Instruction Manual: Wireless CarPlay & Android Auto Adapter

Brand: Generic | Model: PHSLJX-2588480-PP-02

1. PRODUCT OVERVIEW

This 2-in-1 Wireless CarPlay and Android Auto Adapter converts your vehicle's existing wired CarPlay or Android Auto system into a wireless connection. It provides seamless integration with your smartphone for navigation, communication, and entertainment, enhancing your driving experience.

Key Features:

- **2-in-1 Functionality:** Supports both Wireless CarPlay and Wireless Android Auto.
- **Instant Wireless Upgrade:** Converts wired connections to wireless quickly.
- **Voice Assistant Support:** Compatible with Siri and Google Assistant for hands-free operation.
- **Plug & Play:** Simple USB connection with automatic reconnection after initial setup.
- **Stable & Smooth Performance:** Utilizes Bluetooth 5.0 and Wi-Fi for reliable, low-latency data transmission.
- **Compact Design:** Small and portable for easy transport and minimal dashboard clutter.

Compatibility:

- Designed for Citroen C3 models from 2016 to 2024.
- Requires a vehicle equipped with factory-wired CarPlay or Android Auto.
- Supports iPhone 6 and later with iOS 10.0 or above.
- Supports Android phones with Android 11.0 or higher.
- Android devices must be licensed with genuine Google services.

Image: The adapter supports both Wireless CarPlay for iPhones (iOS 10.0+) and Wireless Android Auto for Android phones (Android 11.0+).

2. SETUP INSTRUCTIONS

Follow these steps to connect your wireless adapter to your vehicle and smartphone.

1. Step 1: Insert the Adapter

Insert the wireless adapter into your car's USB port. Use a data cable if necessary to connect the adapter to the USB port.

Connection Steps

Step 1:

Insert USB

Use a data cable to connect the box to the USB port of the car

Step 2:

Bluetooth Pairing

Turn on your phone's Bluetooth and WiFi, and click Connect to pair

Step 3:

Connection Successful

Connect to enjoy wireless Carplay & Android auto functions

Image: Step 1 - Insert the adapter into the car's USB port.

2. Step 2: Bluetooth Pairing

On your smartphone, enable both Wi-Fi and Bluetooth. Search for the adapter's Bluetooth name (usually displayed on your car's screen or in the adapter's instructions) and select it to pair. Follow any on-screen prompts on your car's display.

3. Step 3: Connection Successful

Once paired, your car's display will show the CarPlay or Android Auto interface, indicating a successful wireless connection. The first pairing typically takes 5-10 seconds. Subsequent reconnections will be automatic and faster, usually within 3 seconds.

3. OPERATING INSTRUCTIONS

After successful setup, you can begin using the wireless CarPlay or Android Auto features.

Automatic Reconnection:

Once initially paired, the adapter will automatically connect to your smartphone when you start your vehicle, provided your phone's Bluetooth and Wi-Fi are enabled.

Using Voice Control:

The adapter supports smart voice control through Siri (for CarPlay) and Google Assistant (for Android Auto). Use voice commands for various functions:

- **Navigation:** "Navigate to [address/destination]"
- **Calls:** "Call [contact name]" or "Dial [phone number]"
- **Messaging:** "Send a message to [contact name]"
- **Music:** "Play [song/artist]" or "Next song"

Image: Voice Assistant Smart Wake-Up allows hands-free control of navigation, calls, messages, and music.

Accessing Apps:

All compatible apps installed on your smartphone will be accessible through your car's infotainment screen. Use the touch screen or vehicle controls to interact with apps like Maps, Phone, Messages, Music, Podcasts, and more.

4. MAINTENANCE

To ensure the longevity and optimal performance of your wireless adapter, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the adapter with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the adapter in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the adapter or subjecting it to strong impacts. Do not attempt to disassemble the device.

5. TROUBLESHOOTING

If you encounter issues with your wireless adapter, try the following troubleshooting steps:

- **No Connection:**
 - Ensure your car has factory-wired CarPlay or Android Auto.
 - Verify that your smartphone's Bluetooth and Wi-Fi are turned on.
 - Restart your smartphone and the car's infotainment system.
 - Unplug the adapter and plug it back into the USB port.
 - Forget the adapter from your phone's Bluetooth settings and re-pair.
- **Intermittent Connection/Lag:**
 - Ensure there are no other devices interfering with Bluetooth or Wi-Fi signals.
 - Check for any available firmware updates for the adapter (refer to manufacturer's website if applicable).
 - Ensure your phone's operating system is up to date.
- **Voice Control Not Responding:**
 - Confirm that Siri or Google Assistant is enabled on your smartphone.
 - Speak clearly and directly towards your car's microphone.

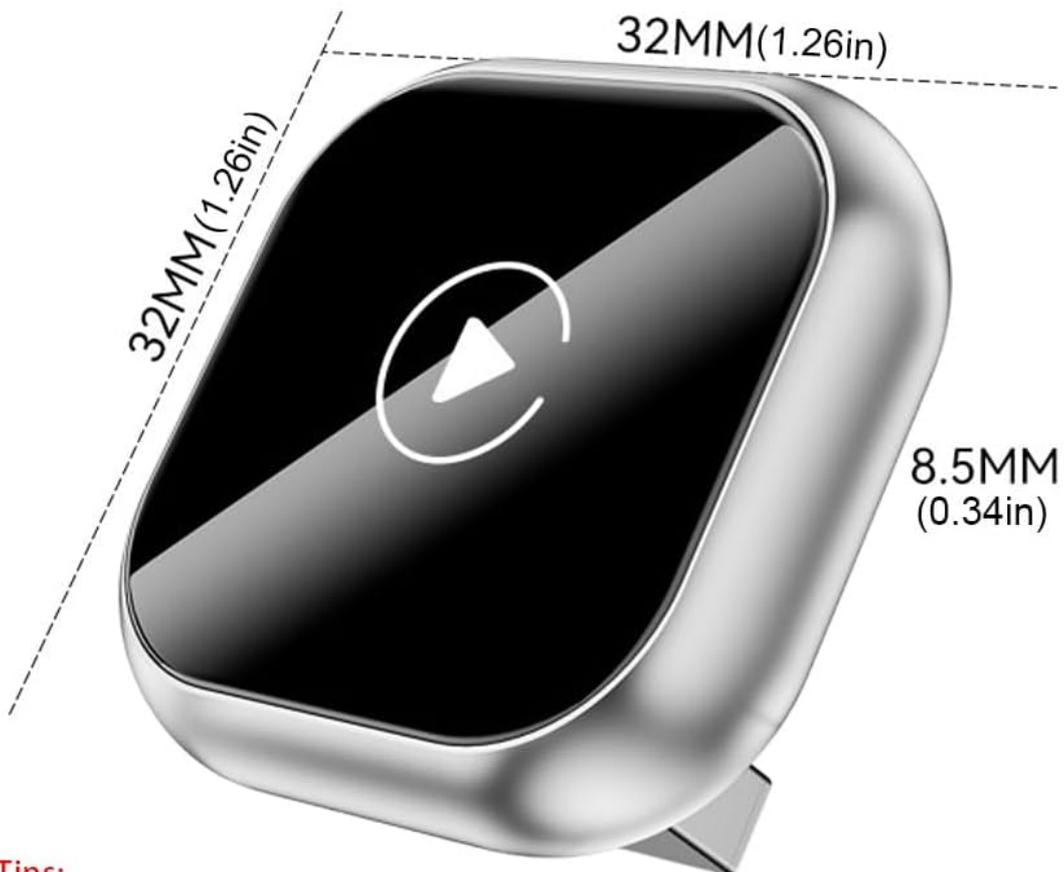

If these steps do not resolve the issue, please contact customer support for further assistance.
