3. SETUP GUIDE

3.1. Charging the Smart Glasses

Before first use, fully charge your Fire-Lens Dune Smart Glasses. Use the provided charging cable.

- Connect the magnetic charging cable to the charging interface on the glasses.
- Connect the other end of the cable to a USB power source.
- A full charge provides up to 6 hours of playtime. A 15-minute charge can provide approximately 4 hours of use.

Charge. Go. Repeat.

*After 4-5 hours volume will reduce, recharge glasses to restore full volume.

3.2. Powering On and Bluetooth Pairing

Follow these steps to power on your smart glasses and connect them to your device:

1. **Power On:** Touch and hold **BOTH ARMS** of the glasses for 5 seconds.
2. **Enable Bluetooth:** On your smartphone or other device, enable Bluetooth.
3. **Connect:** Search for "Firelenses" in the list of available Bluetooth devices and select it to connect.
4. **Confirmation:** Upon successful pairing, you will hear a voice prompt: "Connection Succeeded". If the connection is lost, the voice prompt will be "Connection Disconnected".

How Fire-Lens Works?

Power On : Touch & hold **BOTH ARMS** for 5 seconds.

Bluetooth Connectivity :

Turn on glasses → Enable phone Bluetooth → Connect to “Firelenses”

On successful pairing: Voice Prompt:
“**Connection Succeeded**”

If the connection is lost: Voice Prompt:
“**Connection Disconnected**”

5. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your Fire-Lens Dune Smart Glasses, follow these care guidelines:

- **Cleaning:** Use a soft, clean cloth to wipe the lenses and frame. Avoid abrasive materials or harsh chemicals.
- **Water Resistance:** The glasses are IP64 rated, meaning they are resistant to dust and splashes of water. Do not submerge them in water or expose them to heavy rain.
- **Storage:** Store the glasses in their protective case when not in use to prevent scratches and damage.
- **Temperature:** Avoid exposing the glasses to extreme temperatures, both hot and cold, as this can affect battery life and electronic components.
- **Charging:** Always use the provided charging cable. Do not attempt to force the charging cable if it does not connect easily.

6. TROUBLESHOOTING

If you encounter issues with your Fire-Lens Dune Smart Glasses, refer to the following common solutions:

- **No Power:** Ensure the glasses are fully charged. Connect them to the charger and wait for a few minutes before attempting to power on again.
- **Cannot Pair Bluetooth:**
 - Make sure Bluetooth is enabled on your device.
 - Ensure the glasses are in pairing mode (power on, and if not connected, they should automatically enter pairing mode).
 - Move the glasses closer to your device.
 - Forget "Firelenses" from your device's Bluetooth settings and try pairing again.
 - Restart both the glasses and your device.
- **No Sound/Low Volume:**

- Check the volume level on both the glasses and your connected device.
- Ensure the glasses are properly connected via Bluetooth.
- Confirm that the audio is being routed to the smart glasses in your device's audio settings.

- **Touch Controls Unresponsive:**

- Ensure your fingers are clean and dry.
- Try restarting the glasses.

- **Voice Assistant Not Responding:**

- Ensure the glasses are connected to your smartphone.
- Verify that your smartphone's voice assistant is active and configured.
- Check for any app permissions required by the voice assistant on your phone.

If these steps do not resolve the issue, please contact Fire-Boltt customer support for further assistance.
