## CARE AND MAINTENANCE

- **Cleaning the Upholstery:** For general cleaning, gently vacuum the corduroy fabric to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner following the product's instructions, testing on an inconspicuous area first.
- **Frame Care:** Periodically check all bolts and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals on any part of the bed frame, as this may damage the finish or fabric.
- **Weight Distribution:** Distribute weight evenly across the bed frame. Avoid standing or jumping on the bed to prevent damage to the slats and frame.

## TROUBLESHOOTING
