Block the Noise.

Image: An overview of the Fire-Boltt Aero TWS Earbuds highlighting key features such as 13mm drivers for deep bass, Quad Microphones with Environmental Noise Cancellation (ENC) for clear calls, ultra-low latency up to 50ms for gaming, voice assistant support, 50 hours of total playtime, smart touch controls, a compact design, IPX4 water resistance, and fast pairing capabilities.

Earbud Components:

- **Touch Control Area:** For managing music, calls, and voice assistant.
- **Microphone:** Quad Mic setup for clear voice pickup and ENC.
- **Charging Contacts:** For charging inside the case.

Charging Case Components:

- **Earbud Charging Slots:** Securely holds and charges the earbuds.
- **USB-C Charging Port:** For charging the case.
- **LED Indicator:** Shows charging status and battery level of the case.

4. SETUP

4.1 Charging the Earbuds and Case

For optimal performance, fully charge your earbuds and charging case before first use.

1. **Charging the Case:** Connect the USB-C charging cable to the charging port on the case and the other end to a USB power adapter (not included). The LED indicator on the case will show charging status.
2. **Charging the Earbuds:** Place the earbuds into their respective slots in the charging case. Ensure the charging contacts align. The earbuds will automatically begin charging. The LED indicator on the case will confirm charging.

The Fire-Boltt Aero features **FireCharge Fast Charging Technology**, providing significant playtime with just a short charge.

Control at your fingerprint

TAP INTO YOUR SOUND
