## MAINTENANCE

To ensure the longevity and appearance of your Korser sofa, follow these maintenance guidelines:

- **Cleaning Fabric:** The sofa is upholstered in premium, non-pilling chenille fabric. For general cleaning, vacuum regularly using a soft brush attachment to remove dust and debris.
- **Removable Covers:** The pillow covers are removable and machine washable. Always follow the care instructions on the label to prevent shrinkage or damage.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Avoid rubbing, which can spread the stain. For stubborn stains, use a mild fabric cleaner suitable for chenille, testing on an inconspicuous area first.

- **Cushion Care:** Periodically fluff and rotate cushions to maintain their shape and even out wear.

## TROUBLESHOOTING

If you encounter any issues with your Korser sofa, consider the following common solutions:

- **Wobbly Frame:** Check all bolts and screws to ensure they are securely tightened. Avoid overtightening.
- **Cushions Not Fully Expanded:** Allow up to 72 hours for cushions to fully expand after unpacking. Fluffing and patting them can help accelerate this process.
- **Fabric Stains:** Refer to the "Maintenance" section for spot cleaning instructions.
- **Squeaking Noises:** Ensure all connections are tight. If the issue persists, disassemble and reassemble the affected section, ensuring proper alignment of all parts.

If these steps do not resolve the issue, please contact customer support for further assistance.
