Kikkerland Inkerie Perfume Atomizer User Manual

Model: INK34-A

INTRODUCTION

The Kikkerland Inkerie Perfume Atomizer is a compact and reusable spray bottle designed for carrying your favorite fragrances. Its sleek design makes it ideal for travel, allowing you to conveniently transport perfume or cologne without needing to carry large bottles. This manual provides instructions for its proper setup, operation, and maintenance.

SETUP: FILLING THE ATOMIZER

To fill your Inkerie Perfume Atomizer, follow these steps:

1. **Remove the Cap:** Carefully remove the top cap of the atomizer to expose the spray nozzle.
2. **Access the Reservoir:** Unscrew the top section of the atomizer from the glass reservoir.
3. **Insert Funnel:** Place the provided small funnel into the opening of the glass reservoir.
4. **Pour Fragrance:** Slowly pour your desired perfume or cologne into the funnel. Fill up to the 8ml capacity mark, if visible, or leave a small air gap at the top to prevent overfilling.
5. **Secure Top Section:** Remove the funnel and carefully screw the top section back onto the glass reservoir until it is secure. Do not overtighten.
6. **Replace Cap:** Place the cap back onto the atomizer.

OPERATING INSTRUCTIONS

To use your filled perfume atomizer:

1. **Remove Cap:** Take off the protective cap from the atomizer.
2. **Position:** Hold the atomizer upright, pointing the nozzle towards the area where you wish to apply the fragrance.
3. **Spray:** Press down firmly and quickly on the spray button to release a fine mist of fragrance. Repeat as desired.
4. **Replace Cap:** After use, replace the cap to protect the nozzle and prevent accidental sprays.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your atomizer.

- **Cleaning:** To clean the atomizer, empty any remaining fragrance. Fill the reservoir with warm water and spray until the water runs clear. For a deeper clean, you may add a small amount of rubbing alcohol to the water. Rinse thoroughly with clean water afterwards.
- **Drying:** Allow all components to air dry completely before reassembling or refilling.
- **Storage:** Store the atomizer in a cool, dry place away from direct sunlight when not in use.

TROUBLESHOOTING

If you encounter issues with your atomizer, refer to the following common problems and solutions:

- **Atomizer is not spraying:**
 - Ensure the reservoir contains enough liquid.
 - Check if the nozzle is clogged. Try cleaning it by spraying warm water through it.

- Verify that the top section is securely screwed onto the glass reservoir.
- **Leaking:**
 - Ensure all parts are tightly screwed together.
 - Do not overfill the reservoir; leave a small air gap.
 - Check for any visible damage to the seals or glass.
- **Weak spray:**
 - The atomizer might be running low on fragrance.
 - The nozzle might be partially clogged. Clean as described in the "Maintenance" section.
