## YITAHOME MAYIH0TXsJ

# YITAHOME Floating Bed Frame King with USB Charging and LED Light - Instruction Manual

Model: MAYIH0TXsJ

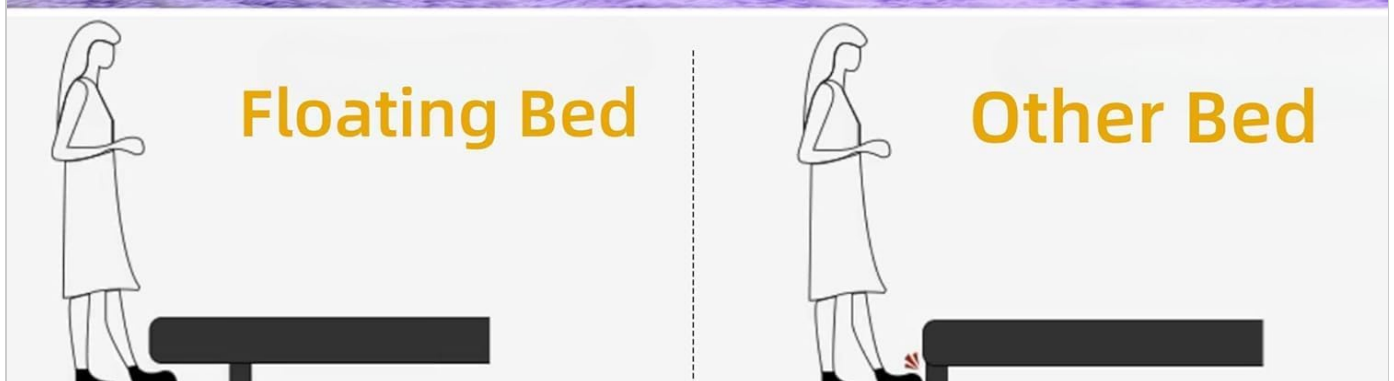

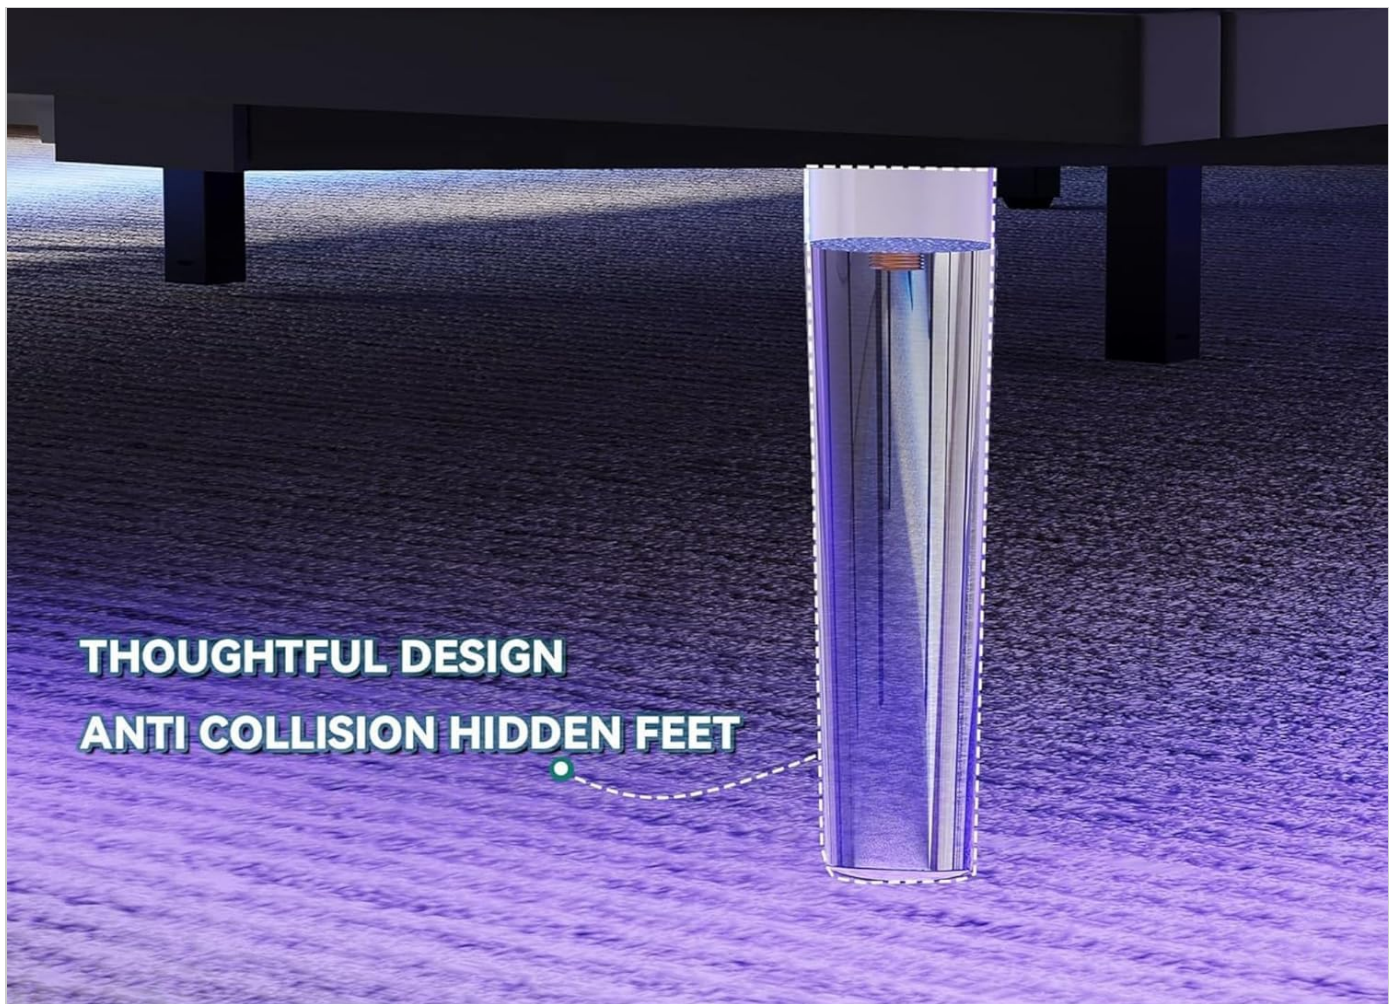

## INTRODUCTION

---

Thank you for choosing the YITAHOME Floating Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

### Important Safety Information

- Do not exceed the maximum weight recommendation of 1100 pounds (approximately 499 kg).
- Be cautious of sharp edges and the L-shape design during assembly and use.
- Always use proper lifting techniques when assembling the bed frame to prevent injury.
- Ensure all bolts and connections are securely tightened before use and periodically check for looseness.
- Keep children and pets away from the assembly area.

## PACKAGE CONTENTS

---

Before assembly, verify that all components listed below are present. If any parts are missing or damaged, please contact YITAHOME customer support.

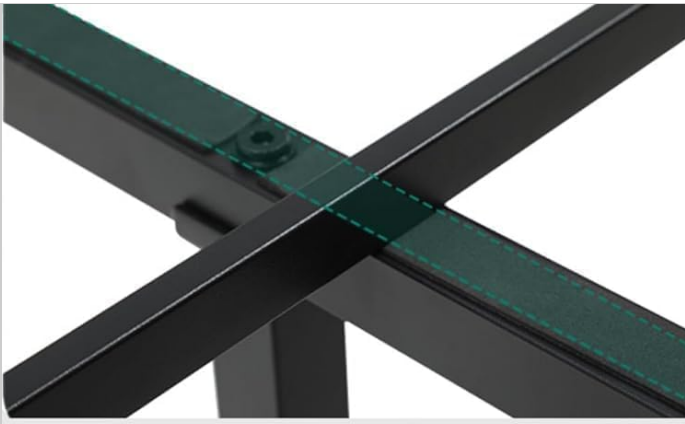

- Headboard (PU Upholstered with Hidden Storage)
- Bed Frame Components (Metal)
- Slats (Heavy Duty Metal with EVA lining)
- Charging Station Unit (2 AC outlets, USB-C, USB-A ports)
- LED Light Strip
- Remote Control for LED Lights
- Assembly Hardware (bolts, nuts, washers, tools)
- Installation Manual (detailed instructions)

## SETUP AND ASSEMBLY INSTRUCTIONS

---

Assembly typically requires two adults and can take several hours. Follow the detailed step-by-step instructions provided in the separate Installation Manual included in your package. The following is a general overview.

1. **Unpack and Organize:** Carefully unpack all components and hardware. Lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided diagrams in the Installation Manual.
2. **Assemble the Headboard:** Begin by assembling the headboard structure, including the hidden storage compartment. Pay close attention to the alignment of hinges for the storage access.
3. **Install Charging Station and LED Lights:** Integrate the charging station into the designated slot in the headboard. Attach the LED light strip to the underside of the bed frame as indicated in the manual. Ensure proper cable management.
4. **Assemble the Bed Frame:** Construct the main metal bed frame. Ensure all connections are secure but do not overtighten until all parts are aligned.
5. **Attach Headboard to Frame:** Carefully connect the assembled headboard to the bed frame. This step often requires two people for proper alignment and stability.
6. **Install Slats:** Place the metal slats onto the bed frame. The EVA-lined slats are designed for noise reduction. Ensure they are evenly spaced and secured according to the manual.
7. **Final Tightening:** Once all components are assembled and aligned, securely tighten all bolts and screws.

**Eva Sponge Design  
For Noise-free**

## OPERATING INSTRUCTIONS

### Charging Station

The integrated charging station is located within the headboard for convenient access. It features 2 standard AC outlets, 1 USB-C port, and 1 USB-A port.

- Plug the bed frame's power cord into a standard wall outlet.
- Connect your devices to the appropriate AC or USB ports for charging.
- Ensure devices are compatible with the charging station's output.

## LED Lighting System

The bed frame includes an LED light strip controlled by a remote. This system offers customizable ambiance with various colors and modes.

- Use the provided remote control to power on/off the LED lights.
- Select from 7 dynamic colors and adjust brightness/speed modes.
- Explore preset scenes for different moods.
- Ensure the remote has working batteries and is pointed towards the LED receiver.

## Hidden Storage Headboard

The headboard features a concealed storage compartment and dual-layer shelves for organizing various items.

- Access the hidden compartment by lifting the upholstered panel of the headboard.
- Utilize the open shelves for books, decor, or other bedside essentials.

## MAINTENANCE

Proper care will extend the life and appearance of your YITAHOME bed frame.

- **Cleaning:** Wipe the bed frame surfaces with a dry, soft cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, especially on the upholstered parts and electronic components.
- **Hardware Check:** Periodically inspect all bolts and screws to ensure they remain tight. Retighten as necessary to maintain stability and prevent squeaking.
- **Upholstery Care:** For the PU upholstered headboard, spot clean with a damp cloth and mild soap if necessary, then wipe dry immediately.
- **LED Lights:** If LED lights dim or stop working, check the remote control batteries and ensure all connections are secure.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame squeaks	Loose hardware; slats not properly seated; friction between metal parts.	Tighten all bolts and screws. Ensure slats are correctly installed and the EVA noise-dampening strips are in place.
LED lights not working	Remote control batteries dead; loose connection; LED strip damage.	Replace remote batteries. Check all power connections to the LED strip. Ensure the bed frame's main power cord is plugged in.
Charging station not working	Bed frame not plugged into wall outlet; loose connection to charging unit; device incompatibility.	Verify the bed frame's power cord is securely plugged into a functional wall outlet. Check the connection of the charging unit within the headboard. Ensure your device is compatible.
Difficulty with assembly	Misaligned parts; incorrect hardware usage; missing steps.	Refer to the detailed Installation Manual. Double-check part numbers and orientation. Ensure holes are properly aligned before tightening. Contact customer support if parts are genuinely misaligned or missing.

## SPECIFICATIONS

<b>Model Number</b>	MAYIH0TXsJ
<b>Size</b>	King
<b>Material</b>	Metal frame, PU upholstered headboard
<b>Product Dimensions (L x W x H)</b>	86.2"L x 77.7"W x 43.3"H (approx. 218cm x 197.5cm x 110cm)
<b>Maximum Weight Recommendation</b>	1100 lbs (approx. 499 kg)
<b>Compatible Mattress Size</b>	8-10 inch thickness recommended
<b>Charging Station</b>	2 AC Outlets, 1 USB-C Port, 1 USB-A Port
<b>LED Lighting</b>	7 dynamic colors, adjustable brightness/speed, remote controlled
<b>Special Features</b>	Hidden storage headboard, under-bed shelves, squeak resistant (EVA-lined slats), space-saving design
<b>Assembly Required</b>	Yes, detailed instructions included

## WARRANTY AND SUPPORT

YITAHOME products are designed for quality and durability. For specific warranty details regarding your bed frame, please refer to the warranty card included in your package or visit the official YITAHOME website.
