Garvee 6.5 Ft Prelit Artificial Black Christmas Tree Instruction Manual

Model: 2Znh0DX_U2IemKZkjTXuLAR3r | Brand: Garvee

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Retain this manual for future reference.

- This product is intended for indoor use only.
- Keep away from open flames, heat sources, and direct sunlight.
- Do not overload branches with heavy ornaments.
- Ensure all electrical connections are secure and follow local electrical codes.
- Unplug the tree when not in use or before performing any maintenance.
- Keep small children and pets away from the tree during assembly and decoration.
- Handle tree sections gently to avoid damaging branches or lights.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 1x Garvee 6.5 Ft Artificial Black Christmas Tree (multiple sections)
- 1x Sturdy Metal Stand
- 3x Eyebolts for stand assembly
- 1x Assembly Instruction Manual

Note: Decorations, ornaments, and additional accessories are not included.

SETUP

1. Assemble the Tree Stand

1. Unfold the metal tree stand into an 'X' shape.
2. Insert the three eyebolts into the holes on the stand and tighten them to secure the stand.

2. Assemble the Tree Sections

The tree comes in multiple sections (typically labeled A, B, C from bottom to top). Ensure you assemble them in the

correct order.

1. Carefully insert the bottom section (A) of the tree into the assembled metal stand. Tighten the eyebolts on the stand to firmly secure the tree section.
2. Insert the middle section (B) into the top of section A. Align the circular holes and connect the sections together.
3. Insert the top section (C) into the top of section B.

3. Fluff the Branches

This tree features hinged branches for easy setup. Once assembled, the branches will fall into place. Gently spread out each individual branch tip to achieve a full and natural appearance. This process may take some time but is crucial for the tree's aesthetic.

Video: A demonstration of assembling the black Christmas tree, including setting up the base, connecting sections, and fluffing the branches to achieve a full look. The video also shows the pre-lit lights in action.

4. Connect the Lights

The tree is pre-lit with 250 warm white LED lights. Locate the light connectors between each tree section and securely connect them. Ensure all connections are tight to prevent flickering or non-functional lights.

OPERATING INSTRUCTIONS

LED Light Functions

The pre-installed warm white LED lights offer eight dynamic lighting options. Locate the control button on the light string or power adapter to cycle through the different modes. Refer to the specific light controller for detailed instructions on changing modes.

Maintenance

Cleaning

To clean the tree, gently wipe the branches with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners, as these may damage the PVC material or the lights.

Storage

When storing the tree, ensure it is completely dry. Disassemble the tree sections in reverse order of assembly. Gently compress the branches of each section. Store the tree in its original box or a dedicated tree storage bag in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

• Lights Not Working:

Check all light string connections to ensure they are securely plugged in. Inspect for any loose or broken bulbs. Replace any faulty bulbs if necessary (check manufacturer's instructions for bulb replacement). Ensure the power adapter is correctly plugged into a working outlet.

• Branches Not Full:

The tree branches are compressed for packaging. Spend adequate time fluffing each individual branch tip, bending them outwards and upwards to fill any gaps and achieve the desired fullness.

- **Tree is Unstable:**

Ensure the metal stand is fully unfolded and the eyebolts are tightened securely. Verify that the bottom tree section is properly seated in the stand. Place the tree on a flat, level surface.

SPECIFICATIONS

Product Name	6.5 Ft Artificial Black Christmas Tree
Brand	Garvee
Model Number	2Znh0DX_U2IemKZkjTXuLAR3r
Height	6.5 feet (70 inches)
Product Dimensions	43"D x 43"W x 70"H
Color	Black
Material	Polyvinyl Chloride (PVC) and Metal
Item Weight	16 Pounds
Number of Branch Tips	818
Lights Included	Yes, Pre-lit with 250 Warm White LED Lights
Light Functions	8 dynamic lighting options
Base Type	Stand
Recommended Use	Indoor
UPC	199809026332
