KAMING Z2

KAMING AI Box Wireless CarPlay & Android Auto Adapter (Model Z2) Instruction Manual

Your guide to setting up and using your KAMING AI Box for a smarter driving experience.

INTRODUCTION

The KAMING AI Box Wireless CarPlay & Android Auto Adapter (Model Z2) transforms your wired CarPlay or Android Auto system into a wireless one, offering enhanced multimedia and navigation capabilities. This device supports both Apple CarPlay (iOS 9+) and Android Auto (Android 10+) and is compatible with a wide range of car models that feature OEM wired CarPlay. It integrates a 4-core upgraded smart IC chip with 5G/2.4G dual-band technology for stable and responsive performance, allowing access to streaming services like Netflix and YouTube directly on your car's display.

SETUP INSTRUCTIONS

What's Included

- 1 x KAMING AI Box Wireless CarPlay & Android Auto Adapter
- 1 x USB-C to A Cable
- 1 x USB-C to C Cable
- 1 x User Manual

Initial Connection

The KAMING AI Box is designed for true plug-and-play functionality. After the initial setup, the adapter will automatically pair with your car and phone within seconds upon starting your vehicle. Simply connect the device to your car's existing wired CarPlay USB port. For optimal performance, ensure your phone's previous Bluetooth/Wi-Fi connection to the car is disconnected before initiating the setup process.

Pairing with Your Phone (CarPlay)

Follow these steps to pair your iPhone with the KAMING AI Box for Wireless CarPlay:

1. Connect the Z2 box to your car's USB port.
2. On your car's screen, click the 'CarPlay' icon.
3. On your iPhone, turn on both Wi-Fi and Bluetooth simultaneously.
4. Search for the Z2 box's Bluetooth name (e.g., 'BT-XXXX') in your iPhone's Bluetooth settings and pair.
5. After successful pairing, your car's screen will automatically switch to CarPlay.

Your browser does not support the video tag.

Pairing with Your Phone (Android Auto)

Follow these steps to pair your Android phone with the KAMING AI Box for Wireless Android Auto:

1. Connect the Z2 box to your car's USB port.
2. On your car's screen, click the 'Auto' icon.
3. On your Android phone, turn on both Wi-Fi and Bluetooth simultaneously.
4. Search for the Z2 box's Bluetooth name (e.g., 'BT-XXXX') in your Android phone's Bluetooth settings and pair.
5. After successful pairing, your car's screen will automatically switch to Android Auto.

OPERATING INSTRUCTIONS

Wireless CarPlay and Android Auto Functionality

The KAMING AI Box supports both Apple CarPlay and Android Auto, providing a seamless wireless connection to your smartphone. It is compatible with iPhones (iOS 9+) and Android phones (Android 10+) and works with approximately 95% of cars equipped with OEM wired CarPlay. The device features a powerful 5G dual-band chip with a 4-core upgraded smart IC, enhancing Wi-Fi signals, reducing call delays, minimizing music noise, and providing ultra-responsive GPS navigation without lag or dropouts.

3 in 1 Wireless CarPlay Adapter

Control and Convenience

The adapter maintains full compatibility with your car's existing controls, including Siri voice control, touch screen, physical knobs, and steering wheel controls. This ensures a smooth and intuitive user experience without interruptions. The compact design of the adapter helps keep your car interior neat and clutter-free, and eliminates the wear and tear on your phone's charging port from constant plugging and unplugging.

INSTALLING ADDITIONAL APPLICATIONS

The KAMING AI Box allows for the installation of additional applications via a USB flash drive. To install new apps:

1. Create a folder named 'zxwapk' on your computer.
2. Download the APK files of the apps you wish to install and place them into the 'zxwapk' folder.
3. Copy the entire 'zxwapk' folder onto a USB flash drive.
4. Insert the USB flash drive into the USB port of the Z2 box.
5. The system will automatically detect and prompt you to install the applications. Follow the on-screen instructions to complete the installation.
6. Once installation is complete, the new apps will be accessible on your car's screen.

Your browser does not support the video tag.

MAINTENANCE

To ensure the longevity and optimal performance of your KAMING AI Box, follow these simple maintenance guidelines:

- Keep the device clean and free from dust and debris. Use a soft, dry cloth for cleaning.
- Avoid exposing the device to extreme temperatures, direct sunlight for prolonged periods, or high humidity.
- Do not attempt to disassemble or repair the device yourself, as this will void the warranty.
- Ensure proper ventilation around the device when in use to prevent overheating.

TROUBLESHOOTING

If you encounter any issues with your KAMING AI Box, please try the following steps:

- **No Connection:** Ensure the device is securely plugged into the car's USB port. Verify that your phone's Wi-Fi and Bluetooth are both enabled. Try restarting both your phone and the car's infotainment system.
- **Intermittent Connection:** Check for any interference from other wireless devices. Ensure the device is not obstructed. Try re-pairing your phone with the AI Box.
- **App Issues:** If an app is not functioning correctly, try restarting the AI Box. Ensure the app's APK file was correctly installed and is the latest version.
- **Slow Performance:** Close any unnecessary background applications on your phone. Ensure your phone has a strong Wi-Fi signal if streaming online content.

If the problem persists after attempting these troubleshooting steps, please contact customer support for further assistance.
