SETUP

1. Charging the Earphones and Case

Before first use, fully charge the earphones and charging case.

1. Place the earphones into the charging case.

2. Connect the USB Type-C cable to the charging port on the case and a power source.
3. The LED indicator on the case will show charging status. A full charge typically takes approximately 2 hours.

2. Pairing with a Device

Follow these steps to pair your earphones with your smartphone or other Bluetooth-enabled device:

1. Ensure the earphones are charged and placed in the charging case.
2. Open the charging case. The earphones will automatically enter pairing mode, indicated by flashing LED lights.
3. On your device, go to Bluetooth settings and turn Bluetooth on.
4. Select "ACECLIP Pro" from the list of available devices.
5. Once connected, the LED indicators on the earphones will stop flashing.

OPERATING INSTRUCTIONS

Wearing the Earphones

The ACECLIP Pro features an ear-cuff design. Gently clip each earphone onto your ear, ensuring a secure and comfortable fit. The open-ear design allows you to hear your surroundings while enjoying audio.

Touch Controls

The earphones are equipped with touch-sensitive panels for easy control of music playback, calls, and voice assistant activation.

| Action | Function |
|-------------------------|---|
| Single Tap (Left/Right) | Play/Pause music, Answer/End call |
| Double Tap (Right) | Next Track |
| Double Tap (Left) | Previous Track |
| Triple Tap (Left/Right) | Activate Voice Assistant (Siri, Google Assistant) |
| Long Press (Left/Right) | Reject Call |

Note: Specific touch controls can be customized via the dedicated ACEFAST app.

AI Noise-Cancelling Calls

The earphones feature AI voice recognition algorithms to enhance call clarity. During a call, the AI automatically detects

and filters out ambient noise, ensuring your voice is transmitted clearly to the other party.

Dedicated ACEFAST App

Download the official ACEFAST app to unlock additional features and customization options, including:

- **Outdoor Enhancement Mode:** Optimizes audio for outdoor environments, reducing wind noise and enhancing ambient sounds.
- **Game Mode:** Reduces audio latency for a more synchronized gaming and video experience.
- **Device Search:** Helps locate misplaced earphones by playing a sound.
- **Customizable Equalizer:** Adjust sound profiles to your preference.

MAINTENANCE

To ensure the longevity and optimal performance of your ACEFAST ACECLIP Pro earphones, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the earphones and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the earphones in their charging case to protect them from dust and damage.
- **Water Resistance:** The earphones are IP55 rated for water and sweat resistance. Avoid submerging them in water or exposing them to heavy rain. Dry them thoroughly if they get wet.
- **Charging:** Use only the provided USB Type-C cable for charging. Avoid using damaged cables or chargers.

TROUBLESHOOTING

If you encounter issues with your earphones, refer to the following common solutions:

| Problem | Solution |
|---|--|
| Earphones do not turn on. | Ensure the earphones are charged. Place them in the charging case and connect the case to a power source. |
| Cannot pair with device. | <ul style="list-style-type: none">◦ Ensure Bluetooth is enabled on your device.◦ Make sure the earphones are in pairing mode (LEDs flashing).◦ Move the earphones closer to your device.◦ Forget "ACECLIP Pro" from your device's Bluetooth list and try pairing again. |
| No sound or low volume. | <ul style="list-style-type: none">◦ Adjust the volume on both your device and the earphones.◦ Ensure the earphones are properly connected to your device.◦ Check if the earphones are charged. |
| Call quality is poor. | <ul style="list-style-type: none">◦ Ensure the microphones are not obstructed.◦ Try moving to a quieter environment.◦ Check the ACEFAST app for outdoor enhancement mode settings. |
| Touch controls are unresponsive. | <ul style="list-style-type: none">◦ Ensure your fingers are clean and dry.◦ Restart the earphones by placing them in the case and closing it, then reopening.◦ Check the ACEFAST app for touch control customization. |
