SETUP

Charging the Headphones

Before first use, fully charge your Y06 headphones. Connect the provided Type-C charging cable to the charging port on the headphone and a compatible USB power source. The LED indicator will show charging status and turn off when fully charged.

charged. A full charge provides up to 58 hours of playtime.

Power On/Off

- **Power On:** Press and hold the Power button for 3 seconds.
- **Power Off:** Press and hold the Power button for 3 seconds.

Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button for 5 seconds until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for "Y06".
4. Select "Y06" from the list of available devices to connect. The LED indicator will turn solid blue once connected.

Wired Connection

To use the headphones in wired mode, connect the provided 3.5mm audio cable to the audio jack on the headphone and your audio device. This mode is useful when the battery is low or for devices without Bluetooth connectivity.

TROUBLESHOOTING

If you encounter any issues with your Wentronic Y06 headphones, please refer to the following common solutions:

Problem	Solution
Headphones won't power on.	Ensure the headphones are fully charged. Connect to a power source and try again.

Problem	Solution
Cannot pair via Bluetooth.	Make sure the headphones are in pairing mode (LED flashing blue/red). Turn off and on Bluetooth on your device. Ensure your device is within range (10 meters). Forget "Y06" from your device's Bluetooth list and try pairing again.
No sound or low volume.	Check the volume levels on both the headphones and your connected device. Ensure the headphones are properly paired or the 3.5mm audio cable is securely connected. Try a different audio source or cable.
Noise Cancellation not working effectively.	Ensure ANC mode is activated (long press Mode button). Check that the earcups form a good seal around your ears.
Microphone not working.	Ensure the headphones are connected via Bluetooth (microphone functionality is typically not available in wired mode). Check your device's audio input settings to ensure the headphone microphone is selected.
