COLMI L28

COLMI L28 Smartwatch User Manual

Model: L28

1. INTRODUCTION

Thank you for choosing the COLMI L28 Smartwatch. This device is designed to enhance your daily life with its advanced features, including a 1.32-inch AMOLED display, Bluetooth calling, comprehensive health monitoring, and multiple sports modes. This manual provides essential information for setup, operation, maintenance, and troubleshooting to ensure optimal use of your smartwatch.

Image: The COLMI L28 Smartwatch is available in various colors and strap options, including black, rose gold, silver with mint green, and silver with lavender.

2. WHAT'S IN THE BOX

Upon opening your COLMI L28 Smartwatch package, please verify that all the following items are included:

- COLMI L28 Smartwatch (with pre-installed strap)
- Additional Three-steel watch strap (for models that include it)
- Charging Cable
- Instruction Manual (this document)

3. PRODUCT OVERVIEW

3.1. 1.32-inch AMOLED Display

The COLMI L28 features a vibrant 1.32-inch AMOLED spherical display with a resolution of 390 x 390 pixels. This screen offers vivid colors, deep blacks, and wide viewing angles, providing a clear and detailed visual experience. The Always-On Display technology ensures that time and essential information are visible at a glance without needing to activate the screen.

3.2. Ultra-Thin Design

The smartwatch boasts an ultra-thin case, measuring only 7.9 mm, contributing to its lightweight and comfortable wear.

4. SETUP

4.1. Charging the Smartwatch

Before initial use, fully charge your COLMI L28 Smartwatch. Connect the provided charging cable to the charging contacts on the back of the watch and to a USB power source. The watch display will indicate charging status. A full charge typically takes approximately 2 hours.

4.2. App Installation and Pairing

To unlock the full functionality of your smartwatch, download and install the companion app on your smartphone. The app is compatible with both iOS and Android devices.

1. Scan the QR code in the quick start guide or search for 'COLMI Fit' (or specified app name) in your phone's app store.
2. Install the app and create an account or log in.
3. Ensure Bluetooth is enabled on your smartphone.
4. Open the app, navigate to the 'Device' section, and select 'Add Device'.
5. Select 'COLMI L28' from the list of available devices.
6. Follow the on-screen prompts to complete the pairing process. Confirm the pairing request on both your phone and the smartwatch.

4.3. Changing Watch Straps

The COLMI L28 is designed for easy strap changes without tools. To change a strap, locate the quick-release pins on the underside of the strap where it connects to the watch body. Slide the pin inwards to detach the strap. To attach a new strap, align the pin with the corresponding hole on the watch, slide the pin inwards, and release it into the hole on the other side. Gently tug the strap to ensure it is securely fastened.

5. OPERATING INSTRUCTIONS

5.1. Basic Navigation

- **Swipe Up:** Access quick settings or notifications (depending on watch face).
- **Swipe Down:** Access quick settings or notifications (depending on watch face).
- **Swipe Left/Right:** Navigate through widgets and main features (e.g., activity, heart rate, weather).
- **Press Side Button:** Wake up the screen, return to the main watch face, or access the app menu.
- **Tap:** Select an item or confirm an action.

5.2. Bluetooth Calling

The smartwatch supports Bluetooth calling, allowing you to make and receive calls directly from your wrist when connected to your smartphone.

Bluetooth Calling

Built-in microphone and speaker. Make and receive calls directly on your watch, anytime, anywhere.

Image: The smartwatch allows you to manage calls, view contacts, and check call logs directly from your wrist.

5.3. Health Monitoring

The COLMI L28 acts as a personal health assistant, continuously monitoring various health metrics.

- **Heart Rate Monitoring:** Monitors your heart rate 24 hours a day and can alert you if it exceeds a set warning value.
- **Blood Oxygen Detection:** Measures your blood oxygen saturation levels to help you understand your respiratory health.
- **Sleep Monitoring:** Provides a detailed breakdown of your sleep cycles, including light, deep, and REM sleep, offering insights for healthier sleep habits.
- **Women's Health Cycle Management:** Offers thoughtful menstrual cycle reminders and tracks your cycle, fertile window, and ovulation.
- **Stress Detection & Breathing Exercises:** Monitors stress levels and guides you through breathing exercises to help manage stress.

Real heart rate detection

Monitor your heart rate 24 hours a day and vibrate to alert you when it exceeds the warning value.

5.7. Other Features

The smartwatch includes several other practical features:

- **AI Assistant:** Your AI companion on the wrist for managing daily tasks and answering queries.
- **Music Controls:** Control music playback on your smartphone directly from the watch.
- **Alarm Clock:** Set alarms to wake you up or remind you of important events.
- **Timer/Stopwatch:** Useful tools for various activities.
- **Weather Forecast:** Get real-time weather updates.
- **Camera Control:** Remotely control your phone's camera.
- **Drink Water Reminder:** Helps you stay hydrated.

6. MAINTENANCE

6.1. Cleaning

Regularly clean your smartwatch and straps to prevent skin irritation and maintain device performance. Use a soft, lint-free cloth. If necessary, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive materials.

6.2. Water Resistance

The product video and feature bullets indicate an IP68 waterproof level and 1ATM waterproof rating, suggesting resistance to dust and immersion in water up to 1.5 meters for 30 minutes, suitable for daily use. However, the product specifications explicitly state "Water Resistance Level: Not Water Resistant." Due to this contradiction, it is strongly advised to treat the COLMI L28 Smartwatch as **NOT WATER RESISTANT** to prevent potential damage. Avoid exposing the device to water, including showering, swimming, or heavy rain, until official clarification from the manufacturer is obtained. Water damage is typically not covered under warranty.

Your browser does not support the video tag.

Video: This video demonstrates various features of the COLMI L28 Smartwatch, including its display, calling function, AI assistant, health tracking, sports modes, customization, and water resistance. Please note the conflicting information regarding water resistance in the product specifications and exercise caution.

7. TROUBLESHOOTING

If you encounter issues with your COLMI L28 Smartwatch, refer to the following common problems and solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charging cable and a power source for at least 30 minutes.
- **Cannot pair with smartphone:**

- Ensure Bluetooth is enabled on your phone and the watch.
- Make sure the watch is within range of your phone.
- Restart both your phone and the smartwatch.
- Clear the app's cache or reinstall the app.

- **Notifications not appearing:**

- Check app notification settings on your phone and within the smartwatch app.
- Ensure the watch is properly connected via Bluetooth.
- Disable any 'Do Not Disturb' modes on both devices.

- **Inaccurate health data:**

- Ensure the watch is worn snugly on your wrist, not too tight or too loose.
- Clean the sensors on the back of the watch.
- Avoid excessive movement during measurements.

- **Time/Date incorrect:** Ensure the watch is properly synced with the companion app on your smartphone. The time and date should automatically update upon successful pairing.

If these steps do not resolve the issue, please contact COLMI customer support for further assistance.

8. SPECIFICATIONS

Feature	Specification
