KAWADA Haikyu! Assortment 1 mininano Series Building Kit

KAWADA nanoblock Haikyu! Assortment 1 mininano Series Building Kit Instruction Manual

Introduction

Welcome to the world of nanoblock! This instruction manual provides essential information for assembling and caring for your KAWADA nanoblock Haikyu! Assortment 1 mininano Series Building Kit. This kit allows you to construct detailed miniature models of 6 characters from the Haikyu! series using nanoblocks, known for their small size and intricate detail. Each character stands approximately 1.10 inches tall on average, offering an engaging building experience for enthusiasts aged 12 and above.

Safety Information

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.
Due to the extremely small size of nanoblock pieces, please keep them out of reach of young children to prevent accidental ingestion. Adult supervision is recommended for younger builders (ages 12+).

What's in the Box

Your KAWADA nanoblock Haikyu! Assortment 1 mininano Series Building Kit includes:

- Haikyu! Assortment 1 from nanoblock's mininano Series (complete set of 6 characters)
- Detailed assembly instructions for each character

Please verify all components are present upon opening the package. The product box will feature a Bandai Namco warning label, confirming it is an officially licensed product.

Setup: Assembly Instructions

Assembling your nanoblock Haikyu! characters requires patience and attention to detail. Follow the included step-by-step instructions carefully for each character.

1. **Preparation:** Lay out all nanoblock pieces on a clean, flat surface. Organize pieces by color and shape if necessary to simplify the building process.

2. **Follow Instructions:** Refer to the specific instruction sheet provided for each character. Each step will illustrate which blocks to use and where to place them.
3. **Precision:** Due to the small size of nanoblocks, a pair of tweezers (not included) can be helpful for precise placement of smaller pieces.
4. **Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure.
5. **Review:** After completing each character, compare it to the image on the box or instructions to ensure all pieces are correctly placed.

Operating (Usage)

Once assembled, your nanoblock Haikyu! characters are ready for display and collection.

- **Display:** Place your finished models on a stable surface, shelf, or desk. Their compact size makes them ideal for various display locations.

- **Collection:** These models are part of the mininano Series and can be collected alongside other nanoblock sets.
- **Handling:** Handle models carefully to avoid accidental disassembly, especially with smaller, delicate parts.

Maintenance

To keep your nanoblock models in excellent condition:

- **Cleaning:** Use a soft, dry brush or a can of compressed air to gently remove dust from the models. Avoid using water or chemical cleaners, as these may damage the plastic.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss.

Troubleshooting

- **Missing Pieces:** If you believe a piece is missing, double-check the packaging and your work area. Due to the small size, pieces can be easily overlooked. Contact KAWADA customer support if a piece is genuinely missing from a new, unopened kit.
- **Difficulty Assembling:** Ensure you are following the instructions precisely. Sometimes, rotating a block or re-examining the previous steps can resolve assembly issues. Patience is key with nanoblocks.
- **Model Instability:** Ensure all blocks are fully pressed together. If a section feels loose, gently press down on the blocks to secure their connections.
