

HOOBRO BB40UDFT01

HOOBRO 20 Gallon Fish Tank Stand with Power Outlets and LED Light

Model: BB40UDFT01

INTRODUCTION

This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your HOOBRO 20 Gallon Fish Tank Stand. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- Ensure all components are securely fastened before placing any weight on the stand.
- Do not exceed the maximum weight capacity: 300 lbs for the tabletop and 110 lbs for the bottom shelf.
- Keep electrical components (power strip, LED light) away from water to prevent electrical hazards.
- Place the stand on a level surface. Use the adjustable feet to ensure stability.
- This stand is designed for indoor use only.

PACKAGE CONTENTS

Verify that all components listed below are present before starting assembly:

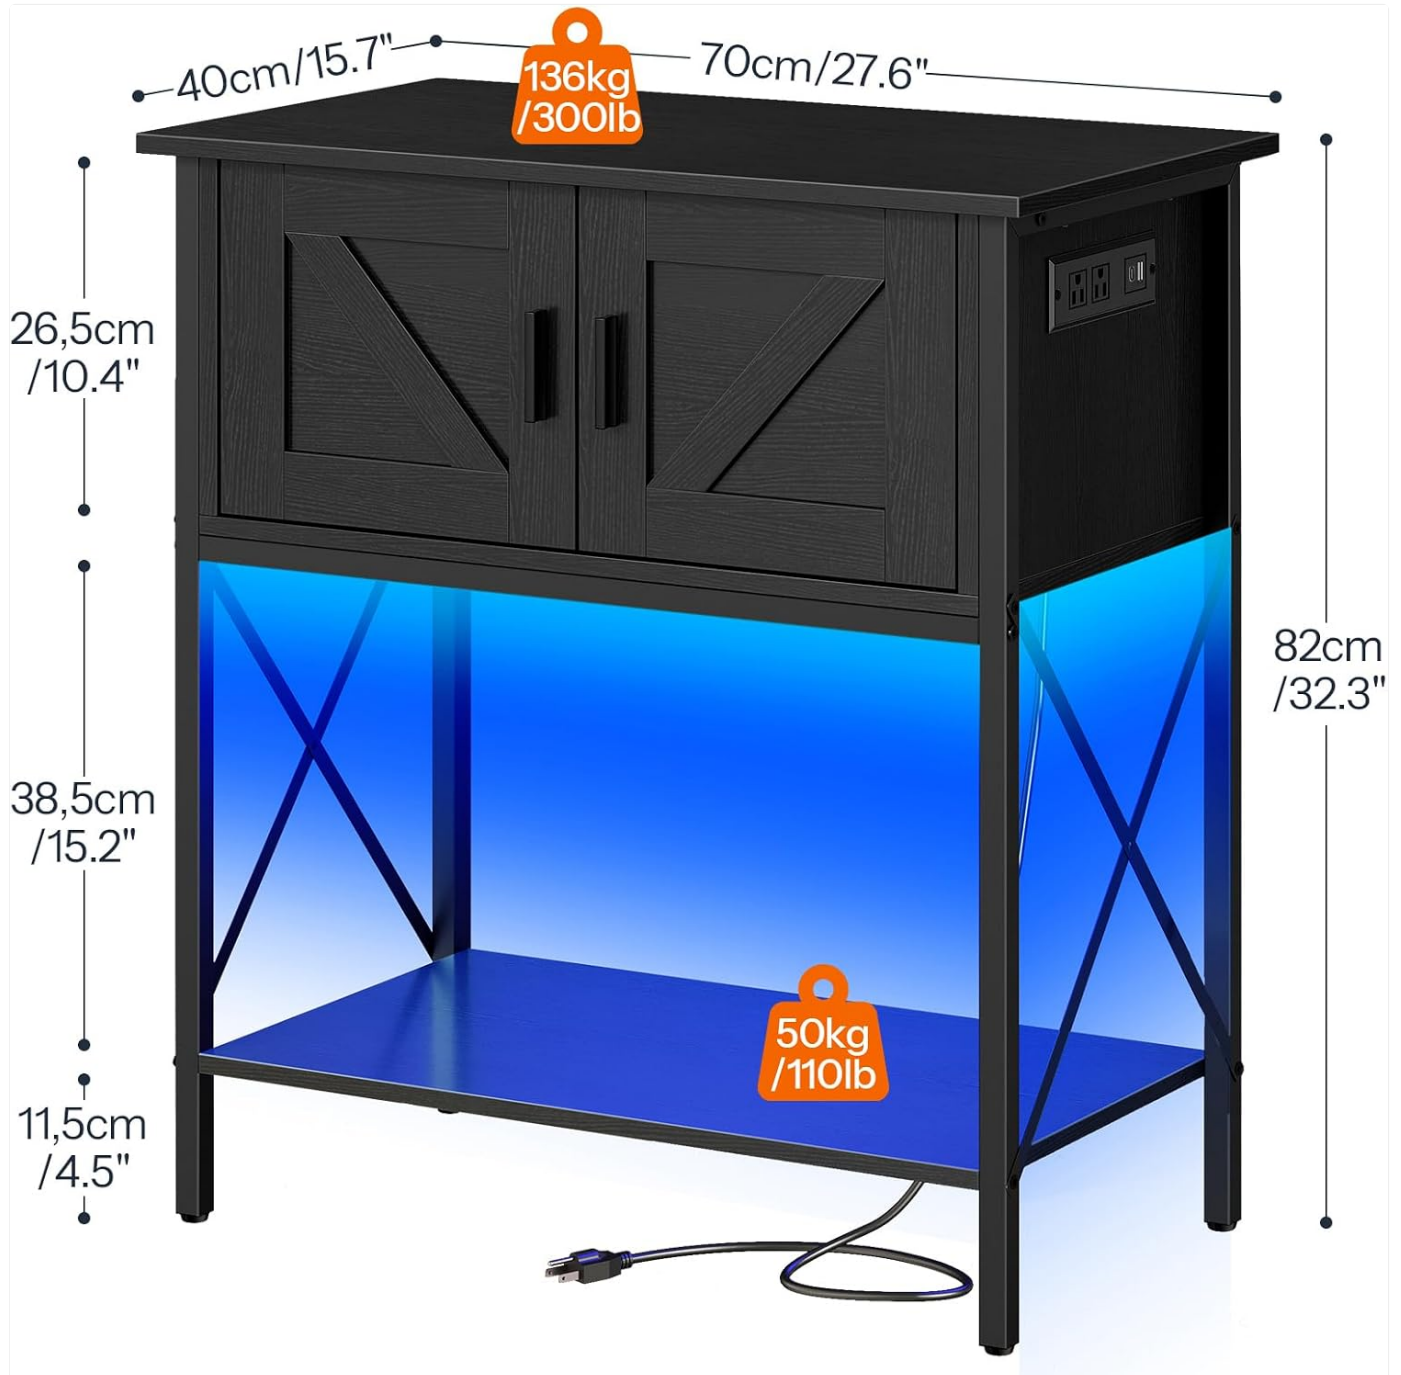

- Aquarium Stand Components (particleboard panels, metal frames)
- Accessory Kit (screws, bolts, tools)
- Power Strip (pre-installed or separate)
- LED Light Strip
- Illustrated Instruction Manual

SETUP AND ASSEMBLY

Assembly is required for this product. Each part is labeled with a serial number to facilitate the process. Please follow the step-by-step instructions provided in the included illustrated manual for proper assembly.

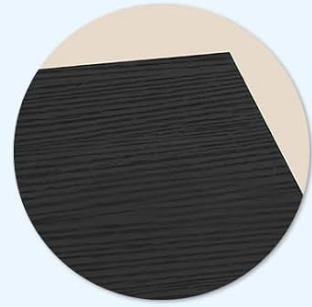

Key Assembly Steps:

1. Unpack all components and verify against the package contents list.
2. Assemble the metal frame structure according to the diagrams.
3. Attach the particleboard panels, including the cabinet and shelves.
4. Install the power strip and LED light strip as directed.
5. Adjust the feet to ensure the stand is level and stable on your chosen surface.

A detailed diagram illustrating the precise measurements of the fish tank stand, including its length, width, and height, along with the maximum weight it can support on both the top surface (300 lbs) and the bottom shelf (110 lbs).

OPERATING INSTRUCTIONS

Power Outlets and LED Light

The stand features an integrated power strip and an LED light strip for convenience.

- **Power Strip:** The power strip includes 2 AC outlets (120V/12A), 1 USB port (5V/2A), and 1 Type-C port (5V/2A). Use these to power your aquarium circulator, oxygen pump, heater, or other electronic devices. The power cord is 4.9 feet long.
- **LED Light Strip:** The LED light strip offers multiple colors and modes to enhance the visual appeal of your aquarium setup. Use the provided remote control to select from 16 colors, 6 brightness levels, and 4 lighting modes.

Handy Charging Station

Conveniently powering for lights, heaters and oxygen pumps.

- 1 AC Outlet -
120V/12A

- 1 USB Port -
5V/2A

- 1 Type-c Port -
5V/2A

- Power Cord -
4.9 - Foot

This image provides a close view of the convenient charging station built into the stand, showing two standard AC power outlets, a USB port, and a Type-C port for connecting various aquarium equipment and devices.

The stand is shown with its LED light strip active, casting a colorful glow on the lower shelf. An accompanying remote control is visible, indicating options for 16 colors, 6 brightness settings, and 4 distinct lighting modes.

Storage and Capacity

The stand is designed for versatile use with various tank sizes and includes a cabinet for accessory storage.

- **Tabletop:** The wide tabletop is suitable for a fish tank with up to a 20-gallon capacity.
- **Bottom Shelf:** The bottom shelf can accommodate a 5-10 gallon small fish tank, a turtle tank, or a reptile terrarium.
- **Middle Cabinet:** The enclosed cabinet provides discreet storage for fish food, nets, cleaning brushes, and other aquarium accessories, keeping your space tidy.

This image displays the HOOBRO fish tank stand in a home environment, featuring a 20-gallon aquarium on the top surface and a smaller tank on the lower shelf, highlighting its dual-level functionality and integrated LED lighting.

Hidden Storage Cabinet

Keep fish food, nets and cleaning brushes neatly.

This image focuses on the cabinet doors of the stand, which are open to display the interior storage compartment, designed to neatly organize fish food, nets, and other aquarium maintenance items.

MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your fish tank stand.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Spills:** Immediately wipe up any water spills to prevent damage to the particleboard.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight.

TROUBLESHOOTING

If you encounter issues with your HOOBRO fish tank stand, consider the following common solutions:

- **Stand is wobbly:** Ensure the stand is on a level surface. Adjust the leveling feet at the bottom of the legs until stability is achieved. Check that all assembly screws are tightened.

- **LED light not working:** Verify that the power strip is plugged into a functional wall outlet and that the LED light strip is correctly connected to the power strip. Check the remote control battery.
- **Power outlets not functioning:** Confirm the main power cord is securely plugged into a wall outlet. Test the wall outlet with another device.
