4. SETUP

4.1 Battery Installation and Charging

1. Ensure the main camera unit is securely attached to the battery stick.
2. Connect the provided USB Type-C cable to the camera's port and a power source.
3. The charging indicator light will illuminate. Charging is complete when the light turns off.

4.2 MicroSD Card Installation

1. Locate the microSD card slot on the side of the camera unit.
2. Insert the 64GB Extreme Pro microSDXC Memory Card with the gold contacts facing the back of the camera until it clicks into place.
3. To remove, gently push the card until it springs out.

4.3 Powering On/Off

- **Power On:** Press and hold the Power/Record button for a few seconds until the screen illuminates.
- **Power Off:** Press and hold the Power/Record button for a few seconds until the screen turns off.
