

Joma Toledo Junior Indoor

Joma Toledo Junior Indoor Soccer Shoes Instruction Manual

Model: Toledo Junior Indoor (TJUW2201IN)

INTRODUCTION

Thank you for choosing Joma Toledo Junior Indoor Soccer Shoes. These shoes are engineered for young athletes playing futsal and other indoor court sports. They combine comfort, durability, and performance features to support dynamic play.

Key features include:

- **Built for Futsal & Indoor Play:** Designed specifically for indoor courts, providing optimal comfort, control, and grip.
- **Soft & Lightweight Upper:** One-piece synthetic Fibertec upper adapts to the foot for a customized fit and improved ball touch.
- **Enhanced Heel Stability:** An ergonomic heel counter offers additional protection and support for quick movements and safe landings.
- **Non-Marking Outsole:** The durable rubber sole ensures superior traction on gym floors and indoor courts without leaving marks.

SETUP: WEARING YOUR SHOES

Proper fitting and lacing are crucial for comfort and performance.

1. **Sizing:** Ensure you have selected the correct size. Refer to Joma's sizing guide if unsure. The shoes should fit snugly but not uncomfortably tight, allowing for natural foot movement.
2. **Putting On:** Loosen the laces sufficiently before inserting your foot. This prevents strain on the shoe material and your foot.
3. **Lacing:** Adjust the laces to achieve a secure and comfortable fit across the top of your foot. Avoid overtightening, which can restrict circulation, or leaving them too loose, which can lead to instability. Tie a double knot to prevent untying during play.

OPERATING: USING YOUR SHOES FOR PLAY

These shoes are designed for optimal performance on specific surfaces.

- **Intended Use:** Exclusively for indoor courts, such as futsal pitches and gym floors. The non-marking rubber sole is specifically engineered for these surfaces.
- **Traction:** The specialized rubber outsole provides excellent grip, enabling quick changes in direction, acceleration, and deceleration without slipping.
- **Ball Control:** The Fibertec upper offers a consistent and soft touch on the ball, aiding in dribbling, passing, and shooting.
- **Stability:** The reinforced heel and supportive fit contribute to overall foot stability, reducing the risk of injury during intense play.

MAINTENANCE AND CARE

Proper care extends the life and maintains the performance of your Joma Toledo Junior Indoor Soccer Shoes.

- **Cleaning the Upper:**
 - Wipe the synthetic Fibertec upper with a damp cloth after each use to remove dirt and dust.
 - For stubborn stains, use a mild soap solution and a soft brush, then wipe clean with a damp cloth.
 - Avoid harsh chemicals or abrasive cleaners, as these can damage the material.
- **Cleaning the Sole:**
 - Brush off any debris from the rubber outsole.
 - Wipe the sole with a damp cloth to maintain its non-marking properties and grip.
- **Drying:**
 - Allow shoes to air dry naturally at room temperature.
 - Do not expose to direct sunlight or artificial heat sources (e.g., radiators, hair dryers), as this can cause material degradation.
 - Stuffing the shoes with newspaper can help absorb moisture and maintain shape.
- **Storage:** Store shoes in a cool, dry place away from direct sunlight when not in use.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Discomfort or Blisters:**

- Ensure the shoes are properly broken in. New shoes may require a few wear sessions to conform to the foot.
- Check lacing. Adjust tightness to avoid pressure points.
- Verify correct sizing. Shoes that are too small or too large can cause discomfort.
- Wear appropriate athletic socks designed for sports to reduce friction.

- **Reduced Grip:**

- Clean the outsole thoroughly to remove any accumulated dirt or residue that might be affecting traction.
- Ensure the playing surface is clean and dry.
- If the sole appears worn smooth, it may be time to replace the shoes for safety and performance.

- **Laces Untying Frequently:**

- Use a double knot when tying laces.
- Consider replacing laces if they are old or excessively slippery.

SPECIFICATIONS

Feature	Detail
---------	--------

Brand	Joma
Model Name	Toledo Junior Indoor
Model Number	TJUW2201IN
Department	Unisex-child
Outer Material	Fibertec (Synthetic)
Inner Material	Synthetic Fibertec
Sole Material	Rubber (Non-marking)
