## EchoByte IDW26

# EchoByte Smart Watch IDW26 Instruction Manual

Brand: EchoByte | Model: IDW26

## INTRODUCTION

---

Welcome to your new EchoByte Smart Watch IDW26. This manual provides essential information for setting up, operating, and maintaining your device. Designed for an active lifestyle, the IDW26 combines advanced health tracking with smart communication features, all accessible from your wrist.

## WHAT'S IN THE BOX

---

- EchoByte Smart Watch IDW26
- Charging Cable
- User Manual

## SETUP

---

### 1. Charging the Device

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch. Plug the USB end into a compatible power adapter (not included). A full charge typically takes approximately 2.5 hours.

## 2. Downloading and Pairing with the VeryFit App

1. Scan the QR code provided in the manual or on the watch screen (if available) to download the **VeryFit** app from your smartphone's app store (Android/iOS).
2. Open the **VeryFit** app and create an account or log in.
3. Navigate to the 'Device' section in the app and select 'Add Device'. The app will search for nearby devices.
4. Select 'IDW26' from the list of found devices to initiate pairing. Follow the on-screen prompts to confirm the connection on both your phone and smartwatch.
5. Once paired, the app will guide you through entering personal data such as height, weight, and age for accurate health tracking.

## OPERATING THE SMART WATCH

## Basic Navigation

- **Swipe Up/Down:** Scroll through notifications, quick settings, or menu options.
- **Swipe Left/Right:** Access different widgets like activity data, heart rate, weather, or music control.
- **Press Side Button:** Wake up the screen, return to the home screen, or access the main menu.

## Customizing Watch Faces

Personalize your smartwatch with over 100 watch faces available through the VeryFit app. You can also upload your own photos to create unique watch faces that match your style or mood.

## Bluetooth Calling & Smart Notifications

With Bluetooth 5.3 connectivity, you can answer or make calls directly from your wrist. The built-in microphone and speaker ensure clear, hands-free communication. Receive instant notifications from popular apps like WhatsApp, X (Twitter), Facebook, and Instagram, ensuring you never miss important messages.

# Answer, Make Calls & Receive Messages

Connect your smartwatch to your phone via Bluetooth to make and receive calls effortlessly. Get real-time notifications from your social media apps and stay in the loop.

## Female Cycle Tracking

The smartwatch includes a dedicated feature for scientific cycle monitoring, designed to care for women at every stage of their lives.

## MAINTENANCE

### Waterproof Rating

The EchoByte Smart Watch has an IP68 waterproof rating, meaning it can withstand sweat, rain, and splashes. It is suitable for swimming and other water-based activities, but avoid hot water or prolonged submersion.

### Battery Life

Enjoy extended usage with 5-7 days of average battery life and up to 30 days on standby. Regular charging is recommended to maintain optimal performance.

## Cleaning

To keep your smartwatch clean and functioning properly, wipe it regularly with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.

## TROUBLESHOOTING

- **Pairing Issues:** Ensure Bluetooth is enabled on your phone and the watch is within range. Restart both devices and try pairing again.
- **Notifications Not Appearing:** Check app permissions in your phone settings to ensure the VeryFit app has access to notifications. Also, verify notification settings within the VeryFit app.
- **Inaccurate Readings:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Keep the sensors clean. Update your personal data in the VeryFit app for better accuracy.
- **Battery Draining Quickly:** Reduce screen brightness, disable unnecessary notifications, and limit continuous heart rate monitoring to extend battery life.
