Speaker Components and Controls

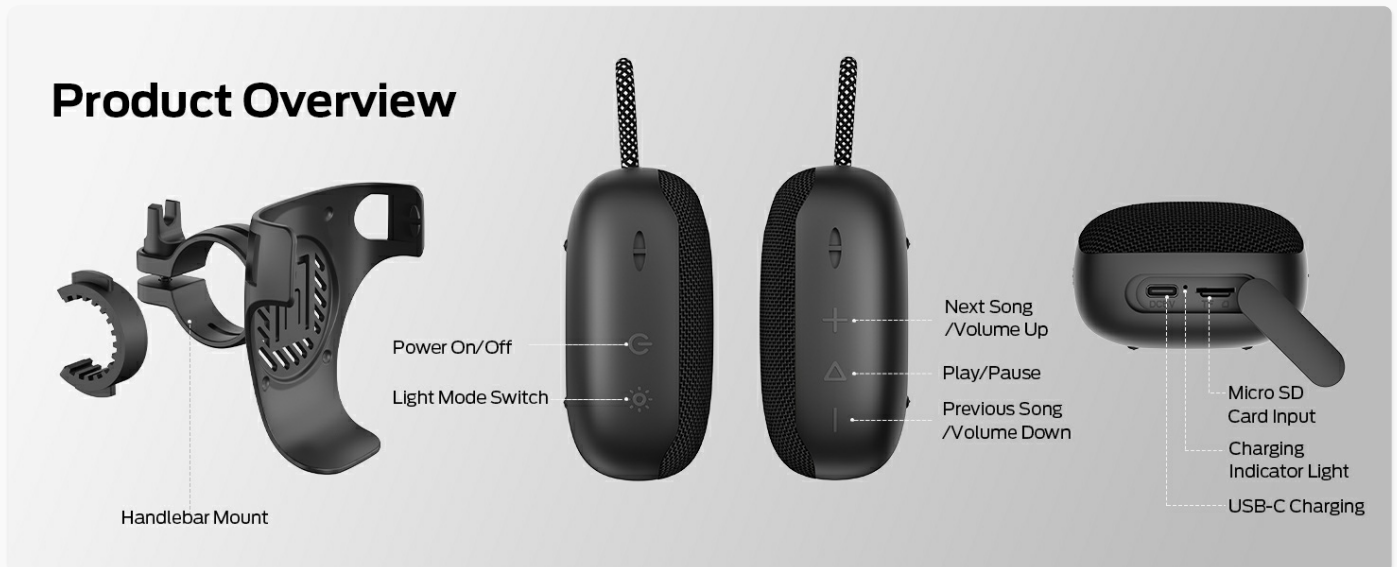

Image: Product Overview - Labeled diagram of the Monster S300 speaker and its handlebar mount.

- **Power On/Off Button:** Press and hold to power on or off.
- **Light Mode Switch:** Press to cycle through RGB light modes.
- **Next Song / Volume Up Button (+):** Short press for next song, long press for volume up.
- **Play/Pause Button (▶ ||):** Press to play or pause music, answer/end calls.
- **Previous Song / Volume Down Button (-):** Short press for previous song, long press for volume down.
- **Micro SD Card Input:** Insert a TF card for local music playback.
- **Charging Indicator Light:** Indicates charging status.
- **USB-C Charging Port:** Connect the charging cable here.
- **Handlebar Mount:** For securing the speaker to bike handlebars.

SETUP

Charging the Speaker

Before first use, fully charge the speaker. Connect the provided USB-C charging cable to the speaker's charging port and a compatible USB power adapter (not included). The charging indicator light will show the charging status. A full charge provides up to 10 hours of playtime at 50% volume with lights off.

Installing the Bike Mount

Secure Bike Mount

Easy clip-on design locks firmly on handlebars, staying rock-solid through any ride.

Min size **19 mm**

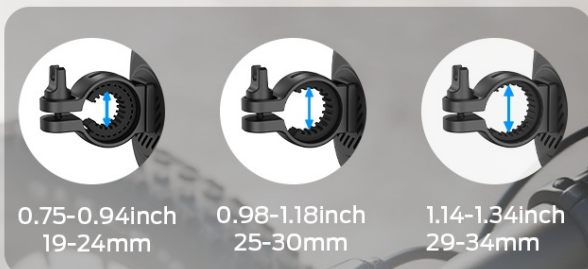

Max size **35 mm**

Image: Secure Bike Mount - Illustrates the installation of the bike mount on a handlebar, suitable for motorcycles, bicycles, and scooters.

Universal Handlebar Mount from 19-34mm

0.75-0.94inch
19-24mm

0.98-1.18inch
25-30mm

1.14-1.34inch
29-34mm

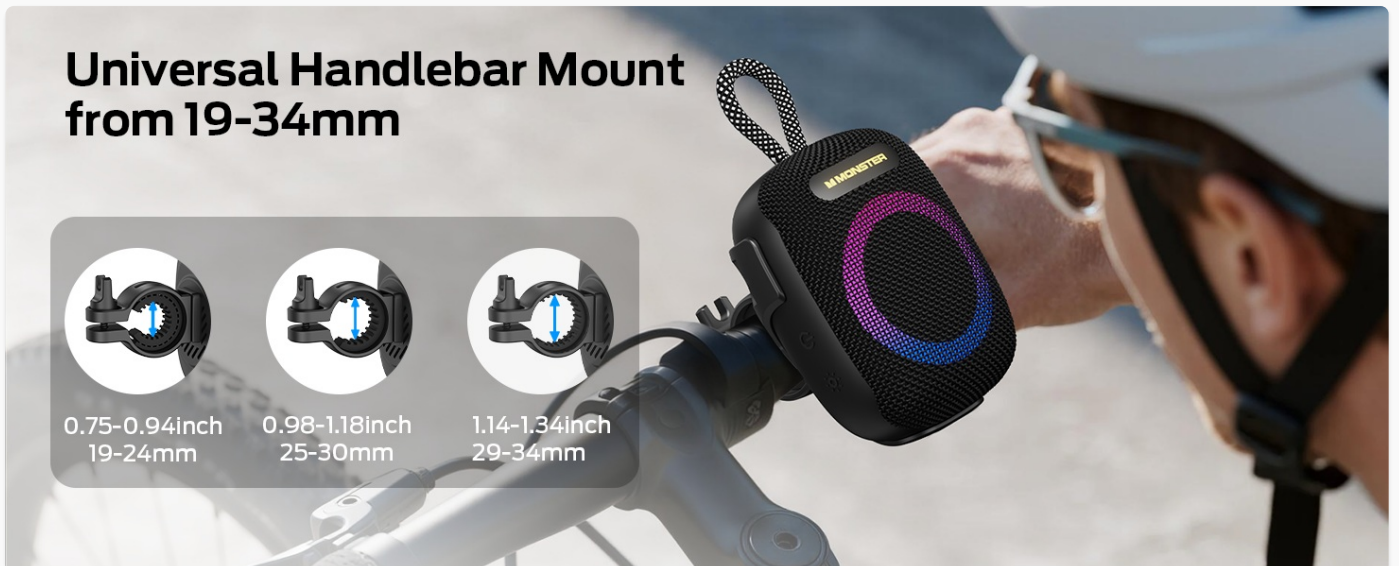

Image: Universal Handlebar Mount - Details the adjustable sizes of the mount for various handlebar diameters.

1. Select the appropriate rubber strip(s) for your handlebar diameter (19-34mm).
2. Place the rubber strip(s) around your handlebar at the desired mounting location.
3. Attach the handlebar mount over the rubber strip(s) and secure it firmly.
4. Slide the Monster S300 speaker onto the mount until it clicks into place.

OPERATING INSTRUCTIONS

Power On/Off

- To power on, press and hold the Power On/Off button until the indicator light illuminates.
- To power off, press and hold the Power On/Off button again until the indicator light turns off.

Bluetooth Pairing

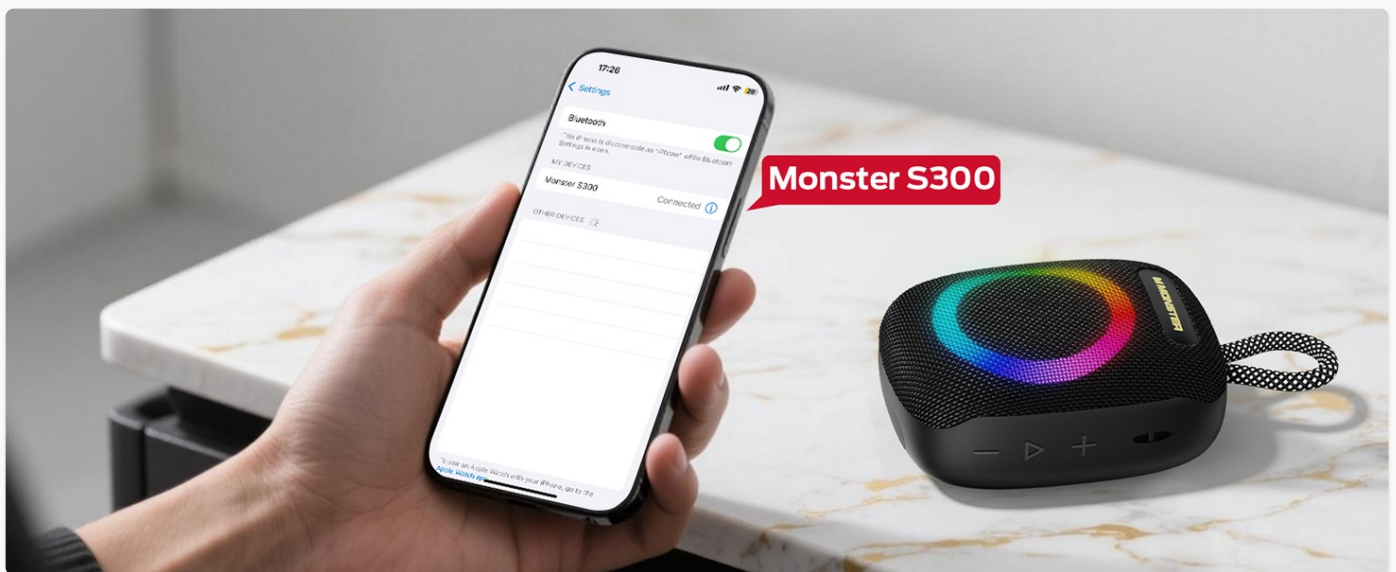

Image: Bluetooth 6.0 - Demonstrates connecting the Monster S300 speaker to a smartphone via Bluetooth.

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicator light will flash).
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "Monster S300" from the list of devices.
4. Once paired, the speaker will indicate a successful connection, and the indicator light will become solid.

True Wireless Stereo (TWS) Pairing

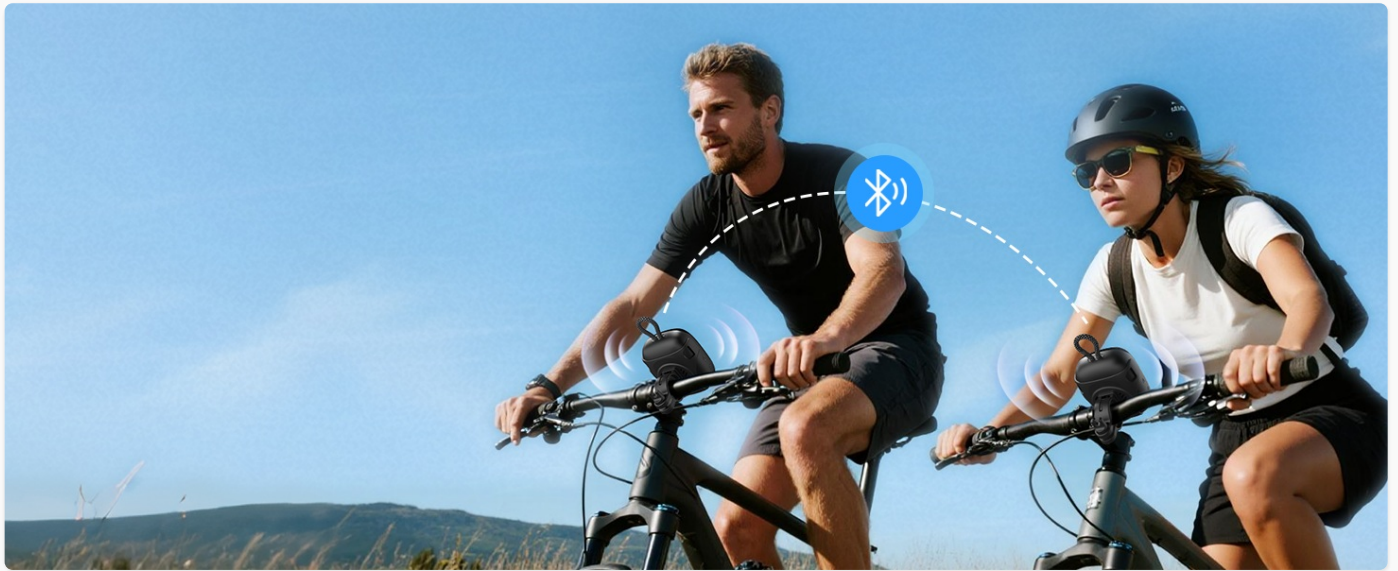

Image: TWS - Two Monster S300 speakers paired for immersive stereo sound on a bike ride.

To achieve immersive stereo sound, you can pair two Monster S300 speakers together:

1. Ensure both S300 speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker (this will be the primary speaker), double-press the Play/Pause button. It will enter TWS pairing mode.
3. The two speakers will automatically connect to each other. You will hear an audible confirmation.
4. Once TWS paired, connect your device to the primary speaker via Bluetooth as described above.

RGB Light Modes

Image: RGB Lights - Shows the speaker's dynamic RGB lights in action, enhancing the atmosphere.

Press the Light Mode Switch button to cycle through various RGB light patterns. The lights can pulse and breathe with your music, or be set to a static mode, or turned off to conserve battery.

Hands-Free Calling

When connected to your smartphone via Bluetooth, the built-in microphone allows for hands-free calls. Press the Play/Pause button to answer an incoming call or end an ongoing call.

TF Card Playback

Insert a Micro SD (TF) card loaded with MP3 audio files into the TF card input slot. The speaker will automatically switch to TF card playback mode. Use the Next/Previous Song buttons to navigate tracks.

MAINTENANCE

Waterproof Care (IPX7)

Image: IPX7 Waterproof - Speaker submerged in water, highlighting its waterproof capability.

The Monster S300 speaker has an IPX7 waterproof rating, meaning it can withstand immersion in water up to 1 meter for 30 minutes. To maintain its waterproof integrity:

- Ensure the charging port cover is securely closed before exposing the speaker to water.
- Do not expose the speaker to saltwater or other chemicals, as this may damage the seals.
- After exposure to water, especially chlorinated or saltwater, rinse the speaker with fresh water and dry thoroughly before charging or using.

Cleaning and Storage

- Clean the speaker with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, charge the battery periodically to maintain its health.

TROUBLESHOOTING

Problem	Solution
Speaker does not power on.	Ensure the battery is charged. Connect the speaker to a power source using the USB-C cable.
Cannot pair via Bluetooth.	Make sure the speaker is in pairing mode. Turn off and on Bluetooth on your device. Ensure no other device is connected to the speaker. Try resetting the speaker (if applicable, refer to quick start guide for reset instructions).

Problem	Solution
No sound or low volume.	Increase the volume on both the speaker and your connected device. Ensure the speaker is not muted. Check if the speaker is properly connected via Bluetooth or TF card.
TWS pairing fails.	Ensure both speakers are fully charged and not connected to any other Bluetooth device. Try powering both speakers off and on, then attempt TWS pairing again.
