IMUSA LP-1213 Ultrasonic Humidifier User Manual

Model: LP-1213 | Brand: IMUSA

[Introduction](#) [Safety Precautions](#) [Package Contents](#) [Product Overview](#) [Setup](#) [Operation](#) [Maintenance](#) [Troubleshooting](#) [Specifications](#) [Warranty & Support](#)

1. INTRODUCTION

Thank you for purchasing the IMUSA LP-1213 Ultrasonic Humidifier. This manual provides important information for the safe and efficient use of your new humidifier. Please read it thoroughly before use and keep it for future reference.

This humidifier features a 2.5L capacity, top-fill design, 3-level mist adjustment, a timer, quiet operation, sleep mode, dry-burn protection, an LED panel, and remote control. It is designed to provide powerful humidification for areas up to 32 tatami mats (approximately 53 square meters) and can operate continuously for up to 32 hours.

朝まで潤う連続運転

ゆとりのある大容量サイズで、就寝前の給水でも朝までお使い頂けます

タンク容量
約2.5L

連続加湿
最大42H

静音性
24dB

6-35畳対応

Image: The humidifier highlights its 32-hour continuous operation and 2.5L tank capacity, suitable for extended use.

2. SAFETY PRECAUTIONS

To ensure safe operation and prevent damage, please observe the following precautions:

- Always place the humidifier on a firm, flat, water-resistant surface.
- Do not block the mist outlet or air inlet.
- Do not immerse the unit in water or other liquids.
- Unplug the humidifier before filling, cleaning, or moving it.
- Keep out of reach of children and pets.
- Use only clean tap water. Distilled or demineralized water is recommended to prevent mineral buildup.
- Do not add essential oils directly into the water tank. Use the designated aroma tray if available.
- The humidifier is equipped with an automatic shut-off feature that activates when the water level is too low (dry-burn prevention).
- This product is PSE certified, meeting Japanese electrical safety standards.

「Wの安心」 タイマー × 空焚き防止

二重の安全装置で、もっと心地よく。設定時間に自動OFFする「切タイマー」と、水切れ時に停止する「空焚き防止」機能を搭載。外出時や就寝時、お子様がいるご家庭でも安心してお使いいただけます。

Control Panel / Remote Button Functions

Icon	Function	Description
	Power / Mist Mode	Short press to turn ON/OFF and cycle through mist modes (Low, Medium, High). Long press to turn OFF.
	Timer / Sleep Mode	Short press to set off-timer (2, 4, 8 hours). Long press to activate Sleep Mode.
	Light	Short press to turn on RGB light and cycle through colors.
☼	Brightness	Short press to adjust LED light brightness.

Note: The remote control offers the same functions as the touch panel for convenient operation from a distance.

5. SETUP

5.1 Initial Placement

Place the humidifier on a flat, stable surface at least 15 cm (6 inches) away from walls and furniture. Ensure the mist outlet is not directed towards walls or electronic devices.

5.2 Filling the Water Tank

The IMUSA LP-1213 features a convenient top-fill design.

1. Ensure the humidifier is unplugged.
2. Remove the top cover.
3. Pour clean tap water directly into the water tank up to the MAX fill line. Avoid overfilling.
4. Alternatively, you can remove the entire water tank and fill it directly from a faucet.
5. Replace the top cover securely.

Image: Instructions for water supply, showing top-fill without removing the lid, top-fill by removing the lid, and direct filling of the tank from a faucet.

5.3 Adding Aroma Oils (Optional)

If your model includes an aroma tray, you can add water-soluble essential oils for a pleasant fragrance.

1. Locate the aroma tray (usually a small compartment on the side or back of the base unit).
2. Add a few drops of water-soluble essential oil onto the aroma pad.
3. Do not add oil directly into the water tank, as this can damage the unit.

アロマオイル対応
アロマオイルを数滴入れるだけで、ストレス解消心地よい環境を作り出すことができます。

省エネでお財布に優しい消費電力の少ない超音波式のみで使用する場合、電気代を気にすることなく使用できます。

8色が変わるおしゃれなライトに癒やされながら癒しの時間を過ごすことが可能です

6. OPERATING INSTRUCTIONS

6.1 Power On/Off and Mist Level Adjustment

1. Plug the humidifier into a power outlet. The unit will beep once.
2. Press the Power/Mist Mode button () once to turn on the humidifier at the default mist level (Low).
3. Press the Power/Mist Mode button repeatedly to cycle through mist levels: Low (approx. 160ml/h), Medium (approx. 260ml/h), High (approx. 400ml/h).
4. To turn off the humidifier, long press the Power/Mist Mode button.

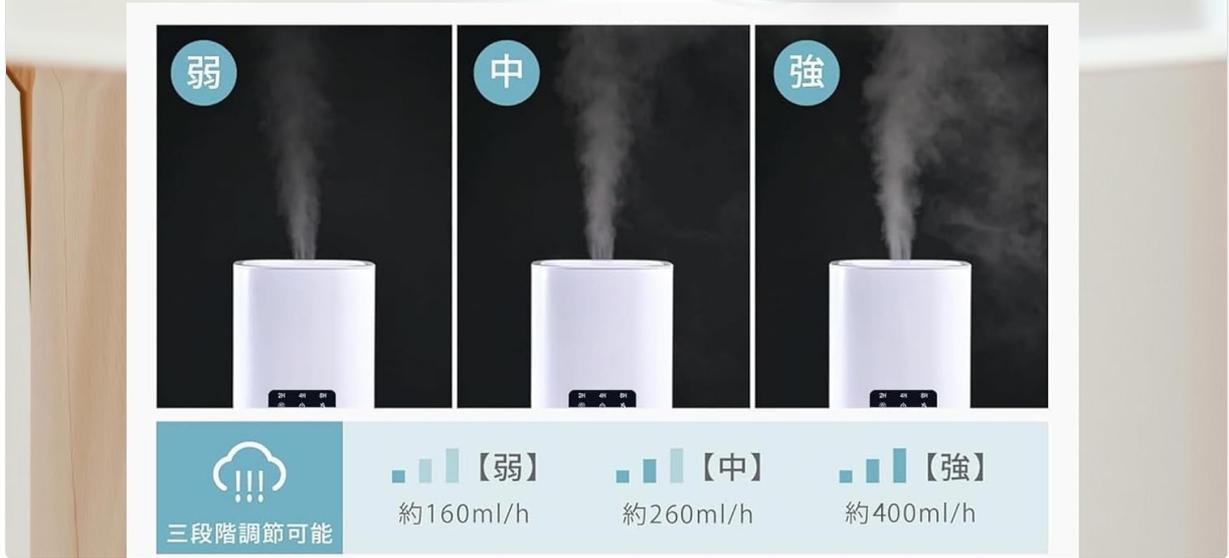

Image: Visual representation of the three adjustable mist levels: Low, Medium, and High, with corresponding output rates.

6.2 360° Rotating Nozzle

The mist outlet can be rotated 360 degrees to direct the mist flow in any desired direction.

Image: A hand demonstrating the 360-degree rotation of the mist nozzle for directional humidification.

6.3 Timer Function

Set the humidifier to automatically turn off after a specified period.

- Press the Timer/Sleep Mode button () repeatedly to set the timer for 2, 4, or 8 hours.
- The corresponding indicator light on the LED panel will illuminate.
- To cancel the timer, press the button until no timer indicator is lit.

6.4 Sleep Mode

Activate Sleep Mode for quiet operation and dimmed lights, ideal for nighttime use.

- Long press the Timer/Sleep Mode button () to enter Sleep Mode.
- In Sleep Mode, the humidifier operates quietly (approx. 24dB), and the LED display lights are dimmed or turned off.
- Long press the button again to exit Sleep Mode.

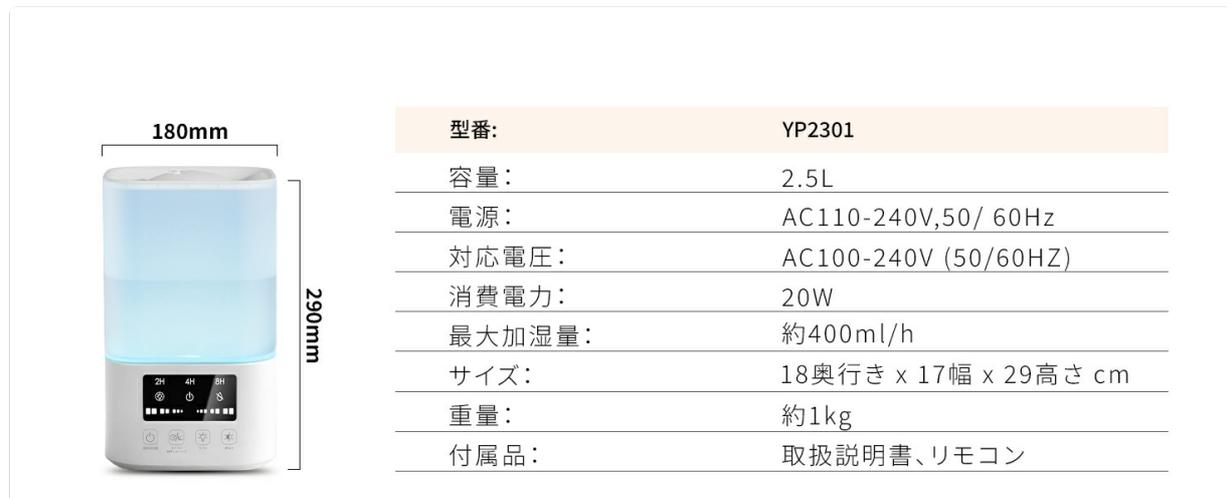

Image: The humidifier in Sleep Mode, demonstrating its quiet operation (24dB) suitable for a bedroom environment.

6.5 LED Mood Light

The humidifier features an 8-color gradient LED mood light.

- Press the Light button () to turn on the LED light.
- Press repeatedly to cycle through different colors or activate the automatic color-changing mode.
- Long press the Light button to turn off the LED light.

Image: The humidifier showcasing its 8-color mood light feature, enhancing the ambiance of a room.

7. MAINTENANCE

Regular cleaning is essential for optimal performance and hygiene.

7.1 Daily Maintenance

- Empty any remaining water from the tank and base unit.
- Rinse the water tank with fresh water.
- Wipe the base unit and mist outlet with a clean, damp cloth.

7.2 Weekly Cleaning

To prevent mineral buildup and ensure clean mist output:

1. Unplug the humidifier and disassemble the water tank from the base.
2. Fill the water tank with a mixture of equal parts white vinegar and water. Let it soak for 30 minutes.
3. Use a soft brush or cloth to clean the inside of the tank and the ultrasonic transducer in the base unit.
4. Rinse all components thoroughly with clean water until the vinegar smell is gone.
5. Dry all parts completely before reassembling.

Image: The humidifier disassembled into its main components for easy cleaning and maintenance, highlighting the removable water tank.

8. TROUBLESHOOTING

If you encounter any issues, please refer to the following table before contacting customer support.

Problem	Possible Cause	Solution
No mist or weak mist	Low water level Mineral buildup on transducer Mist outlet blocked	Refill water tank Clean transducer with vinegar solution Clear any obstructions from mist outlet
Unit does not turn on	Not plugged in Power outage Water tank not properly seated	Check power connection Check household power Ensure water tank is correctly placed on the base

Problem	Possible Cause	Solution
Unusual odor	Stagnant water Dirty water tank/base	Empty and refill with fresh water daily Clean the water tank and base thoroughly
Water leakage	Water tank not properly sealed Overfilled tank	Ensure tank is correctly seated and lid is secure Do not exceed the MAX fill line
