COBIZI 16x32 Heavy Duty Party Tent Instruction Manual

Model: 82-lzj-10-11

1. INTRODUCTION

Thank you for choosing the COBIZI 16x32 Heavy Duty Party Tent. This manual provides essential information for the safe and correct assembly, operation, and maintenance of your tent. Please read these instructions carefully before setup and retain them for future reference. This tent is designed to provide a spacious, protected area for various outdoor events, featuring a waterproof and UV-resistant canopy, a robust metal frame, and versatile removable sidewalls.

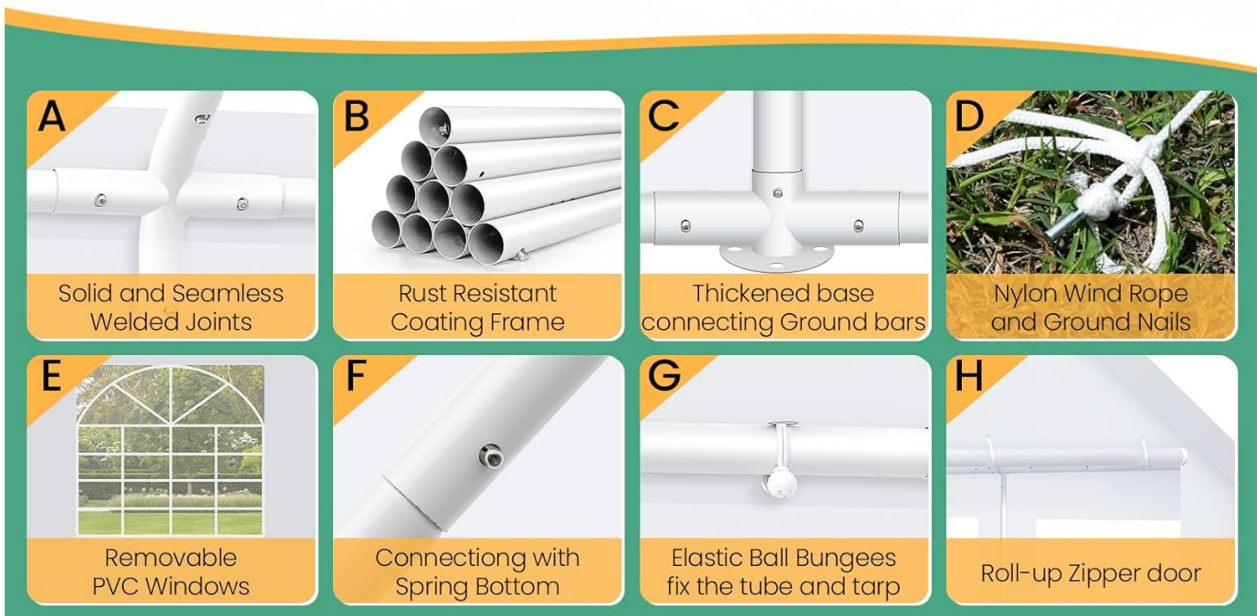

The COBIZI 16x32 Party Tent provides a spacious and elegant setting for events.

2. SAFETY INFORMATION

- **Wind Conditions:** Do not use this tent in strong winds. Always secure the tent with the provided pegs and wind ropes. Failure to do so may result in damage to the tent or injury.
- **Assembly:** Assembly requires multiple people. Attempting to assemble alone may lead to difficulty or damage.
- **Anchoring:** Ensure all ground bars are properly linked and the tent is securely anchored to the ground using all supplied pegs and ropes.
- **Fire Safety:** Keep all flame and heat sources away from the tent fabric. The fabric is not fireproof.
- **Weather Monitoring:** Regularly monitor weather conditions. In case of severe weather, disassemble the tent to prevent damage.
- **Structural Integrity:** Do not hang heavy objects from the tent frame.

3. PACKAGE CONTENTS

Your COBIZI 16x32 Party Tent ships in 3 separate boxes, which may arrive at different times. Please verify all components are present before beginning assembly.

Key components of the tent structure and covering.

Components List:

- Main Frame Poles (1.5-inch diameter alloy steel)
- Connectors (Solid and seamless welded joints)
- Canopy Cover (160g PE material, waterproof, UV-resistant, tear-resistant)
- Removable Sidewalls (6 pieces, with transparent PVC windows and zippered doors)
- Ground Bars (Closed ground link design)
- Wind Ropes
- Ground Stakes/Pegs
- Built-in Sandbags (4 pieces)
- Elastic Ball Bungees

4. SETUP INSTRUCTIONS

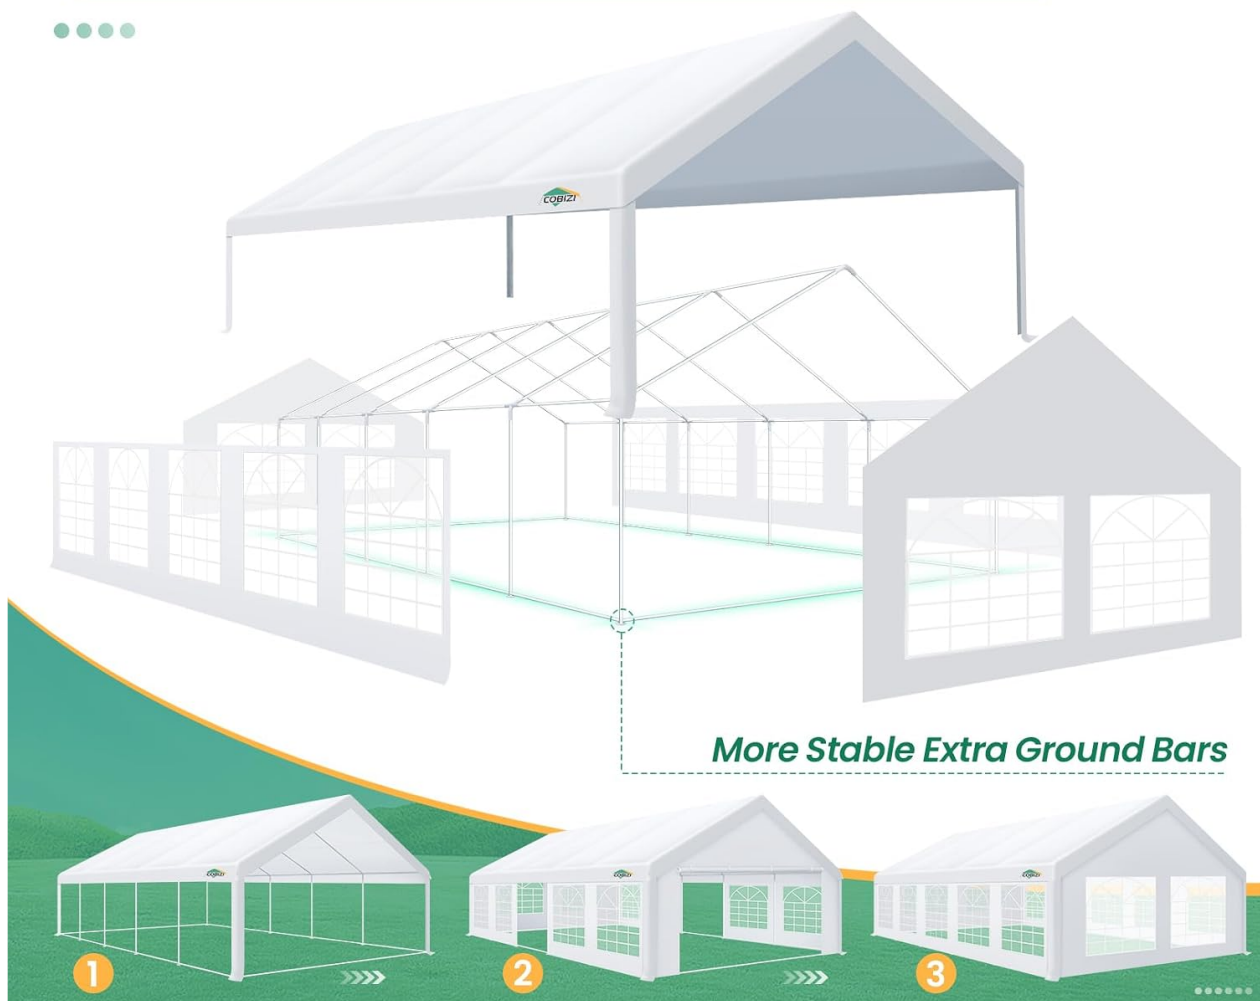

Assembly of the COBIZI 16x32 Party Tent requires at least 4-6 people for efficient and safe setup. Follow these steps carefully:

4.1. Frame Assembly

1. **Unpack and Sort:** Lay out all frame poles and connectors. Identify different types of poles (e.g., roof, leg, ridge) and connectors.
2. **Assemble Base Frame:** Connect the ground bars using the appropriate connectors to form the rectangular base of the tent. Ensure the closed ground link design is correctly assembled for maximum stability.
3. **Install Leg Poles:** Insert the leg poles into the base frame connectors.
4. **Assemble Roof Structure:** Begin assembling the roof frame on the ground. Connect the roof poles and ridge poles using the roof connectors.
5. **Raise Frame:** With multiple people, carefully lift the assembled roof frame and attach it to the top of the leg poles. Secure all connections.

Reinforced Structure with Detachable Sidewalls

Can be disassembled and assembled as required

4.2. Canopy and Sidewall Installation

6. **Drape Canopy:** Carefully drape the main canopy cover over the assembled roof frame. Ensure it is centered and evenly distributed.
7. **Secure Canopy:** Use the elastic ball bungees to secure the canopy to the frame poles. Ensure a snug fit to prevent water pooling and wind flapping.
8. **Attach Sidewalls:** Attach the removable sidewalls to the tent frame using the provided fasteners. The sidewalls feature transparent PVC windows and zippered doors for access and ventilation.

4.3. Securing the Tent

9. **Ground Anchoring:** Drive the ground stakes/pegs through the footplates of the leg poles and into the ground.
10. **Wind Ropes:** Attach the wind ropes to the designated points on the tent frame and secure them to the ground using additional stakes, pulling them taut at an angle.
11. **Sandbags:** Utilize the built-in sandbags for additional stability, especially in moderate wind conditions. Fill them with sand or other heavy material.

4.4. Installation Video Reference

For a visual guide on the installation process, please refer to the following video:

5. OPERATING INSTRUCTIONS

5.1. Usage

- **Capacity:** The 16x32 ft tent comfortably accommodates 8-10 tables, making it suitable for various events such as parties, weddings, and commercial gatherings.
- **Sidewalls:** The 6 removable sidewalls can be installed or removed as needed to adapt to weather conditions or event requirements. They provide protection from sun, wind, and light rain.
- **Ventilation:** The transparent PVC windows and zippered doors allow for natural light and cross-ventilation when desired.
- **UV Protection:** The canopy material offers UV 50+ protection, shielding occupants from harmful sun rays.
- **Waterproof:** The 160g PE tarpaulin is waterproof, providing shelter during light to moderate rain.

6. MAINTENANCE

- **Cleaning:** Clean the canopy and sidewalls with mild soap and water. Do not use harsh chemicals or abrasive cleaners, as this can damage the PE material and UV coating. Allow all parts to dry completely before storage.
- **Frame Care:** The metal frame has an elegant white paint coating to prevent chipping, peeling, rust, and corrosion. Inspect the frame periodically for any signs of damage or wear.
- **Storage:** When not in use, disassemble the tent and store all components in a dry, cool place. Keep the original sturdy cardboard boxes for optimal storage during off-seasons.

- **Inspection:** Before each use, inspect all poles, connectors, canopy, and sidewalls for any damage, tears, or missing parts. Replace any damaged components immediately.

7. TROUBLESHOOTING

- **Tent Instability:** Ensure all ground bars are properly connected, leg poles are fully inserted, and the tent is securely anchored with all pegs and wind ropes. Verify sandbags are filled and in place.
- **Water Pooling on Canopy:** Ensure the canopy is taut and evenly distributed over the frame. Adjust bungee cords if necessary. Proper tension helps water run off.
- **Missing or Damaged Parts:** If any parts are damaged or missing upon arrival or during assembly, please contact our customer service team immediately for assistance.
- **Difficulty Assembling:** Review the setup instructions and consider watching the installation video. Ensure you have enough people to assist with the assembly process.

8. SPECIFICATIONS

Brand	COBIZI
Model Number	82-lzj-10-11
Dimensions (L x W x H)	32 ft x 16 ft x 10 ft
Material (Canopy)	160g PE (Polyethylene)
Material (Frame)	Alloy Steel (1.5-inch diameter)
Color	White
Item Weight	100 Pounds
Water Resistance Level	Waterproof
Ultraviolet Light Protection	Yes (UV 50+)
Sidewalls	6 Removable (with transparent PVC windows)
Ground Bars	Closed Ground Link Design
Built-in Sandbags	4

9. WARRANTY AND SUPPORT

9.1. Warranty Information

- **Lifetime Warranty:** Connectors, ropes, and stakes are covered by a lifetime warranty.
- **1-Year Warranty:** The canopy and main poles are covered by a 1-year warranty.

This warranty covers manufacturing defects under normal use. It does not cover damage caused by improper assembly, misuse, neglect, or extreme weather conditions.

9.2. Customer Support

For any questions, assistance with assembly, or to report damaged or missing parts, please contact our customer service team. We are committed to resolving your issues quickly and effectively.
