3. SETUP

3.1. Charging the Smart Watch

Before initial use, fully charge your SOUYIE SW-7 Smart Watch. Connect the provided USB magnetic charging cable to a power source and attach the magnetic end to the charging points on the back of the watch. The watch will display a charging indicator. A full charge typically takes approximately 2 hours.

Unleash Possibilities

Your Ultimate Smartwatch Hub!

Bluetooth call, health monitor, music controller, camera control, activity tracking, message reminders, alarm clock alerts, and more. Elevate your experience with this all-in-one smartwatch!

3.2. App Installation and Pairing

To unlock the full functionality of your SOUYIE SW-7 Smart Watch, download and install the "Dafit" app on your smartphone (compatible with iOS 9.0+ and Android 4.4+).

1. Scan the QR code provided in the user manual or search for "Dafit" in your phone's app store.
2. Install the "Dafit" app.
3. Open the app and follow the on-screen instructions to create an account or log in.
4. Navigate to the "Add Device" section within the app.
5. Select "SW-7" from the list of available devices.
6. Confirm the pairing request on both your phone and the smartwatch.

7. Allow necessary permissions for notifications and health data synchronization.

Your browser does not support the video tag.

Video 1: This video demonstrates the step-by-step process of connecting the SOUYIE SW-7 Smart Watch to a smartphone using the Dafit app, including opening the app, adding the device, and confirming the Bluetooth pairing request.

3.3. Adjusting the Metal Strap

The SOUYIE SW-7 comes with a metal strap that can be adjusted to fit your wrist. Use the included metal watch adjustment tool to remove or add links as needed.

1. Identify the arrows on the inside of the strap links, indicating the direction to push the pins.
2. Place the strap in the adjustment tool, aligning the pin with the tool's pusher.
3. Turn the tool's screw to gently push the pin out.
4. Remove the desired number of links.
5. Reassemble the strap by inserting the pins from the opposite direction of the arrows.

5. MAINTENANCE

5.1. Water Resistance

The SOUYIE SW-7 Smart Watch is waterproof and suitable for activities like handwashing and jogging in the rain. **It is not recommended for swimming, diving, showering, or sauna use.**

5.2. Cleaning and Care

- Wipe the watch and straps regularly with a soft, dry cloth to remove dirt and sweat.

- Avoid using harsh chemicals or abrasive materials, as these can damage the finish.
- Ensure the charging contacts are clean and dry before charging.

6. TROUBLESHOOTING

6.1. Connectivity Issues

- Ensure Bluetooth is enabled on your smartphone and the watch is within range.
- Restart both your smartphone and the smartwatch.
- If issues persist, try unpairing and re-pairing the device through the Dafit app.

6.2. Battery Life Concerns

- Ensure the watch is fully charged (approx. 2 hours).
- Reduce screen brightness or enable power-saving mode to extend battery life.
- Frequent use of features like Bluetooth calling or continuous health monitoring can consume more power.

6.3. Inaccurate Health Readings

- Ensure the watch is worn snugly on your wrist, but not too tight.
- Clean the sensors on the back of the watch regularly.
- Avoid sudden movements during measurements.
