Product Overview

The ClosetMaid SuiteSymphony Modern Hanging Closet Kit (Model 10000-07318) provides a versatile and customizable storage solution for your home. This kit is designed to maximize closet organization with a hanging tower, adjustable closet rods, and multiple shelves and drawers. It is suitable for spaces ranging from 7 ft. to 10 ft. wide, offering a clean and simplified look by keeping floor space clear.

The kit includes:

- (1) Hanging Tower (81" to 121" W x 71.6" H x 14.6" D)
- (3) Closet Rods
- (4) 25-Inch Wide Shelves
- (3) 48-Inch Wide Top Shelves with Brackets
- (3) 25" W x 10" H Modern Style Drawers

Setup and Installation

This closet system is designed for wall-mount installation. Ensure you have the necessary tools and follow all safety guidelines during assembly. All required hardware is included.

Pre-Installation Checklist:

- Verify all components are present as listed in the kit contents.
- Ensure your installation area (closet) is between 7 ft. and 10 ft. wide.
- Gather necessary tools (e.g., drill, level, tape measure, saw for cutting rods/shelves if needed).

Installation Steps:

1. **Mount the Heavy-Duty Rail:** Begin by securely mounting the heavy-duty rail to the wall. This rail supports the hanging tower and ensures stability. Refer to the detailed diagram for proper placement and height.
2. **Assemble the Hanging Tower:** Follow the instructions provided with the tower components to assemble the central unit, including shelves and drawer glides.
3. **Attach the Hanging Tower:** Once assembled, hang the tower onto the previously installed heavy-

duty rail. Ensure it is level and securely fastened.

4. **Install Shelves:** The kit includes four 25-inch wide shelves and three 48-inch wide top shelves with brackets. Install these according to your desired configuration. *Note: Top shelves may require cutting to fit appropriate size.*
5. **Install Closet Rods:** The three closet rods expand from 30-inch to 40-inch. They can be configured anywhere along the tower sides. *Note: Hang rods may require cutting to fit the installation area.*
6. **Assemble and Install Drawers:** Assemble the three modern style drawers and install them into the designated slots within the hanging tower. Ensure smooth operation of the full extension glides.

Operating Your Closet System

The ClosetMaid SuiteSymphony system is designed for intuitive use, providing organized storage for various items.

- **Closet Rods:** Utilize the expanding closet rods to hang clothing items such as shirts, pants, dresses, and coats. The adjustable nature allows for personalized spacing.
- **Shelves:** The various shelves are ideal for folded garments, shoes, bags, or storage bins. Distribute weight evenly across shelves to maintain stability.
- **Drawers:** The three modern style drawers feature smooth full-extension glides, providing easy

access to contents. These are perfect for smaller items, accessories, or undergarments.

Care and Maintenance

Proper care will ensure the longevity and appearance of your ClosetMaid SuiteSymphony system.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the laminated wood finish.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Drawer Glides:** If drawers become stiff, a small amount of silicone-based lubricant can be applied to the glides. Avoid oil-based lubricants.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Tighten if necessary to maintain structural integrity.

Troubleshooting

If you encounter any issues with your ClosetMaid SuiteSymphony system, refer to the following common solutions:

- **Wobbly Tower/Shelves:** Ensure all wall mounts and connections are securely fastened. Re-tighten any loose screws. Verify that the heavy-duty rail is properly installed and supporting the tower.
- **Drawers Not Gliding Smoothly:** Check for any obstructions in the drawer glides. Ensure the drawers are correctly aligned on the glides. Apply a silicone-based lubricant if friction persists.
- **Rods/Shelves Not Fitting:** Remember that closet rods and top shelves may require cutting to fit your specific installation area. Double-check measurements before cutting.

- **Missing Hardware:** Review the parts list in your assembly guide. If components are missing, contact ClosetMaid customer support.

Product Specifications

Brand	ClosetMaid
Model Number	10000-07318
UPC	075381123174
Material	Engineered Wood (Laminated Wood)
