## Gitelsnour GCT013G

# Gitelsnour 55.1 inch Multi-level Cat Tree

Model: GCT013G | Brand: Gitelsnour

## 1. INTRODUCTION AND OVERVIEW

Thank you for choosing the Gitelsnour 55.1 inch Multi-level Cat Tree. This product is designed to provide a stimulating and comfortable environment for your indoor cats, offering various levels for climbing, resting, and scratching. Constructed with quality materials, this cat tree ensures a healthy and safe living space for your feline companions.

## 2. SAFETY INSTRUCTIONS

- **Anti-Tipping Device:** Always install the included anti-tipping device by securing it to a wall. This greatly enhances stability and prevents accidental tipping, especially with active or multiple cats.
- **Placement:** Place the cat tree on a flat, stable surface. Avoid placing it near windows without proper securing, or in high-traffic areas where it could be bumped.
- **Material Safety:** All materials used in this cat tree have passed inspections and certifications to meet international standards, ensuring a safe environment for your pets.
- **Regular Inspection:** Periodically check all screws and connections to ensure they are tight. Inspect for any loose or damaged parts and replace them if necessary to maintain structural integrity.

- **Children and Pets:** Supervise children and pets during initial use to ensure safe interaction with the cat tree.

### 3. PACKAGE CONTENTS

---

Before assembly, ensure all components are present. The package includes:

- Baseboard and various platforms
- Sisal scratching posts
- Cat cave/condo unit
- Hanging cat basket
- Padded perches with removable covers
- Spring-attached pom-pom toys
- Assembly hardware (screws, bolts, Allen wrench)
- Anti-tipping device
- Instruction manual

### 4. ASSEMBLY INSTRUCTIONS

---

This cat tree comes with a complete set of installation tools and a clear instruction manual to facilitate quick assembly. Follow these general steps:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Refer to the parts list in the included manual to identify each piece.
2. **Assemble the Base:** Attach the lowest scratching posts and platforms to the main baseboard. Ensure all connections are secure.
3. **Build Upwards:** Continue assembling the structure layer by layer, attaching posts, platforms, the cat cave, and the hanging basket as indicated in the diagram. Make sure to tighten all screws firmly.
4. **Install Top Perches:** Secure the padded top perches to the upper posts.
5. **Attach Toys:** Connect the spring-attached pom-pom toys to their designated spots.
6. **Install Anti-Tipping Device:** Mount the anti-tipping device on the back of the cat tree and secure it to a sturdy wall using appropriate wall anchors (not always included, check your specific hardware). This step is crucial for stability.

## 5. PRODUCT FEATURES

- **Large Play Platform with Toy:** The spacious independent platform on the middle level is suitable for both kittens and adult cats. A spring-attached pom-pom toy enhances play and entertainment.

## Large Play Platform with Toy

Image 5.1: Close-up of the large play platform featuring a springy pom-pom toy.

- **Comfort Cat Cave and Basket:** A cozy cat cave, wrapped in soft fabric, provides a private resting space, offering a strong sense of security. Cats can also relax leisurely in the hanging cat basket.

## Comfort Cat Condo

Image 5.2: View of the comfortable cat condo, providing a private retreat.

- **2 Top Perches with Removable Cover:** Elevated platforms serve as excellent high vantage points, allowing cats to observe their surroundings and enjoy their 'domain'. The covers are removable for easy cleaning.

## Soft Padding Top Platform

Removable- Easy to Clean

## 6. USAGE AND PLACEMENT

The Gitelsnour Cat Tree is designed for indoor use. Place it in an area where your cat spends time, such as near a window for bird watching, or in a living area to encourage interaction. The multi-level design allows for multiple cats to use it simultaneously, providing individual spaces for play and rest.

## 7. MAINTENANCE

- **Cleaning:** The cat tree should be spot cleaned only. Use a damp cloth and mild detergent for soiled areas. Avoid harsh chemicals or excessive water. The removable covers on the top perches can be hand-washed or machine-washed on a gentle cycle.
- **Vacuuming:** Regularly vacuum the plush surfaces to remove loose fur and dust.
- **Scratching Posts:** Monitor the sisal scratching posts for wear. While durable, they may fray over time with heavy use.

## 8. TROUBLESHOOTING

- **Wobbling:** If the cat tree feels wobbly, ensure all screws are tightly fastened. Re-check the installation of the anti-tipping device and confirm it is securely anchored to the wall.
- **Cats Not Using the Tree:** Cats may need time to adjust to a new item. Try placing familiar blankets or toys on the platforms. Catnip can also be used to attract your cat to the tree. Ensure the tree is in a location your cat feels safe and comfortable.
- **Damaged Parts:** If any part of the cat tree becomes damaged, discontinue use immediately to prevent injury. Contact customer support for replacement parts.

## 9. SPECIFICATIONS
