1. PRODUCT OVERVIEW

The Harmonix SonaVue Smart Glasses (Model B0FTRTNGCK) combine eyewear with integrated Bluetooth audio technology. These glasses feature open-ear speakers for audio playback and hands-free calls, allowing you to remain aware of your surroundings. Equipped with 1.0D progressive reader lenses, they provide enhanced clarity for close-up tasks while maintaining clear distance vision. The design prioritizes comfort for extended wear.

Open-Ear Environment

Figure 1.1: Harmonix SonaVue Smart Glasses in use. These glasses integrate audio functionality into a standard eyewear form factor.

Key Features:

- **Bluetooth Audio:** Discreet open-ear speakers for music, podcasts, and calls.
- **Open-Ear Sound:** Allows awareness of ambient sounds while listening to audio.
- **1.0D Progressive Reader Lenses:** Designed for clear vision across various distances, with magnification for reading and digital screens.
- **Lightweight Design:** Engineered for comfortable all-day wear.
- **Voice Assistant Support:** Compatible with voice assistant applications.

2. SETUP GUIDE

2.1 Package Contents

Before proceeding, ensure all items are present in the package:

- Harmonix SonaVue Smart Glasses
- Charging Cable
- Cleaning Cloth
- User Manual (this document)

2.2 Initial Charging

Before first use, fully charge your SonaVue Smart Glasses. Connect the charging cable to the charging port on the glasses and to a standard USB power adapter (not included). The charging indicator light will illuminate during charging and turn off when fully charged. A full charge typically takes approximately 2 hours.

2.3 Bluetooth Pairing

1. Ensure the glasses are charged and powered off.
2. Press and hold the power button on the glasses until the indicator light flashes blue and red, indicating pairing mode.
3. On your smartphone or Bluetooth-enabled device, navigate to the Bluetooth settings.
4. Select "Harmonix SonaVue" from the list of available devices.
5. Once connected, the indicator light on the glasses will turn solid blue.

The glasses will automatically attempt to reconnect to the last paired device when powered on.

2.4 Fitting the Glasses

For optimal audio and visual experience, ensure the glasses fit comfortably. The built-in speakers in the arms should sit comfortably above your ears. Refer to the sizing guide below to compare the frame size with your current eyewear for a good fit.

Figure 2.1: Sizing guide for Harmonix SonaVue Smart Glasses, showing dimensions for lens, frame, and temple length.

3. OPERATING INSTRUCTIONS

3.1 Power On/Off

- **To Power On:** Press and hold the power button for approximately 3 seconds until the indicator light flashes blue.
- **To Power Off:** Press and hold the power button for approximately 5 seconds until the indicator light flashes red and then turns off.

3.2 Audio Playback and Calls

Once paired with your device, audio from your device will play through the glasses' open-ear speakers. Use the touch controls on the arms for the following functions:

- **Play/Pause:** Single tap on either temple.
- **Next Track:** Double tap on the right temple.
- **Previous Track:** Double tap on the left temple.
- **Answer/End Call:** Single tap on either temple during an incoming call.
- **Reject Call:** Press and hold either temple for 2 seconds during an incoming call.
- **Activate Voice Assistant:** Triple tap on either temple.

3.3 Progressive Reader Lenses

The SonaVue Smart Glasses feature 1.0D progressive reader lenses. These lenses are designed to provide clear vision at multiple distances:

- The **upper portion** of the lens is for distance vision.
- The **middle portion** provides a gradual transition.
- The **lower portion** offers 1.0D magnification for reading and close-up tasks.

To utilize the reading magnification, simply look down through the lower part of the lenses. This design allows for continuous wear without needing to switch glasses for different visual tasks.

Figure 3.1: Illustration of the progressive lens design, showing distinct zones for distance, progressive transition, and reader magnification.

3.4 Photochromatic Lenses (If applicable)

Some SonaVue models may include photochromatic lenses that automatically adjust their tint based on UV light exposure. These lenses transition from clear indoors to tinted (like sunglasses) outdoors, providing UV protection.

Figure 3.2: Depiction of photochromatic lenses automatically adjusting their tint from clear to dark in response to UV light.

4. MAINTENANCE

4.1 Cleaning

- Use the provided cleaning cloth to gently wipe the lenses and frame.
- For stubborn smudges, use a lens cleaning spray specifically designed for eyewear. Avoid harsh chemicals or abrasive materials.
- Do not rinse the glasses under running water as they are not water resistant.

4.2 Charging Best Practices

- Charge the glasses using the original charging cable.
- Avoid overcharging by disconnecting the charger once the battery is full.
- Store the glasses in a cool, dry place when not in use.

4.3 Water Resistance

The Harmonix SonaVue Smart Glasses are **not water resistant**. Avoid exposure to water, rain, sweat, or high humidity to prevent damage to internal components.

5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Glasses do not power on.	Low battery.	Charge the glasses fully.

Problem	Possible Cause	Solution
Cannot pair with device.	Glasses not in pairing mode; Bluetooth off on device; device too far.	Ensure glasses are in pairing mode (flashing blue/red). Turn on Bluetooth on your device. Move device closer to glasses.
No sound from speakers.	Volume too low; not connected; audio source issue.	Increase volume on glasses and device. Verify Bluetooth connection. Check audio playback on your device.
Charging not working.	Faulty cable or adapter; dirty charging port.	Try a different charging cable and USB adapter. Clean the charging port gently.
Voice assistant not responding.	Not activated correctly; device settings.	Ensure triple tap is performed correctly. Check voice assistant settings on your connected device.

5.1 Factory Reset

If issues persist, a factory reset may resolve them. To perform a factory reset, consult the official Harmonix support website or contact customer service for specific instructions, as the procedure may vary.

6. PRODUCT SPECIFICATIONS

Feature	Detail
Model Number	B0FTRTNGCK
Brand	Harmonix
Connectivity Technology	Bluetooth
Wireless Communication Standard	Bluetooth
Battery Capacity	220 Milliamp Hours
Battery Cell Composition	Lithium

UPC	850074250111

7. WARRANTY & SUPPORT

7.1 Warranty Information

The Harmonix SonaVue Smart Glasses (Model B0FTRTNGCK) come with a **1-Year Limited Warranty** from the date of purchase. This warranty covers manufacturing defects and workmanship under normal use. It does not cover damage caused by misuse, accidents, unauthorized modifications, or exposure to water.

For detailed warranty terms and conditions, please refer to the official Harmonix website or contact customer support.

7.2 Customer Support

If you encounter any issues not covered in this manual or require further assistance, please contact Harmonix customer support:

- **Online Support:** Visit the official Harmonix website for FAQs, troubleshooting guides, and contact forms.
- **Email Support:** Refer to your product packaging or the Harmonix website for the customer support email address.
- **Phone Support:** Check the Harmonix website for available phone support numbers and operating hours.

Please have your product model number (B0FTRTNGCK) and proof of purchase ready when contacting support.
