

## EUGAD 0282WY

# EUGAD Wall-Mounted Bathroom Cabinet with LED Mirror (Model 0282WY)

Instruction Manual

## 1. IMPORTANT SAFETY INFORMATION

---

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Warning:** Before installation, ensure the wall is solid and capable of supporting the cabinet's weight.
- Avoid touching electrical parts with wet hands.
- Do not use sharp objects or abrasive cleaners to clean the mirror surface.
- In case of power failure or product defect, do not attempt to repair the device yourself. Contact qualified personnel for assistance.
- Ensure all electrical connections are made according to local regulations and safety standards.

## 2. PRODUCT OVERVIEW

---

The EUGAD Wall-Mounted Bathroom Cabinet with LED Mirror is designed to provide both storage and illuminated mirror functionality for your bathroom or other living spaces. It features adjustable LED lighting, integrated power outlets, and versatile storage options.

Figure 2.1: Front view of the EUGAD Wall-Mounted Bathroom Cabinet with LED Mirror.

### Key Features:

- **Adjustable LED Lighting:** Touch-sensitive control for brightness and color temperature (3000K warm, 4500K natural, 6000K cool).
- **Integrated Power & Charging:** Includes 2 AC outlets, 1 USB port, and 1 Type-C port, designed to be insulated and moisture-resistant.
- **Ample Storage:** Features adjustable shelves and 8 hooks for organizing toiletries, jewelry, and other accessories.
- **Durable Construction:** High-definition 4mm glass mirror (CRI 90), E1 particle board with wear-resistant melamine veneer, and high-strength metal hinges.
- **Space-Saving Design:** Wall-mounted to maximize floor space, suitable for various rooms.

### 3. SETUP AND INSTALLATION

The cabinet is designed for easy assembly with an illustrated manual and a complete accessory kit provided.

### 3.1 Unpacking and Component Check

- Carefully unpack all components and verify against the parts list in the included manual.
- Ensure no parts are damaged. Contact customer support if any parts are missing or damaged.
- The package includes: 1x LED Mirror Cabinet.

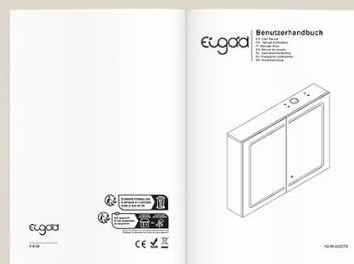

### 3.2 Wall Mounting

This cabinet is designed for wall-mounted installation.

- **Wall Preparation:** Ensure the chosen wall is solid and can safely support the cabinet's weight (approximately 12.2 kg, plus contents).
- **Positioning:** Use the provided positioning template (if applicable) to mark drilling points accurately on the wall.
- **Drilling:** Drill holes at the marked positions. It is recommended to use appropriate wall plugs and screws for your wall type. Some users recommend using 8mm wall plugs for enhanced stability.
- **Mounting:** Securely attach the cabinet to the wall using the provided hardware. It is advisable to have two people for this step.

## Installation facile

Grâce aux instructions illustrées et au carton de positionnement, le montage est facile et rapide.

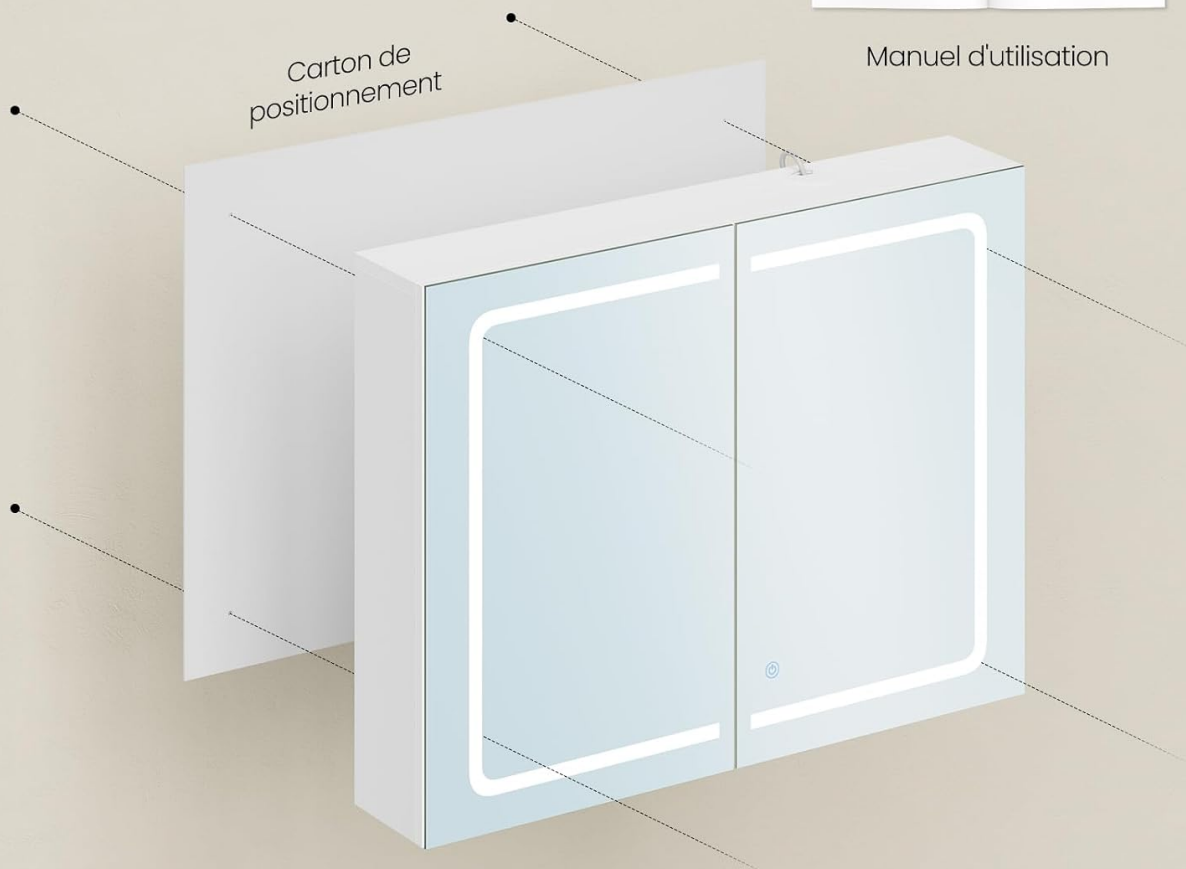

Figure 3.1: The cabinet comes with an illustrated manual and a positioning template for easy installation.

### 3.3 Electrical Connection

The cabinet offers two methods for electrical connection:

1. **Method 1 (Plug-in):** Directly plug the cabinet's power cord into a wall outlet.
2. **Method 2 (Hardwired):** For a concealed installation, the plug can be cut, and the power cord can be connected directly to your wall's electrical wiring. This should only be performed by a qualified electrician to ensure safety and compliance with electrical codes.

Figure 3.2: Illustration of the two electrical connection methods for the cabinet.

## 4. OPERATING INSTRUCTIONS

### 4.1 LED Mirror Lighting

The LED lighting is controlled by a touch sensor on the mirror surface.

- **Power On/Off:** A single short touch will turn the light on or off.

- **Change Color Temperature:** With the light on, a short touch (less than 3 seconds) will cycle through the three color temperatures: 3000K (warm), 4500K (natural), and 6000K (cool).
- **Adjust Brightness:** With the light on, a long touch (hold for 3 seconds or more) will activate continuous brightness adjustment. Release your finger when the desired brightness is reached.

Figure 4.1: The LED mirror offers three distinct light colors for various needs.

Figure 4.2: Long press the touch button to adjust brightness continuously.

## 4.2 Using Integrated Power Outlets

The cabinet includes 2 AC outlets, 1 USB port, and 1 Type-C port for convenient power access.

- Ensure the cabinet is properly connected to a power source.
- Plug in your devices (e.g., electric toothbrush, shaver, phone charger) into the appropriate outlets.
- The outlets are designed to be insulated and moisture-resistant for safe use in humid environments.

## Charge et rangement combinés

Charge et utilisation faciles et sécuritaires pour des appareils dans les environnements humides

250V/6A  
2 prises AC

5V/2A  
1 port USB

1 port Type-C

Figure 4.3: The cabinet features combined charging and storage capabilities.

### 4.3 Adjusting Shelves and Using Hooks

The interior shelves are adjustable to accommodate items of various heights. Eight hooks are also provided for hanging jewelry or small accessories.

- To adjust a shelf, remove any items, then carefully lift and reposition the shelf supports into the desired holes.
- The maximum load capacity per shelf is 5 kg.
- Utilize the integrated hooks for organizing necklaces, earrings, or other small items.

## 5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your cabinet.

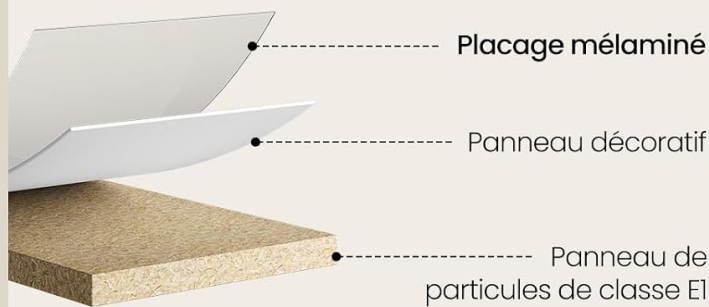

- **Cleaning the Mirror:** Use a soft, damp cloth with a mild glass cleaner. Do not use abrasive materials or sharp objects.
- **Cleaning the Cabinet:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals.
- **Humidity Resistance:** The cabinet is designed to be moisture-resistant. However, quickly wipe away any water droplets to keep the furniture dry and prolong its lifespan.
- **Electrical Components:** Ensure all electrical connections remain dry. Do not spray water directly onto the outlets or wiring.

## Résistant à l'humidité

Facile à utiliser dans la salle de bain ou dans d'autres pièces humides tout en garantissant une utilisation sûre de l'électricité

\* Essuyez rapidement les gouttes d'eau pour garder le meuble sec et prolonger sa durée de vie.

## 6. TROUBLESHOOTING

If you encounter issues with your EUGAD LED Mirror Cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
LED light does not turn on.	No power supply; loose connection; faulty LED driver.	Check if the cabinet is properly plugged in or hardwired. Ensure the power switch is on. Verify connections. If the issue persists, contact customer support.
Light brightness or color cannot be adjusted.	Incorrect touch operation; touch sensor malfunction.	Refer to Section 4.1 for correct touch operations (short press for color, long press for brightness). Ensure the touch sensor area is clean and dry.

Problem	Possible Cause	Solution
Power outlets are not working.	No power supply; device not properly plugged in.	Check the main power connection to the cabinet. Ensure devices are fully inserted into the outlets. Test with another device.
Cabinet feels unstable after installation.	Improper wall mounting; insufficient wall support.	Re-check wall mounting according to Section 3.2. Ensure appropriate wall plugs and screws were used for your wall type. If necessary, reinforce wall support or consult a professional.

For issues not listed here or if troubleshooting steps do not resolve the problem, please contact EUGAD customer support.

## 7. SPECIFICATIONS

Feature	Detail
Brand	EUGAD
Model Number	0282WY
Product Dimensions (L x W x H)	80 x 14.5 x 60 cm
Item Weight	12.2 Kilograms
Color	White
