Model: 71108 | Brand: BLOKEES

Introduction

This manual provides essential information for the BLOKEES Transformers Galaxy Version Wave 8: Passing the Torch 71108 Blind Box Figure Set. Each set contains nine randomly packed, non-repeating figures from a series of ten unique designs, which includes one secret rare figure. Individual blind boxes contain one random figure. These collectible figures are designed for display and light interaction.
The figures are made from high-quality ABS and PVC materials and are recommended for individuals aged 15 and up.

Product Overview

Figure Set Packaging: This image displays the outer packaging for the BLOKEES Transformers Galaxy Version Wave 8 blind box figure set, showing multiple individual boxes within a larger display box. The packaging features various Transformers characters and series branding.

The BLOKEES Transformers Galaxy Version Wave 8 series features a collection of highly detailed figures. The series includes 10 distinct designs, with one being a secret rare edition. When purchasing a set box, you will receive 9 non-repeating designs. Individual blind boxes contain one random figure.

- **Surprise Design:** Each blind box holds a single, randomly selected figure.
- **Rare Find:** Hidden editions are randomly inserted and are not guaranteed even with multiple purchases.
- **Design Variety:** The series offers 10 designs, including 1 secret figure. A complete set box contains 9 non-repeating designs.

Setup

The BLOKEES Transformers figures come pre-assembled and require no additional setup. Simply unbox your figures to reveal which character you have received.

1. Carefully open the outer packaging of the blind box set (if applicable).
2. Select an individual blind box.
3. Gently open the individual blind box to reveal your figure.
4. Remove the figure and any accessories from its internal packaging.
5. Inspect the figure for any manufacturing defects or damage upon unboxing.

Operating and Display

These figures are designed for display and light interaction. While they are not transformable, they feature articulation points allowing for various poses.

- **Posing:** Gently manipulate the articulated joints to position your figure as desired. Avoid excessive force to prevent breakage.
- **Display:** Place your figures on a stable, flat surface away from direct sunlight, extreme temperatures, and high humidity to preserve their condition.
- **Accessories:** Some figures may come with small accessories. Ensure these are securely attached or stored safely when not in use.

Seeker Figure: This image shows a Seeker-class Transformer figure, similar to Starscream, in a flight-ready pose, highlighting its articulation.

Sharkticon Figure: A figure resembling a Sharkticon, posed dynamically, demonstrating the variety of characters available in the series.

Galvatron-like Figure: An image of a figure resembling Galvatron, showcasing its detailed design and potential for display.

Maintenance and Care

To ensure the longevity and appearance of your BLOKEES Transformers figures, follow these care guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For more stubborn dirt, a slightly damp cloth with mild soap can be used, followed by immediate drying. Avoid harsh chemicals or abrasive materials.
- **Storage:** When not on display, store figures in a cool, dry place, away from direct sunlight and extreme temperatures. Original packaging can be used for long-term storage.
- **Handling:** Handle figures by their main body parts rather than delicate extremities or accessories to prevent accidental damage.

Troubleshooting

If you encounter any issues with your BLOKEES Transformers figures, please refer to the following:

- **Damaged or Defective Items:** If a figure arrives damaged or has a quality issue, please contact customer service immediately. Provide details and, if possible, photographs of the issue.
- **Missing Parts:** In the rare event of missing accessories or parts, contact customer service for assistance.
- **Stiff Joints:** If a joint is stiff, gently try to move it. Do not force it, as this may cause breakage. Applying a very small amount of silicone lubricant (specifically designed for plastics) might help, but proceed with caution.
