ChooChoo SC2502-WH

ChooChoo Bathroom Floor Cabinet User Manual

Model: SC2502-WH

INTRODUCTION

Thank you for choosing the ChooChoo Bathroom Floor Cabinet. This modern storage cabinet, featuring 6 doors and adjustable shelves, is designed to provide ample storage in various rooms such as bathrooms, living rooms, or kitchens. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and efficient use of your new cabinet.

SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Anti-Tip Device:** Always install the included anti-tip device to secure the cabinet to the wall. This prevents accidental tipping, especially in households with children or pets.
- **Magnetic Door Closures:** The cabinet features built-in magnetic door closures. Ensure doors are securely closed to keep items safe and prevent them from swinging open unexpectedly.
- **Reinforced Base:** The cabinet is designed with a reinforced base for enhanced stability. Place the cabinet on a flat, level surface.
- **Material Safety:** Constructed from high-quality MDF and coated with water-based, eco-friendly paint. While the product is designed for safety, some new furniture may have a slight odor upon unboxing; this is normal and will dissipate within a few days to a week.

Required Components (Included)

- Storage Cabinet Panels (labeled 1-20)
- Accessory Bag (containing screws, dowels, cam locks, hinges, magnetic catches, anti-tip kit)
- User Manual (this document)

Step-by-Step Assembly

1. **Prepare Panels:** Lay out all numbered panels and hardware. Identify panels 17 and 13. Attach cam bolts (A) and wooden dowels (D) to the designated holes on these panels as shown in the manual.
2. **Connect Panels:** Attach panel 12 to panel 17 using cam bolts (A) and wooden dowels (D). Secure with cam locks (B).
3. **Install Magnetic Catches:** Attach the magnetic catch (F) to panel 7 using screws (E).
4. **Assemble Base:** Connect panel 7 to the main structure using cam locks (B).
5. **Attach Side Panels:** Secure the side panels to the base and central divider using cam locks (B).
6. **Install Back Panel:** Slide the back panel into the grooves.
7. **Attach Top Panel:** Secure the top panel to the assembled structure using screws (K) and the wooden block (20).
8. **Install Anti-Tip Brackets:** Attach the anti-tip brackets (M) to the back of the cabinet using screws (L) and magnetic catches (F) with screws (E).

9. **Prepare Doors:** Attach hinges (G) to doors (1 and 2) using screws (C).
10. **Mount Doors:** Attach the doors to the cabinet frame using screws (C) into the pre-drilled holes.
11. **Insert Shelf Pins:** Place shelf pins (P) into the desired height adjustment holes inside the cabinet.
12. **Place Adjustable Shelves:** Carefully place the adjustable shelves (14 and 16) onto the shelf pins.
13. **Final Stability Check:** Ensure all screws and cam locks are tightened. Install the anti-tip device to the wall as per instructions.

OPERATING INSTRUCTIONS

The ChooChoo Bathroom Floor Cabinet is designed for versatile storage. Here's how to best utilize its features:

- **Adjustable Shelves:** The cabinet features 5 height options for its adjustable shelves. To change shelf height, remove the shelf, reposition the shelf pins to the desired holes, and then reinsert the shelf. This allows for customized storage of items of varying sizes.
- **Door Operation:** Gently open and close the six doors. The magnetic closures ensure they remain shut when not in use. Avoid forcing the doors to prevent damage to hinges or the cabinet structure.
- **Weight Distribution:** Distribute weight evenly across shelves to maintain stability and prevent warping. Place heavier items on lower shelves.

MAINTENANCE

Proper care will extend the life and appearance of your ChooChoo cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the painted finish.
- **Moisture Resistance:** The cabinet is coated with water-based, eco-friendly paint for moisture resistance, making it suitable for humid environments like bathrooms. However, avoid prolonged exposure to excessive moisture. Promptly wipe away any spills.
- **Hardware Check:** Periodically check all screws and fittings to ensure they remain tight. Retighten if necessary to maintain structural integrity.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Cabinet feels wobbly:** Ensure all cam locks and screws are fully tightened. Verify the cabinet is placed on a level surface. If necessary, adjust the floor levelers (if applicable) or place shims under the base. Confirm the anti-tip device is securely installed.
- **Doors do not align or close properly:** Check that the hinges are correctly installed and tightened. Adjust hinge screws

slightly to align the doors. Ensure the magnetic catches are properly positioned and secured.

- **Missing parts or unclear instructions:** If you encounter missing parts or difficulty understanding the instructions, please contact customer support for assistance.
- **Odor from new cabinet:** A slight odor is normal for new furniture due to protective coatings. This will typically dissipate within a few days to a week in a well-ventilated area.

SPECIFICATIONS
