MAINTENANCE AND CARE

Proper maintenance extends the life and appearance of your shoes. Follow these recommendations:

- **Cleaning:**

- For leather and synthetic surfaces, wipe with a damp cloth and mild soap.
- For textile areas, use a soft brush and mild detergent.
- Avoid harsh chemicals or machine washing, as this can damage materials and adhesives.

- **Drying:** Air dry shoes at room temperature. Do not use direct heat sources like radiators or hair dryers, as this can cause material shrinkage or cracking.

- **Storage:** Store shoes in a cool, dry place away from direct sunlight. Stuffing them with paper can help maintain their shape.
