

## INTERGREAT 4-Drawer Lateral File Cabinet

# INTERGREAT 4-Drawer Lateral File Cabinet User Manual

Model: 4-Drawer Lateral File Cabinet (White)

## INTRODUCTION

---

Thank you for choosing the INTERGREAT 4-Drawer Lateral File Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new filing cabinet. Please read these instructions thoroughly before beginning assembly or use, and retain this manual for future reference.

## SAFETY INFORMATION

---

To ensure safe use of your filing cabinet, please observe the following precautions:

- **Assembly:** Always assemble the cabinet on a soft, clean surface to prevent scratches. It is recommended that two adults assemble this product. Ensure all screws and fasteners are securely tightened, but do not overtighten to avoid stripping.
- **Stability:** This cabinet is equipped with an anti-tip interlock system. Only one drawer can be extended at a time to prevent the cabinet from tipping over. Do not attempt to open multiple drawers simultaneously.
- **Weight Distribution:** Distribute contents evenly across drawers. Avoid placing excessively heavy items in a single drawer or on top of the cabinet.
- **Locking Mechanism:** Use the locking mechanism to secure sensitive documents. Ensure drawers are fully closed before locking.
- **Children and Pets:** Keep children and pets away from the cabinet during assembly and ensure drawers are closed and locked when not in use to prevent accidents.

# ANTI-TIP INTERLOCK SYSTEM

only 1 drawer can be extended at a time

Image: A visual representation of the anti-tip interlock system, demonstrating how only one drawer can be safely extended at a time to maintain cabinet stability.

## PACKAGE CONTENTS

Before assembly, please verify that all components are present and undamaged. Refer to the included parts list in your packaging. If any parts are missing or damaged, please contact customer support.

## ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Follow the step-by-step instructions provided in the separate assembly guide included in your package. The general steps involve:

1. **Preparation:** Clear a spacious area and lay out all components on a protective surface.
2. **Frame Assembly:** Connect the side panels, top, and bottom panels using the provided hardware.
3. **Drawer Slide Installation:** Attach the drawer slides to the cabinet frame and to the drawer components. Ensure they are aligned correctly for smooth operation.
4. **Drawer Construction:** Assemble each drawer, ensuring the bottom panel is securely seated.
5. **Drawer Insertion:** Carefully insert the assembled drawers into the cabinet, aligning them with the slides.

6. **Locking Mechanism Installation:** Install the central locking mechanism and ensure it operates correctly with all drawers.
7. **Anti-Tip System Check:** Verify that the anti-tip interlock system functions as intended, allowing only one drawer to open at a time.

**Tip:** It is highly recommended to have two people for assembly to manage larger components and ensure proper alignment. Exercise caution when tightening screws to prevent damage to the metal components.

## OPERATING INSTRUCTIONS

---

### Drawer Operation

The drawers are designed for smooth operation with ball-bearing slides. To open a drawer, gently pull the handle. To close, push the drawer firmly until it is fully seated. Remember the anti-tip interlock system allows only one drawer to be open at a time.

Image: Detailed view of the drawer's ball-bearing slide for smooth movement and the precision lock mechanism.

### Locking Mechanism

Your cabinet features a central locking mechanism to secure all drawers simultaneously. Insert the key into the lock located on the top drawer. Turn the key clockwise to lock and counter-clockwise to unlock. Ensure all drawers are fully closed before attempting to lock the cabinet.

## Smooth Metal Glide

Experience effortless sliding with smooth metal tracks

## Safe Storage

Can store important items and documents without worrying about leakage

Image: A close-up of the cabinet's locking mechanism, demonstrating how to use the key to secure the drawers.

## File Organization

The spacious drawers are designed to accommodate various file formats, including Letter, Legal, F4, and A4 size hanging folders. Adjustable hanging rods allow for customizable file arrangement.

Image: A graphic demonstrating the versatility of the drawers, capable of storing various document sizes like Legal, A4, and Letter, along with file boxes.

## MAINTENANCE

To maintain the appearance and functionality of your filing cabinet:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Drawer Slides:** Periodically check drawer slides for smooth operation. If needed, a small amount of silicone lubricant can be applied to the tracks.
- **Hardware:** Occasionally check all screws and fasteners to ensure they remain tight. Retighten if necessary.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Drawers do not open/close smoothly.	Misaligned drawer slides, debris in tracks, overtightened screws during assembly.	Check alignment of slides. Clean tracks of any debris. Loosen and re-tighten assembly screws carefully. Apply silicone lubricant to slides.
Cabinet feels unstable or tips easily.	Multiple drawers open, uneven load, anti-tip system not functioning.	Ensure only one drawer is open at a time. Redistribute contents evenly. Verify anti-tip interlock system is correctly installed and functioning.
Locking mechanism not working.	Drawers not fully closed, mechanism misalignment.	Ensure all drawers are completely closed before attempting to lock. Check for any obstructions preventing full closure.
Missing or damaged parts during assembly.	Packaging error or transit damage.	Do not proceed with assembly. Contact INTERGREAT customer support immediately for replacement parts.

## SPECIFICATIONS

**Brand:** INTERGREAT

**Model:** 4-Drawer Lateral File Cabinet

**Color:** White

**Material:** Metal (SPCC cold rolled steel with anti-embroidery coating)
