatically pair. A confirmation tone will sound once connected.
4. Now, connect your device to one of the paired speakers via Bluetooth. Audio will play through both speakers in stereo.

### 5.4 Multi-Connectivity

In addition to Bluetooth v5.3, the speaker offers multiple ways to play audio:

- **AUX Mode:** Connect an audio device using the provided 3.5mm AUX cable.
- **mSD Card Mode:** Insert a microSD card with audio files into the mSD slot.

Image: Close-up of the speaker's ports, indicating support for Bluetooth v5.3, AUX, and mSD connectivity.

### 5.5 LED Lights

The speaker features multicolor LED lights that sync with music, enhancing the listening experience. These lights are located at the bottom of the speaker.

Image: Bottom view of the speaker, showcasing its vibrant multicolor LED lights.

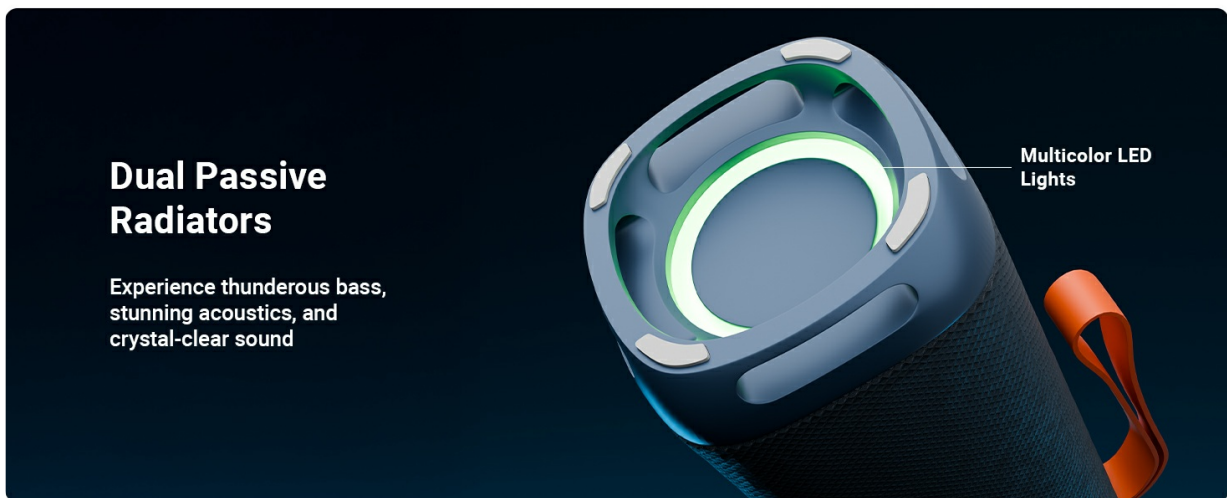

Image: The speaker's bottom section, highlighting the dual passive radiators and the integrated multicolor LED lights.

## 6. DYNAMIC AUDIO OUTPUT

The Sound Feast 250 delivers powerful audio with 40W output, dual 6.35cm full-range drivers, and passive

radiators for deep bass and clear sound.

Image: The speaker on a car roof, emphasizing its 40 Watts of audio output.

Image: The speaker on a car dashboard, illustrating its Bass Boost feature for enhanced low frequencies.

## 7. MAINTENANCE

---

- Clean the speaker with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Keep the speaker away from extreme temperatures, direct sunlight, and excessive moisture.
- Store the speaker in a cool, dry place when not in use.
- The speaker has an IPX5 water-resistant rating, meaning it can withstand splashes and light rain. Do not submerge the speaker in water.

## EQ Button/Volume Control Knob

## 8. TROUBLESHOOTING

- **No Power:** Ensure the speaker is charged. Connect it to a power source using the Type-C cable.
- **Cannot Pair Bluetooth:** Make sure the speaker is in pairing mode and not connected to another device. Disable and re-enable Bluetooth on your source device.
- **No Sound:** Check the volume levels on both the speaker and your connected device. Ensure the correct input mode (Bluetooth, AUX, mSD) is selected.
- **TWS Pairing Issues:** Ensure both speakers are fully charged and not connected to any other Bluetooth device before attempting TWS pairing.
