LCAOPC LCA-MZ10BK02

LCAOPC 71" Tall Metal Wardrobe Closet Instruction Manual

Model: LCA-MZ10BK02

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your LCAOPC 71" Tall Metal Wardrobe Closet. Designed for versatile storage, this cabinet features a durable metal construction, adjustable shelving, and a hanging rod, suitable for various rooms including bedrooms, offices, and laundry areas. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

SAFETY INFORMATION

WARNING: To prevent injury, this cabinet must be securely attached to the wall using the provided anti-tipping device. Failure to do so can result in serious injury or death from tipping furniture.

Image: Illustration of the anti-tipping device installation, demonstrating how to secure the wardrobe to prevent accidental tipping.

- Always follow assembly instructions carefully.
- Do not allow children to climb on or play with the cabinet.
- Ensure the cabinet is placed on a level surface.
- Distribute weight evenly on shelves and hanging rod.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- Wardrobe Panels (sides, top, bottom, back, doors)

- Adjustable Shelves (5 included for this model)
- Hanging Rod
- Hardware Pack (screws, bolts, connectors, golden handles, magnet closures)
- Adjustable Non-Slip Feet
- Anti-Tipping Device
- Assembly Instructions

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly typically requires two people. Please refer to the included assembly instructions for detailed step-by-step diagrams. The following provides a general overview and key considerations.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Identify each part using the provided parts list in the separate assembly guide.
2. **Assemble Frame:** Connect the side panels to the base and top panels using the provided hardware. Ensure all connections are secure.
3. **Install Back Panels:** Attach the back panels to the assembled frame.
4. **Install Adjustable Shelves:** Insert the shelf pins into the desired height holes on the side panels. Place the adjustable shelves onto the pins. The shelves can be repositioned later to suit your storage needs.
5. **Install Hanging Rod:** Secure the hanging rod supports to the designated locations and insert the rod.
6. **Attach Doors:** Mount the doors to the cabinet frame using the hinges. Adjust hinges as necessary to ensure proper alignment and smooth operation.
7. **Attach Handles and Magnet Closures:** Install the golden handles on the doors and attach the magnet closures to ensure the doors close tightly.
8. **Attach Adjustable Feet:** Screw the adjustable non-slip feet into the base of the cabinet. Adjust them to level the cabinet on uneven floors.
9. **Secure Anti-Tipping Device:** This is a critical safety step. Follow the instructions provided with the anti-tipping device to securely anchor the cabinet to a wall.

OPERATING INSTRUCTIONS

- **Opening and Closing Doors:** Use the golden handles to open and close the two barn-style doors. The integrated magnet closures ensure the doors remain securely shut when not in use.
- **Adjusting Shelves:** To adjust the height of the shelves, remove all items from the shelf. Lift the shelf slightly and remove the shelf pins from their current holes. Reinsert the pins into the desired new height holes, ensuring they are level, then place the shelf back onto the pins.
- **Utilizing Hanging Rod:** The sturdy aluminum alloy hanging rod is designed for clothes. Ensure items hung do not exceed the maximum weight capacity.
- **Customizing Storage:** The position of the hanging rod and adjustable shelves can be exchanged between the left and right sections of the armoire, offering flexibility to organize your items as needed.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the

powder-coated finish.

- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Adjustable Feet:** Re-adjust the non-slip feet if the cabinet becomes unstable or if moved to a new location.
- **Anti-Tipping Device:** Regularly inspect the anti-tipping device to ensure it is still securely attached to both the cabinet and the wall.

TROUBLESHOOTING

Doors do not close tightly:

- Check if the magnet closures are properly aligned and securely attached.
- Ensure the cabinet is level by adjusting the non-slip feet.
- Verify that no items inside the cabinet are obstructing the doors.
- Inspect hinges for proper installation and adjustment.

Cabinet is wobbly or unstable:

- Adjust the non-slip feet to ensure all four feet are firmly on the ground and the cabinet is level.
- Check all assembly screws and tighten any loose connections.
- Confirm the anti-tipping device is correctly installed and secured to the wall.

Shelves are not level:

- Ensure shelf pins are inserted into corresponding holes on both sides at the same height.
- Verify that the cabinet itself is level.

SPECIFICATIONS

Brand	LCAOPC
Model Number	LCA-MZ10BK02
