Garvee Queen Size Upholstered Lift Up Storage Bed with LED Lights

Model: ztfqdzwjrbc-005-GV8g7mfk
Brand: Garvee

Introduction

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your Garvee Queen Size Upholstered Lift Up Storage Bed with LED Lights. Please read this manual thoroughly before assembly and use to ensure safe and proper operation of your new bed frame.

The Garvee bed frame combines a comfortable upholstered design with practical features, including a hydraulic lift storage system, integrated RGB LED lighting, and a multi-functional headboard equipped with charging ports.

Safety Information

Always use both hands when operating the lift-up mechanism to prevent injury. Be cautious of sharp edges, especially around the button tufted headboard. Do not exceed the maximum weight capacity of 112.88 pounds for the lift mechanism to ensure stability and safety.

- Keep all assembly hardware and small parts out of reach of children.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not stand or jump on the bed frame.
- Distribute weight evenly on the bed surface.
- Avoid placing heavy objects on the headboard shelves to prevent damage or injury.
- Ensure the power cord for the LED lights and charging ports is not pinched or damaged during assembly or use.

Package Contents

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Upholstered Headboard with LED Lights and Charging Ports
- Side Rails and Footboard
- Hydraulic Lift Mechanism Components
- Wooden Slats and Support Legs
- Hardware Pack (screws, bolts, washers, Allen wrench)
- Power Adapter for LED Lights and Charging Ports
- Instruction Manual

Setup and Assembly Instructions

Assembly is designed to be straightforward with clear labels and instructions. It is recommended that two adults assemble this bed frame.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Refer to the included parts list and diagrams to identify each component.
3. **Assemble Bed Frame:** Follow the step-by-step instructions provided in the separate assembly guide to connect the side rails, footboard, and headboard. Ensure all bolts are finger-tightened initially.
4. **Install Hydraulic Lift Mechanism:** Attach the hydraulic lift arms to the bed frame according to the diagrams. Ensure they are securely fastened.
5. **Place Slats:** Position the wooden slats onto the bed frame supports. Secure them as indicated in the assembly guide.
6. **Connect LED Lights and Charging Ports:** Connect the LED light strip and the power module for the charging ports to the designated connectors on the headboard. Route the power cord safely.
7. **Final Tightening:** Once all components are in place, fully tighten all bolts and screws using the provided Allen wrench. Do not overtighten.

QUEEN SIZE

L*W*H: 85.43*62*43.7in.

Weight Capacity: 1000 lbs.
Recommend Mattress Thickness: 8-14in.

Maximum Weight Capacity
When Lifting Up: **130 lbs**

Operating Instructions

A. Lift-Up Storage Mechanism

The bed frame features a hydraulic lift system for easy access to under-bed storage. To operate:

1. **Clear the Bed:** Remove any pillows or loose items from the mattress surface.
2. **Lift the Mattress:** Grasp the lifting strap or the edge of the bed frame firmly with both hands.
3. **Raise Smoothly:** Lift the mattress and bed base upwards. The hydraulic pistons will assist in raising and holding the bed in the open position.
4. **Access Storage:** Place or retrieve items from the spacious under-bed storage area.
5. **Lower the Mattress:** To close, firmly pull the bed base downwards. The hydraulic system will gently guide it back into the closed position. Ensure hands and fingers are clear of pinch points.

B. Smart RGB LED Lights

The integrated RGB LED lights can be controlled via a smartphone application. Follow these steps to use the LED lights:

1. **Connect Power:** Ensure the bed frame's power cord is plugged into a functional wall outlet.
2. **Download App:** Scan the QR code provided in the separate LED light instructions or search for the recommended app in your smartphone's app store.
3. **Pair Device:** Follow the in-app instructions to pair your smartphone with the bed's LED lighting system via Bluetooth.
4. **Control Lights:** Use the app to select from 12 scene modes, adjust brightness levels, choose from multiple colors, and set timing functions.

C. Multi-Functional Headboard Charging Ports

The headboard includes convenient charging options for your electronic devices:

- **USB-A Port (5V/3A):** Connect compatible USB-A devices for charging.
- **USB-C Port (5V/3A):** Connect compatible USB-C devices for charging.
- **AC Outlets (110V/12A):** Two standard AC outlets are provided for plugging in larger electronics or chargers.

Ensure the bed frame's main power cord is connected to a wall outlet for these ports to function. The 6.5-foot power cord provides flexibility for placement.

Maintenance

Regular maintenance helps ensure the longevity and proper function of your bed frame.

- **Cleaning:** Wipe the upholstered surfaces with a dry cloth. For spills, gently blot with a damp cloth and mild soap, then dry thoroughly. Avoid harsh chemicals.
- **Hardware Check:** Periodically inspect all bolts and screws. Re-tighten any loose connections to maintain stability.
- **Hydraulic System:** The hydraulic pistons are designed for long-term use and generally require no maintenance. If the lift mechanism becomes stiff or noisy, ensure no obstructions are present.
- **Electrical Components:** Ensure the power cord and connections for the LED lights and charging ports are free from damage. Do not attempt to repair electrical components yourself.

Troubleshooting

If you encounter issues with your Garvee bed frame, refer to the following common solutions:

Problem	Possible Cause	Solution
Bed frame is wobbly or creaks.	Loose hardware.	Check and tighten all bolts and screws.
LED lights not working.	Power cord disconnected; App not paired; LED strip damaged.	Ensure power cord is plugged in. Re-pair the app. Inspect LED strip for visible damage. Contact support if issue persists.
Charging ports not functioning.	Power cord disconnected; Device incompatibility.	Verify the bed frame's main power cord is connected. Test with a different device or cable.
Lift mechanism is difficult to raise or lower.	Obstruction; Uneven weight distribution on mattress; Exceeding weight capacity.	Check for obstructions. Ensure mattress is centered. Do not exceed 112.88 lbs when lifting.

If troubleshooting steps do not resolve the issue, please contact Garvee customer support.

Specifications

Feature	Detail
Model Number	ztfqdzwjrbc-005-GV8g7mfk
Size	Queen
Product Dimensions (L x W x H)	85.43" x 60.24" x 43.31"
Item Weight	112.9 pounds
