## 3. SETUP AND ASSEMBLY

Assembly of your Shintenchi U-Shaped Sectional Sofa is designed to be straightforward and requires no additional tools beyond what is provided. Please follow these steps carefully.

### Assembly Steps:

1. **Unpack all components:** Carefully remove all parts from their packaging. Lay them out on a clean, soft surface to prevent scratches. Ensure all 10 pieces and hardware are present.
2. **Attach the legs:** For each sofa section, locate the pre-drilled holes on the underside. Align

the sofa legs with these holes and secure them using the provided bolts and Allen wrench. Ensure all legs are tightened firmly.

3. **Connect the sections:** Arrange the sofa sections (chaises and middle pieces) in your desired U-shape configuration. Each section has metal connectors on its sides. Align these connectors and push the sections together until they securely interlock.
4. **Place cushions:** Unpack the vacuum-sealed cushions. Allow them 24-48 hours to fully expand to their intended shape and firmness. Place the seat cushions onto the sofa base and the back cushions against the backrest.
5. **Final check:** Once assembled, gently push and pull on the sofa to ensure all connections are stable and secure.

## 5. MAINTENANCE

Proper care and maintenance will extend the life and appearance of your Shintenchi U-Shaped Sectional Sofa.

### Cleaning Instructions:

- **General Cleaning:** For routine cleaning, gently wipe the upholstered fabric with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the fabric.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, a mild fabric cleaner designed for upholstery may be used, following the product's instructions and testing on an inconspicuous area first.
- **Vacuuming:** Regularly vacuum the sofa using an upholstery attachment to remove dust and debris.
- **Cushion Care:** Periodically fluff and rotate cushions to maintain their shape and even out wear.

### General Care:

- Avoid direct sunlight exposure for prolonged periods to prevent fading of the fabric.
- Keep pets with sharp claws away from the upholstery to prevent snags and tears.

- Periodically check and tighten all assembly hardware to ensure the sofa remains stable.
