

HIRREO TX12

HIRREO TX12 Smart Watch User Manual

Model: TX12

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your HIRREO TX12 Smart Watch. Please read this manual thoroughly before using the device to ensure proper function and to maximize your user experience.

SETUP GUIDE

1. Initial Charging

Before first use, fully charge your TX12 Smart Watch. Connect the provided USB charger to the watch's charging port and a power source. A full charge typically takes approximately 3 hours. The watch features a 900 mAh battery, offering an average life of 7 days with typical use.

2. App Download and Pairing

To unlock the full functionality of your TX12 Smart Watch, download the "FitCloudPro" app on your smartphone.

1. **Download App:** Search for "FitCloudPro" in the App Store (iOS) or Google Play (Android) and install it.
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Find Device:** Open the FitCloudPro app and navigate to the device pairing section. The app will search for available devices. Select "TX12" from the list.
4. **Pairing Confirmation:** Follow the on-screen instructions in the app to complete the pairing process. Confirm any pairing requests on both your phone and the watch.
5. **Allow Notifications:** Grant necessary permissions for the smartwatch to display notifications from your phone.
6. **Enable Bluetooth Call:** Within the app settings, enable the Bluetooth call function to make and receive calls directly from your watch.

OPERATING INSTRUCTIONS

Display and Navigation

The TX12 Smart Watch features a 2.01-inch HD square touchscreen display (466 x 512 resolution). Navigate through menus and functions by swiping left, right, up, or down, and tapping to select.

Key Features

- **Bluetooth Calling & Notifications:** Once paired, you can answer/dial calls directly from your wrist and receive message notifications from various apps.
- **Voice Assistant:** Utilize the built-in voice assistant for quick commands like checking weather, playing music, or setting alarms.
- **LED Flashlight:** Activate the integrated LED flashlight for illumination in low-light conditions. This feature is useful for outdoor activities or emergencies.
- **Sports Modes:** The watch supports over 100 sports modes, including running, cycling, hiking, and more. Track your activity data, including steps, calories, and distance.
- **Health Monitoring:** Monitor your heart rate, blood oxygen (SpO2), blood pressure, sleep patterns (light, deep, REM), and stress levels. *Note: Data is for reference only and not for medical diagnosis.*
- **Additional Functions:** Control music playback, remotely control your phone's camera, view weather forecasts, set alarms, use a stopwatch, timer, calculator, and receive reminders for drinking water and sedentary periods.

MAINTENANCE

Water Resistance

The TX12 Smart Watch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 30 meters. It is suitable for daily use, showering, and swimming in shallow water. However, it is not recommended for diving or high-pressure water activities. Avoid exposure to hot water or steam, as this may compromise the waterproof seals.

Cleaning and Care

- Regularly clean the watch and strap with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the watch's finish and seals.
- Ensure the charging contacts are clean and dry before charging to prevent corrosion.

Battery Care

- To prolong battery life, avoid fully discharging the watch frequently.
- Store the watch in a cool, dry place when not in use for extended periods.
- Use only the provided charging cable.

TROUBLESHOOTING

Problem	Possible Solution
Watch does not turn on or respond.	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes. If unresponsive, try a soft reset by pressing and holding the power button for 10-15 seconds.
Cannot pair with smartphone.	• Ensure Bluetooth is enabled on your phone and the watch is within range. • Restart both your phone and the watch. • Forget the device in your phone's Bluetooth settings and try pairing again through the FitCloudPro app. • Ensure the FitCloudPro app has necessary permissions.
Notifications are not received.	• Check app permissions on your phone to ensure FitCloudPro can access notifications. • Verify that notification settings are enabled within the FitCloudPro app for specific applications. • Ensure the watch is connected via Bluetooth.

Problem	Possible Solution
Inaccurate health data (e.g., heart rate, steps).	• Ensure the watch is worn snugly on your wrist, not too tight or too loose. • Clean the sensor on the back of the watch. • Movement during measurement can affect accuracy. Remain still for accurate readings.
Short battery life.	• Reduce screen brightness. • Disable continuous heart rate monitoring or other intensive features if not needed. • Limit the number of apps sending notifications to the watch. • Ensure the watch is fully charged each time.

SPECIFICATIONS

Feature	Detail
Model Number	TX12
Display	2.01 inches HD Square Screen, LCD, 466 x 512 Resolution
Battery Capacity	900 mAh Lithium Polymer
