VEVOR Hard Rifle Case933

VEVOR 36-inch Hard Rifle Case Instruction Manual

Model: Hard Rifle Case933

1. Introduction

Thank you for choosing the VEVOR 36-inch Hard Rifle Case. This manual provides essential information for the proper setup, operation, and maintenance of your new rifle case. Please read these instructions carefully before use to ensure optimal performance and longevity of the product. This case is designed to provide robust protection for your firearms against environmental elements and impacts, featuring IP67 waterproofing, dustproofing, and TSA compliance for secure transport.

Figure 1: VEVOR 36-inch Hard Rifle Case.

2. Product Overview

The VEVOR Hard Rifle Case is engineered for durability and security. Key features include:

- **IP67 Waterproof & Dustproof:** Ensures a fully sealed design, protecting contents from water and dust.
- **TSA Compliant:** Suitable for air travel with appropriate padlocks (not included).
- **4-Layer Protective Foam:** Includes egg-crate foam, two layers of pre-cut foam, and a solid foam layer for customizable and secure fit.
- **Durable Construction:** Built with resin-reinforced injection molded plastic and metal hinges for long-lasting use.
- **Pressure Relief Valve:** Automatically regulates internal air pressure.
- **Integrated Wheels:** Two silent wheels for effortless transport.

- **Multiple Handles:** Ergonomic handles for comfortable lifting and carrying.

Figure 2: Case dimensions and interior foam layers.

3. Setup

3.1 Foam Customization

The VEVOR rifle case includes four layers of foam designed to protect your firearms:

1. **Egg-Crate Foam:** Located in the lid for shock absorption.
2. **Pre-Cut Foam Layers (2):** These layers feature small, removable squares that allow you to customize the interior to precisely fit your rifle(s) and accessories.
3. **Solid Foam Layer:** Provides a stable base for additional support.

To customize the fit, carefully outline your firearm(s) and accessories on the pre-cut foam layers. Gently pluck out the foam squares to create a snug, protective cavity. Ensure that the items are not overly compressed when the case is closed.

Figure 3: Detailed view of the 4-layer foam protection.

4. Operating Instructions

4.1 Securing the Case

The case is equipped with four latches for secure closure. To close, align the lid with the base and press down firmly on each latch until it clicks into place. For added security, especially during travel, utilize the four integrated locking holes to attach padlocks (not included). This meets TSA requirements for firearm transport.

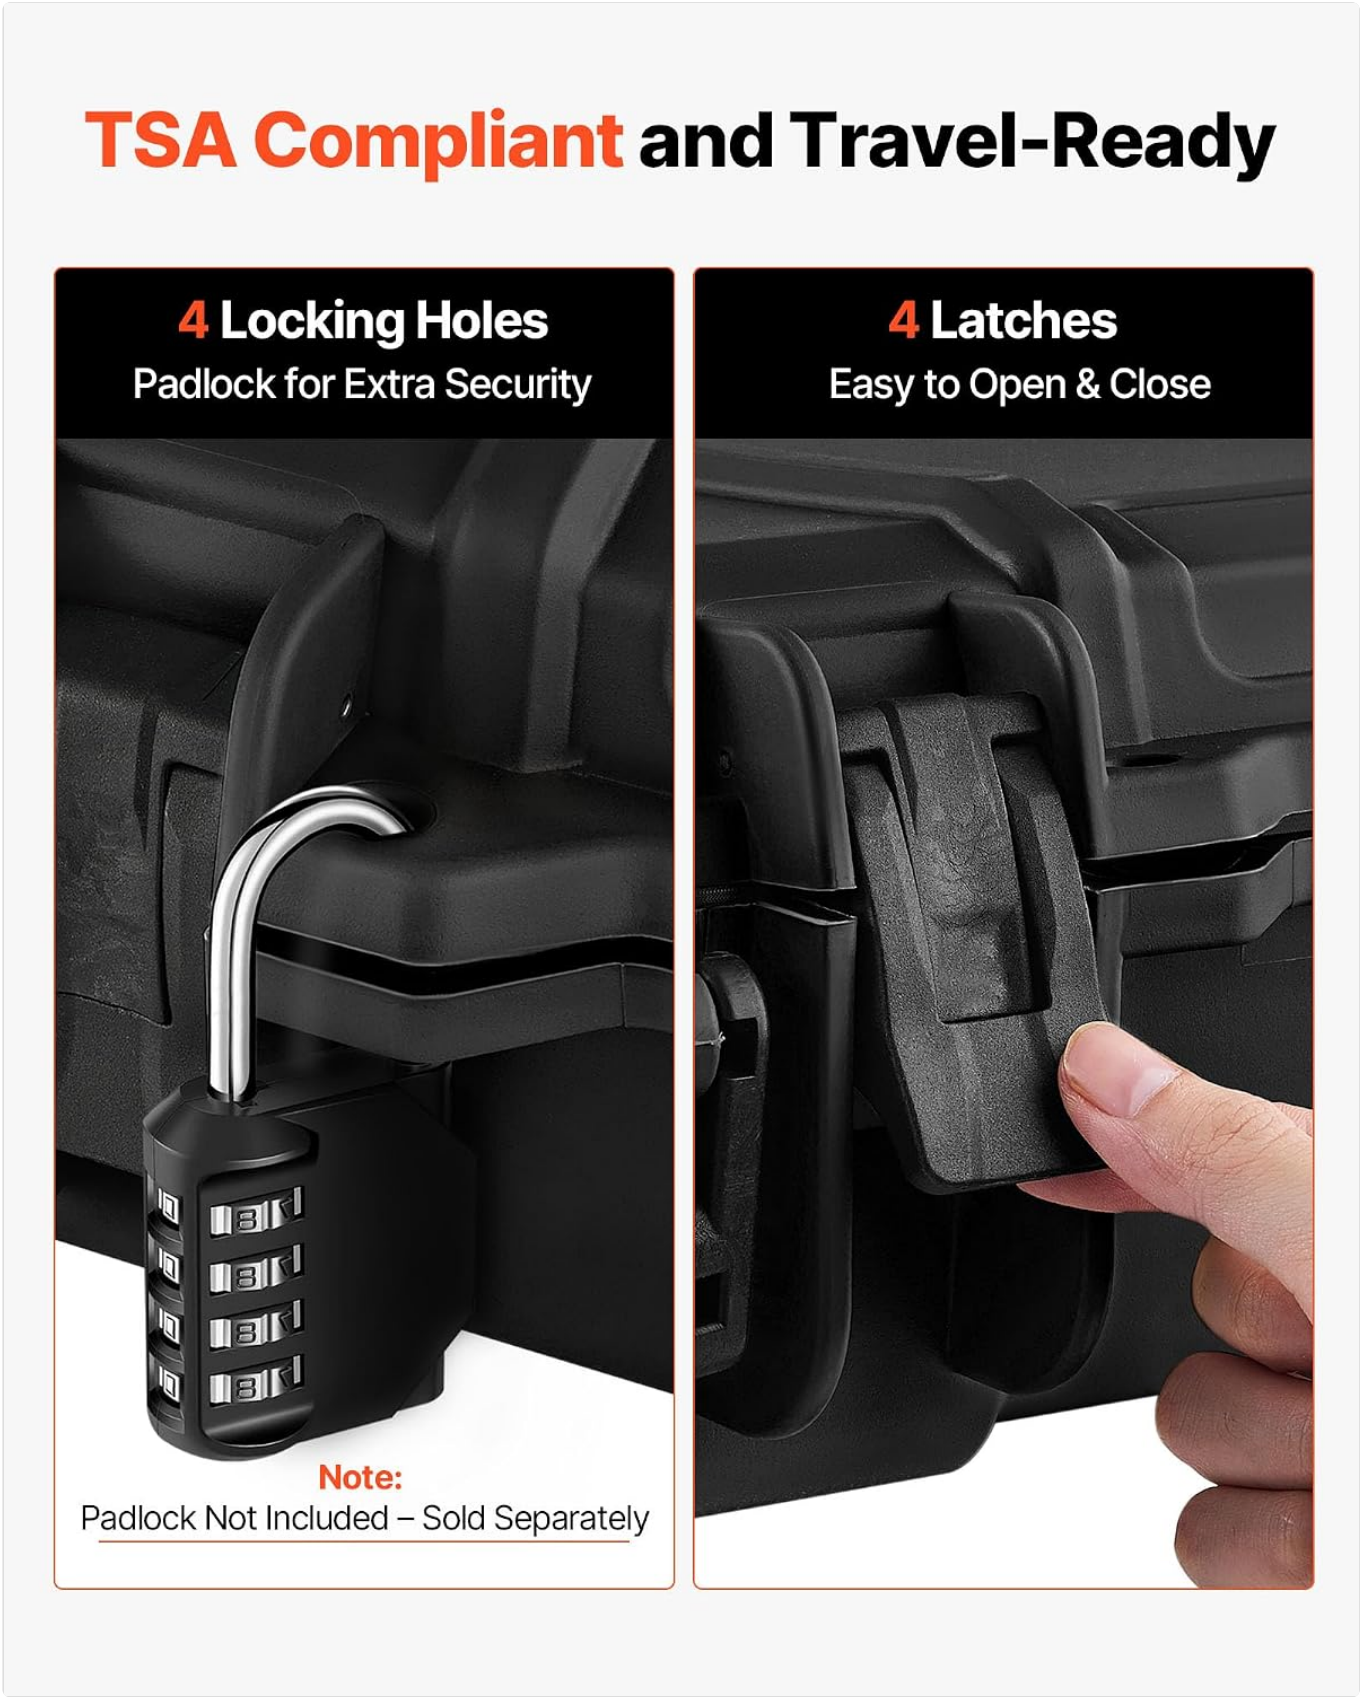

Figure 4: TSA compliant locking features.

4.2 Pressure Relief Valve

The case features a pressure relief valve to equalize internal and external air pressure, particularly useful when traveling through varying altitudes. To operate, simply unscrew the valve cap to release pressure, then screw it back on

to maintain the seal.

Figure 5: Metal hinges and pressure release valve.

4.3 Transport

For ease of transport, the case is equipped with two silent wheels and multiple ergonomic handles. Use the wheels to roll the case over smooth surfaces, or utilize the handles for lifting and carrying over uneven terrain.

Figure 6: Portable handle and low noise wheels for easy transport.

5. Maintenance

Regular maintenance will prolong the life and effectiveness of your VEVOR rifle case:

- **Cleaning:** Wipe the exterior with a damp cloth and mild soap. Avoid harsh chemicals that may damage the plastic.
- **Seals:** Periodically inspect the rubber O-ring seal around the lid for any signs of wear or damage. Ensure it is clean and free of debris to maintain its waterproof integrity.
- **Latches and Hinges:** Check latches and metal hinges for smooth operation. Lubricate with a silicone-based spray if necessary.
- **Foam:** The foam inserts can be cleaned by gently vacuuming or spot cleaning with a mild detergent and allowing them to air dry completely before reinserting.

6. Troubleshooting

- **Case is difficult to open/close:** Check for any obstructions around the seal or latches. Ensure the pressure relief valve has been opened to equalize pressure if applicable.
- **Water or dust ingress:** Inspect the O-ring seal for damage or debris. Ensure all latches are securely fastened and the pressure relief valve is properly closed.
- **Wheels not rolling smoothly:** Clean any debris from the wheel axles. Lubricate if necessary.

7. Specifications

Feature	Specification
Item Model Number	933615
Product Size (External)	38.5 x 16.5 x 6.8 inches (97.8 x 42 x 17.3 cm)
Internal Size (Lower)	36.6 x 14 x 4.3 inches (93 x 35.6 x 11 cm)
Capacity	Up to 2 rifles (For Rifles up to 36 inch)
Waterproof Rating	IP67
TSA Standard	YES
Main Material	Polypropylene (PP)
Interior Foam Material	Polyurethane (PU)
Latches	4 pcs
Pressure Relief Valve	YES
Casters	2 pcs
Casters Diameter	2.2 inches (55 mm)
Weight	13.67 lbs (6.1 kg)

8. Warranty and Support

For warranty information and customer support, please refer to the documentation included with your product or visit the official VEVOR website. Keep your purchase receipt for warranty claims.
