

Rolife D-G-181

Rolife A-Frame Cabin DIY Miniature House Kit Instruction Manual

Model: D-G-181 | Brand: Rolife

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of the Rolife A-Frame Cabin DIY Miniature House Kit, Model D-G-181. This kit allows for the construction of a miniature A-Frame cabin model, featuring intricate details and a cozy atmosphere. The kit is designed for individuals aged 14 years and older.

2. SAFETY INFORMATION

- Keep all components away from naked flames or direct heat sources to prevent damage or fire.
- This kit contains small parts. Keep out of reach of young children to avoid choking hazards.
- Exercise caution when handling tools (not included) during assembly, such as scissors or craft knives, to prevent injury.
- Ensure proper ventilation if using adhesives (not included) during assembly.

3. PACKAGE CONTENTS

Verify that all the following components are present in your kit:

- Wooden boards (pre-cut)
- MDF (Medium-Density Fiberboard) pieces
- Plastic parts
- Paper components
- Detailed assembly instructions booklet
- LED lighting components

If any components are missing or damaged, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

The Rolife A-Frame Cabin kit is designed for bayonet assembly, meaning many pieces snap together without the need for glue. However, some steps may benefit from or require adhesive (not included) for added stability. Follow the included detailed instruction booklet for step-by-step guidance.

1. **Preparation:** Unpack all components and organize them according to the numbering in the instruction booklet. Ensure you have a clean, well-lit workspace.
2. **Component Identification:** Familiarize yourself with the various wooden, MDF, plastic, and paper parts. Refer to the diagrams in the manual for identification.
3. **Step-by-Step Assembly:** Follow the numerical sequence provided in the instruction booklet. Each step will guide you through connecting specific parts. Pay close attention to the orientation of each piece.
4. **LED Light Installation:** The kit includes LED lighting. Install these components as directed in the manual to illuminate the interior of the cabin. Ensure all connections are secure.
5. **Detailing:** Once the main structure is complete, add the smaller decorative elements such as furniture, plants, and other accessories to bring your miniature cabin to life.

The assembly process typically takes approximately 7 hours. No glue is required for the primary structural assembly, but it may be used for smaller decorative elements if desired.

5. OPERATING INSTRUCTIONS

The A-Frame Cabin features integrated LED lighting to enhance its display. To operate the lights:

- Ensure the LED components are correctly installed as per the assembly instructions.
- Connect the power source (e.g., battery box, if included and specified in the manual) to activate the lights.
- Switch the lights on/off using the designated switch, if present.

Refer to the specific wiring diagrams in your instruction booklet for detailed electrical connections.

6. MAINTENANCE

To ensure the longevity and appearance of your miniature A-Frame Cabin:

- **Cleaning:** Gently dust the model with a soft, dry cloth or a soft brush. Avoid using liquid cleaners, which may damage the wood or paper components.
- **Storage:** Store the model in a dry environment, away from direct sunlight and extreme temperatures, to prevent warping or fading of materials.
- **Handling:** Handle the assembled model with care to avoid dislodging small parts.

7. TROUBLESHOOTING

- **Missing or Damaged Parts:** If you discover any missing or damaged parts upon opening the kit, please contact the seller or manufacturer for assistance.
- **Difficulty in Assembly:** Refer back to the detailed instruction booklet and diagrams. Ensure all pieces are correctly oriented and aligned before attempting to snap them together. Do not force pieces if they do not fit easily.
- **LED Lights Not Working:** Check all electrical connections for proper contact. Ensure batteries (if applicable) are correctly inserted and charged.
