

VOLISUN KJ8810-BK

VOLISUN 23.6-inch Farmhouse Caged Ceiling Fan with Light

Model: KJ8810-BK | Brand: VOLISUN

1. PRODUCT OVERVIEW

The VOLISUN Farmhouse Caged Ceiling Fan with Light combines functionality with a rustic aesthetic. This 23.6-inch flush mount fan features a cage-shaped frame with an industrial gold finish and stylish line design, suitable for various indoor spaces such as bedrooms, kitchens, and living rooms.

Key features include:

- **Remote & APP Control:** Offers convenient control over fan and light functions.
- **6 Wind Speed Settings:** Allows selection of preferred airflow intensity.
- **Quiet Operation:** Designed for a tranquil environment with minimal noise (30 Decibels).
- **Forward and Reverse Rotation:** Provides air circulation for both cooling in summer and warming in winter.
- **Memory Function:** Retains previous settings.
- **Timer Settings:** Includes 1-hour, 2-hour, and 4-hour options.
- **Simplified Installation:** Most components are pre-assembled for ease of setup.

Upgraded Remote Control

Let you easily control the fan

Image: The VOLISUN Caged Ceiling Fan with its remote control and a smartphone displaying the app interface. The fan offers 6 wind speeds, reversible rotation, and timer functions (1h/2h/4h).

2. SAFETY INFORMATION

Please read and understand all instructions before beginning installation. Failure to follow these instructions may result in electric shock, fire, or personal injury.

- Always turn off the power at the main circuit breaker before installation or maintenance.
- Ensure all electrical connections comply with local codes and ordinances.
- If you are unsure about wiring or installation, consult a qualified electrician.
- Mount the fan to a ceiling joist or support structure capable of holding the fan's weight.
- Do not bend the fan blades during installation or cleaning.
- Keep children away from the fan during operation.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation. If any parts are

missing or damaged, contact customer support.

- Caged Ceiling Fan Unit (pre-assembled)
- Mounting Plate
- Remote Control
- User Manual
- Installation Hardware (screws, wire nuts, etc.)
- *Note: 4 E26 bulbs are required but not included.*

4. INSTALLATION INSTRUCTIONS

The fan is designed for simplified installation with most components pre-assembled. Follow these steps carefully:

1. **Prepare for Installation:** Turn off power at the circuit breaker. Remove the pre-assembled fan light from its packaging.

2. **Install Bulbs:** Before mounting to the ceiling, install 4 E26 bulbs (not included) into the sockets.
3. **Mounting Plate Installation:** Secure the mounting plate to the ceiling junction box using appropriate screws. Ensure it is firmly attached to a structural support.
4. **Wiring Connections:** Connect the fan's wires to the household electrical wires according to local electrical codes. Typically, this involves connecting live, neutral, and ground wires. Use wire nuts to secure connections.
5. **Hang the Fan:** Carefully lift the fan unit and attach it to the mounting plate. Use the safety cable provided to temporarily support the fan during wiring.
6. **Secure the Fan:** Once wired, align the fan unit with the mounting plate and secure it with the provided screws. Tighten all screws to ensure the fan is stable.

5. OPERATING INSTRUCTIONS

5.1 Remote Control Operation

The included remote control allows for easy adjustment of fan speed, light, and timer settings.

- **Light ON/OFF:** Press the light button to turn the light on or off.
- **Fan Speed:** Select from 6 wind speed levels (1-6) to adjust airflow.
- **Forward/Reverse:** Use the F/R button to switch between forward (cooling) and reverse (warming) modes.
- **Timer:** Set the fan to turn off automatically after 1, 2, or 4 hours.

6 Wind Speeds

Choose the wind speed according to your need

1-2 Speeds

3-4 Speeds

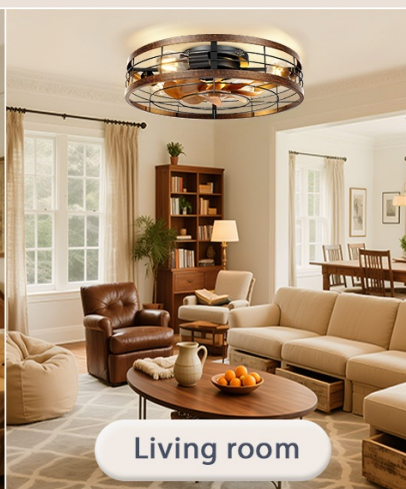

5-6 Speeds

5.2 APP Control Operation

The fan can also be controlled via a smartphone application. This offers additional smart features.

1. **Download App:** Scan the QR code provided in the manual or on the product packaging to download the companion app.
2. **Pairing:** Open the app, select the fan module, and ensure your phone's Bluetooth is enabled. Turn off the fan light power or wall switch, then turn it on again. Click the "SETUP" button within 5 seconds in the app to pair the device.
3. **Control:** Once paired, use the app to control fan speed, light settings, and other smart features.

6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Dust the fan blades and housing regularly with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Bulb Replacement:** Ensure power is off before replacing bulbs. Use E26 base bulbs as specified.
- **Tighten Screws:** Periodically check and tighten all screws on the mounting bracket and fan housing to prevent wobbling or noise.
- **No Lubrication Needed:** The motor is permanently lubricated and does not require oiling.

7. TROUBLESHOOTING

If you encounter issues with your fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Fan does not start	No power supply; Loose wiring; Remote control battery low.	Check circuit breaker; Verify wire connections; Replace remote control batteries.
Light does not work	Bulb faulty; Loose wiring; No power.	Replace bulb; Check wiring connections; Verify power supply.
Fan wobbles	Loose mounting screws; Uneven installation.	Tighten all mounting screws; Ensure mounting plate is level.
Remote control not working	Battery low/dead; Remote not paired.	Replace batteries; Refer to APP Control section for pairing instructions.
