9. BATTERY MANAGEMENT

The Bpad 10 SE is equipped with a 6000mAh battery for extended usage.

- **Capacity:** 6000mAh.
- **Usage Times:** Approximately 5 hours of gaming, 8 hours of movie playback, 6 hours of web surfing, or 20 hours of music playback.
- **Charging:** Use the provided adapter and USB-C cable for optimal charging.
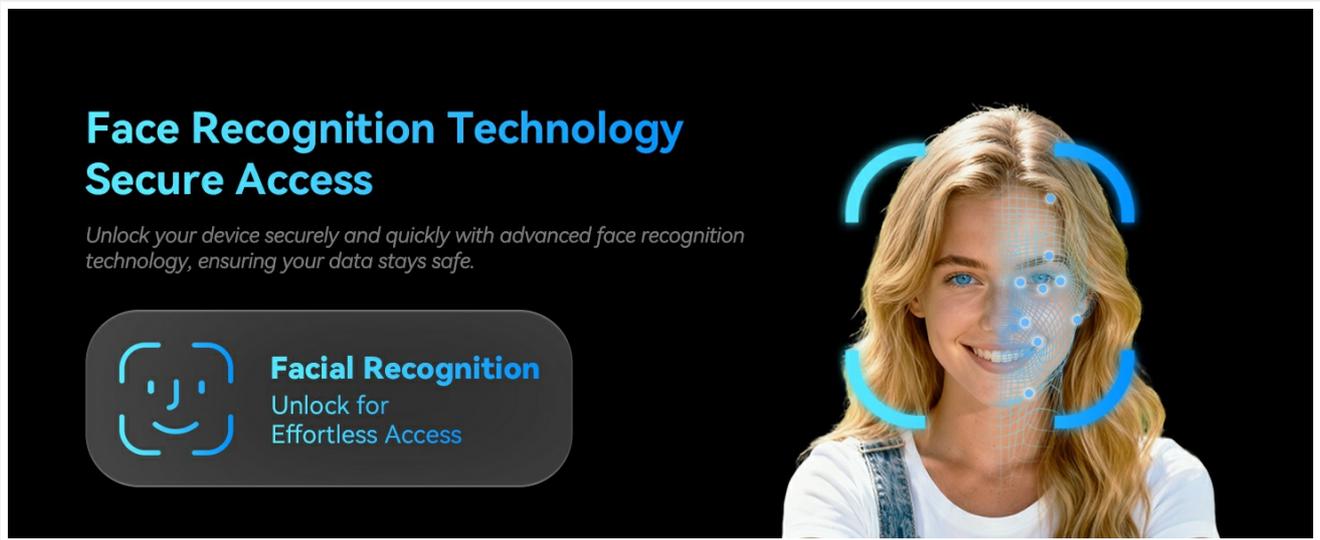

Figure 9.1: Battery Life and Charging

10. MAINTENANCE

Proper care and maintenance will extend the life of your tablet.

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive cleaners or solvents.
- **Protection:** Consider using a screen protector and a protective case to prevent scratches and damage.
- **Temperature:** Avoid exposing the tablet to extreme temperatures (hot or cold) or direct sunlight for prolonged periods.
- **Water Exposure:** Keep the tablet away from water and high humidity. This device is not waterproof.
- **Software Updates:** Regularly check for and install system updates to ensure optimal performance and security.

11. TROUBLESHOOTING

If you encounter issues with your tablet, refer to the following common solutions:

Problem	Possible Solution

Problem	Possible Solution
Tablet does not power on	Ensure the battery is charged. Connect to the charger for at least 30 minutes, then try powering on again.
Screen is unresponsive	Perform a forced restart by pressing and holding the Power Button for about 10-15 seconds.
Wi-Fi connection issues	Restart your Wi-Fi router. On the tablet, turn Wi-Fi off and on again. Forget the network and reconnect.
Apps are crashing or freezing	Clear the cache of the problematic app (Settings > Apps > [App Name] > Storage > Clear Cache). If the issue persists, uninstall and reinstall the app. Ensure your system software is up to date.
Slow performance	Close unnecessary background apps. Clear cached data. Ensure sufficient free storage space. Restart the tablet.

If these solutions do not resolve your issue, please contact customer support.
