TAGRY X88

TAGRY X88 Hybrid Active Noise Cancelling Wireless Earbuds User Manual

Model: X88 | Brand: TAGRY

INTRODUCTION

Thank you for choosing the TAGRY X88 Hybrid Active Noise Cancelling Wireless Earbuds. These earbuds are designed to provide a superior audio experience with advanced noise cancellation, comfortable fit, and extended battery life, suitable for various activities including workouts, travel, and daily use. This manual provides essential information for setting up, operating, and maintaining your earbuds.

WHAT'S IN THE BOX

- X88 Active Noise Cancelling Earbuds (1 pair)
- X88 Earbuds Charging Case (1 unit)
- Eartips (S/M/L sizes)
- TAGRY Charging Cable (1 unit)
- User Manual (1 unit)

PRODUCT OVERVIEW

Active Noise Cancelling Mode

Reduce Noise by Over 90%

The TAGRY X88 earbuds are shown within their charging case, featuring an LED display that indicates the battery level of the case and the charging status of each earbud.

Premium Hi-Res Audio

A detailed view of a single TAGRY X88 earbud, highlighting its ergonomic earhook design for a secure and comfortable fit during active use.

Exceptional Call Clarity

The TAGRY X88 earbuds are depicted with water droplets, illustrating their IPX7 waterproof rating, making them suitable for use during workouts or in rainy conditions.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case. Connect the provided Type-C charging cable to the charging port on the case and a compatible USB power source. The LED display on the charging case will show the real-time battery level of the case and the charging status of the individual earbuds. A full charge for the case can take as little as one hour. The earbuds offer up to 10 hours of playtime on a single charge, with the charging case providing an impressive 80 hours of total playtime.

2. Pairing with Your Device

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop, etc.), enable Bluetooth.
3. Search for available Bluetooth devices and select "X88" from the list.
4. Once connected, the earbuds are ready for use. The Bluetooth 5.4 technology ensures a stable connection up to 33 feet (10 meters).

OPERATING INSTRUCTIONS

1. Wearing the Earbuds

The TAGRY X88 earbuds feature an earhook design for a secure and comfortable fit. Gently place the earbud into your ear canal and adjust the earhook over your ear until it feels snug and stable. Experiment with the included S/M/L eartips to find the best fit for enhanced sound quality and noise isolation.

2. Button Controls

Each earbud is equipped with a multi-function button for easy control:

- **Single Press:** Play/Pause music, Answer/End calls.
- **Double Press (Left/Right):** Previous/Next track.
- **Long Press (Left/Right):** Decrease/Increase volume.
- **Triple Press (Left):** Cycle through Active Noise Cancelling, Transparency Mode, and Normal Mode.
- **Triple Press (Right):** Activate voice assistant.

3. Active Noise Cancelling (ANC) and Transparency Modes

The TAGRY X88 earbuds offer two distinct listening modes:

- **Hybrid Active Noise Cancelling:** This mode effectively blocks out external noise, reducing it by over 90%. It's ideal for focusing on your audio in noisy environments like commutes or busy offices.
- **Transparency Mode:** This mode amplifies ambient sounds and voices, allowing you to stay aware of your surroundings without removing the earbuds. It's useful for conversations or when you need to hear announcements.

To switch between these modes, triple press the multi-function button on the left earbud.

MAINTENANCE

1. Cleaning

Regularly clean your earbuds and charging case to ensure optimal performance and hygiene. Use a soft, dry, lint-free cloth to wipe the surfaces. For the eartips, remove them from the earbuds and clean with a mild soap solution, then rinse and dry thoroughly before reattaching. Avoid using harsh chemicals or abrasive materials.

2. Water Resistance

The TAGRY X88 earbuds are IPX7 waterproof, meaning they can withstand submersion in up to 1 meter of water for 30 minutes. This makes them resistant to sweat, rain, and splashes. However, the charging case is not waterproof. Ensure the earbuds are completely dry before placing them back into the charging case to prevent damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Earbuds not pairing	Bluetooth off, earbuds not in pairing mode, out of range.	Ensure Bluetooth is on, open case to enter pairing mode, keep devices within 10m.
No sound	Volume too low, not connected, media paused.	Increase volume on device/earbuds, check Bluetooth connection, unpause media.
One earbud not working	Low battery, connection issue.	Place both earbuds in case to charge, then re-pair.
Charging issue	Cable/adaptor fault, dirty contacts.	Try a different cable/adaptor, clean charging contacts on earbuds and case.
