TETOTE 30L x 60W

TETOTE 60" x 30" Frameless Vanity Mirror Instruction Manual

Model: 30"L x 60"W

INTRODUCTION

Thank you for choosing the TETOTE Frameless Vanity Mirror. This manual provides essential information for the safe installation, operation, and maintenance of your new mirror. Please read these instructions carefully before installation and retain them for future reference.

This frameless mirror features 4mm impact-resistant tempered glass, designed for durability and a clear, distortion-free reflection. Its modern aesthetic complements various room styles, making it suitable for bathrooms, bedrooms, entryways, and gyms. The mirror can be installed both horizontally and vertically.

SAFETY INFORMATION

Please observe the following safety precautions during handling and installation:

- Always handle the mirror with care. Glass can be fragile, even tempered glass.
- Wear appropriate safety gloves and eye protection during installation.
- Ensure the mounting surface is structurally sound and can support the weight of the mirror.
- Keep children and pets away from the installation area.
- Do not apply excessive force or impact to the mirror surface.
- If the mirror arrives damaged, do not attempt to install it. Contact customer support immediately.

INSTALLATION GUIDE

The TETOTE frameless mirror comes with pre-installed French cleats for easy wall mounting. It can be installed either horizontally or vertically.

1. Pre-Installation Considerations

- **Choose Location:** Select a suitable wall location, ensuring it is clean, dry, and free from obstructions.
- **Determine Orientation:** Decide whether to mount the mirror horizontally or vertically.
- **Verify Wall Type:** Identify your wall type (e.g., drywall, concrete) to use appropriate anchors.
- **Measure Carefully:** Ensure the mirror size is appropriate for your space.

How to Install

1

Install French cleats horizontally on the wall

2

Slot the back panel into the French cleats

3

Simply slot the mirror into the right position

2. Mounting Instructions (French Cleat System)

The mirror utilizes a French cleat system for secure mounting. The cleats are pre-attached to the back of the mirror. You will install the corresponding wall bracket.

1. **Position and Mark:** Hold the mirror against the wall in the desired position. Use a level to ensure it is straight. Lightly mark the top edge of the mirror on the wall.
2. **Install Wall Bracket:** The French cleat system involves a wall bracket that interlocks with the cleat on the mirror. Position the wall bracket (included in the hardware kit) on the wall, aligning it with your marks. Use a level to ensure it is perfectly horizontal. Mark the drill holes.
3. **Drill Holes and Insert Anchors:** Drill pilot holes at the marked spots. Insert the appropriate wall anchors (provided) into the drilled holes.
4. **Secure Bracket:** Screw the wall bracket firmly to the wall using the provided screws. Ensure it is securely fastened.
5. **Hang Mirror:** Carefully lift the mirror and align the pre-installed French cleat on the back of the mirror with the wall bracket. Lower the mirror until the cleat engages securely with the bracket. Ensure the mirror is stable and flush against the wall.

MAINTENANCE

To keep your TETOTE mirror in pristine condition, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid streaks and drips.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemicals (e.g., ammonia-based cleaners) as they can damage the mirror surface or edges.
- **Wipe Dry:** Always wipe the mirror dry immediately after cleaning to prevent water spots.
- **Regular Inspection:** Periodically check the mounting hardware to ensure it remains secure.

TETOTE

Waterproof & Easy to Clean

Keeps your bathroom mirror spotless
with minimal effort.

TROUBLESHOOTING

This section addresses common concerns you might encounter:

Issue	Possible Cause	Solution
Mirror appears wobbly or loose on the wall.	Mounting hardware not fully secured or incorrect anchors used.	Carefully remove the mirror. Re-check wall anchors and ensure screws are tightened properly. If necessary, use stronger anchors suitable for your wall type.
Streaks or smudges after cleaning.	Residue from cleaner, dirty cloth, or not wiping dry.	Use a clean, lint-free microfiber cloth. Ensure the glass cleaner is ammonia-free. Wipe dry immediately after cleaning.

Issue	Possible Cause	Solution
Mirror arrived with visible damage.	Shipping damage.	Do not attempt to install. Contact TETOTE customer support immediately for a replacement.

If you encounter an issue not listed here, please refer to the Customer Support section for assistance.
