Model: KM-6558 | Brand: Kemei

1. INTRODUCTION

Thank you for choosing the Kemei KM-6558 3-in-1 Multifunction Shaver. This device is designed to provide a versatile and efficient grooming experience, combining beard shaving, nose/ear hair trimming, and precision shaping functions. Please read this manual carefully before using the product to ensure safe operation and optimal performance. Keep this manual for future reference.

2. IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of electric shock, injury, or damage, always follow these basic safety precautions:

- Always keep the shaver away from water to prevent electrical hazards. Do not use it near bathtubs, showers, basins, or other vessels containing water.
- Exercise caution when using the sharp blades to avoid cuts or skin irritation.
- Always unplug the shaver from the power source before cleaning any parts or replacing attachment heads.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

4. SETUP

Charging the Shaver:

1. Ensure the shaver is switched off.
2. Connect the charging cable to the shaver's charging port.
3. Plug the power adapter into a suitable electrical outlet.
4. Allow the shaver to charge fully before first use. The charging indicator light will show the charging status (refer to the device's specific indicator behavior).

Attaching/Detaching Heads:

1. Ensure the shaver is switched off before changing heads.
2. To detach a head, grip the head firmly and gently pull it upwards from the shaver body.
3. To attach a head, align the desired head with the shaver body and push it down until it clicks securely into place.

5. OPERATING INSTRUCTIONS

The Kemei KM-6558 offers three primary functions for comprehensive grooming.

General Operation:

- To turn on the shaver, slide the power switch upwards.
- To turn off the shaver, slide the power switch downwards.

Using the Foil Shaving Head (for Beard Shaving):

1. Attach the foil shaving head to the shaver body.
2. Ensure your skin is clean and dry. For best results, shave against the direction of hair growth.
3. Hold the shaver at a right angle to your skin and move it in short, circular motions or straight strokes.
4. Apply gentle pressure; excessive force is not necessary and may cause irritation.

Using the Nose and Ear Hair Trimmer Head:

1. Attach the nose and ear hair trimmer head.
2. Gently insert the trimmer tip into your nostril or ear canal.
3. Move the trimmer in a circular motion to cut unwanted hair. Do not insert the trimmer too deeply.

Using the Precision Trimmer Head (for Shaping and Sideburns):

1. Attach the precision trimmer head.
2. Use the edge of the blade to define beard lines, sideburns, or mustache edges.
3. Move the trimmer slowly and carefully to achieve desired shapes.

These insets illustrate different beard lengths, sideburn shapes, and hair trimming possibilities, showcasing the versatility of the 3-in-1 device for comprehensive personal grooming.

6. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and extends the lifespan of your shaver.

Cleaning the Heads:

1. Ensure the shaver is switched off and unplugged before cleaning.
2. Detach the used head from the shaver body.
3. Use the provided cleaning brush to remove any loose hair from the blades and inside the head.

- The heads are washable. Rinse them under running water. Ensure they are completely dry before reattaching or storing. **Note:** Do not submerge the main shaver body in water.
- For thorough cleaning, you may apply a drop of lubricating oil (not included) to the blades periodically.

General Care:

- Store the shaver in a dry place, away from direct sunlight and extreme temperatures.
- Keep the protective cap on the shaving head when not in use to prevent damage.

7. TROUBLESHOOTING

If you encounter any issues with your Kemei KM-6558 shaver, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Shaver does not turn on.	Battery is depleted.	Charge the shaver fully.
Poor shaving/trimming performance.	Blades are clogged with hair or dull.	Clean the shaver heads thoroughly. If performance does not improve, consider replacing the head (if available).
Shaver pulls hair.	Battery is low or blades are dull/clogged.	Ensure the shaver is fully charged. Clean the shaver heads.
Skin irritation after shaving.	Excessive pressure, dull blades, or sensitive skin.	Use gentle pressure. Ensure blades are clean and sharp. Consider using a pre-shave preparation or after-shave balm.

If the problem persists after trying these solutions, please contact customer support.
