

GenXenon K08

GenXenon K08 Sports Smart Glasses User Manual

Model: K08

1. PRODUCT OVERVIEW

The GenXenon K08 Sports Smart Glasses combine UV400 polarized sunglasses with an open-ear Bluetooth audio system. Designed for outdoor activities, they offer hands-free communication, music playback, and voice assistant integration while maintaining awareness of your surroundings.

- **Exceptional Optics:** Features UV400 polarized lenses for full protection against harmful UV rays, enhancing color, clarity, and contrast.
- **Open-Ear Bluetooth Audio:** Integrated speakers deliver sound directly to your ears without blocking ambient noise, promoting safety during activities. Includes an HD microphone for clear calls.
- **Voice Control & Volume:** Supports voice assistants like Siri and Cortana for hands-free operation. Volume can be adjusted using dedicated buttons.
- **Long Battery Life:** Equipped with two 145mAh batteries, providing up to 8 hours of talk or music time and 200 hours of standby time on a single charge.
- **Comfortable Design:** Ultra-slim and lightweight frame designed for all-day comfort during sports or casual wear.

2. SETUP GUIDE

2.1 Charging the Glasses

Before first use, fully charge your smart glasses. The device uses a magnetic charging port for convenience.

1. Connect the provided charging cable to a USB power source.
2. Attach the magnetic end of the cable to the charging port located on the temple of the glasses.
3. A full charge takes approximately 1.5 hours. The indicator light will change to confirm charging status (refer to LED indicator section in the full manual for details).

Image: The smart glasses offer 8 hours of continuous call/music time and 200 hours of standby time from two 145mAh batteries.

2.2 Bluetooth Pairing

The GenXenon K08 Smart Glasses utilize Bluetooth 5.3 for stable connectivity with your smartphone or other Bluetooth-enabled devices.

1. Ensure the glasses are charged and powered on.
2. Activate Bluetooth on your smartphone or device.
3. Search for available Bluetooth devices. The glasses will appear as "GenXenon K08" or similar.
4. Select the device name to pair. A confirmation tone will indicate successful pairing.

3. OPERATING INSTRUCTIONS

3.1 Power On/Off

- **Power On:** Press and hold the Multi-Function Button (MFB) for approximately 3 seconds until you hear a power-on prompt.

- **Power Off:** Press and hold the MFB for approximately 5 seconds until you hear a power-off prompt.

3.2 Music Playback

- **Play/Pause:** Single click the MFB.
- **Next Track:** Double click the MFB.
- **Previous Track:** Triple click the MFB.

3.3 Call Management

- **Answer/End Call:** Single click the MFB during an incoming call or active call.
- **Reject Call:** Press and hold the MFB for 2 seconds during an incoming call.

Image: Hands-free interaction with voice assistant for information retrieval while cycling.

3.4 Voice Assistant Activation

To activate your smartphone's voice assistant (e.g., Siri, Cortana), press and hold the MFB for 2 seconds when no call is active.

3.5 Volume Control

- **Increase Volume:** Single click the 'V+' button.
- **Decrease Volume:** Press and hold the 'V-' button.

4. MAINTENANCE

Proper care ensures the longevity and optimal performance of your GenXenon K08 Smart Glasses.

- **Cleaning Lenses:** Use the provided cleaning cloth or a soft, lint-free cloth to gently wipe the lenses. Avoid abrasive materials or harsh chemicals that can damage the polarized coating.
- **Cleaning Frame:** Wipe the frame with a soft, damp cloth. Do not submerge the glasses in water.
- **Water Resistance:** The glasses are IPX5 waterproof, meaning they are resistant to splashes and light rain. Avoid direct exposure to strong jets of water or submersion.
- **Storage:** Store the glasses in the provided glasses box when not in use to protect them from scratches and impacts.
- **Avoid Excessive Force:** Handle the glasses with care, especially the frame and hinges, to prevent structural damage.

IPX5 Waterproof

Image: The IPX5 waterproof rating ensures protection against sweat and light rain.

5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cannot power on	Low battery	Charge the glasses fully (approx. 1.5 hours).
Cannot pair via Bluetooth	Bluetooth not enabled on device; glasses not in pairing mode; too far from device	Ensure Bluetooth is on, glasses are charged, and within 10 meters of the device. Restart both devices if necessary.
No sound or poor audio quality	Volume too low; glasses not connected; interference	Increase volume on glasses and connected device. Repair the glasses. Move away from sources of interference.

Problem	Possible Cause	Solution
Battery drains quickly	High volume usage; frequent calls; aging battery	Reduce volume. Limit continuous usage. If issues persist, contact customer support.
