Aoxun G37007BR03A-YF-AX-10.30

Aoxun 61x32In Outdoor Metal Storage Cabinet Instruction Manual

Model: G37007BR03A-YF-AX-10.30 | Brand: Aoxun

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Aoxun 61x32In Outdoor Metal Storage Cabinet. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

- Always wear appropriate safety gear, including gloves and eye protection, during assembly.
- Ensure the assembly area is clear of obstructions and well-lit.
- Two or more people are recommended for assembly to prevent injury and ensure proper alignment of parts.
- Securely anchor the storage cabinet to a stable, level surface to prevent tipping, especially in windy conditions.
- Keep children and pets away from the assembly area.
- Do not overload shelves or the cabinet. Refer to specifications for weight limits.
- Padlock is not included. Ensure a suitable padlock is used for security.

Setup and Assembly

Follow these steps to assemble your Aoxun Outdoor Metal Storage Cabinet. Refer to the included parts list for identification.

Step 1: Unpacking and Part Identification

Carefully unpack all components and verify against the parts list. Lay out parts on a clean, soft surface to prevent scratches.

Operating Instructions

Opening and Closing Doors

- To open, unlock the door using the provided key (if applicable) and pull the handle.
- To close, push the doors firmly until they are fully shut. Lock the doors for security.

Adjusting Shelves

- The shelves are adjustable. To reposition, remove items, lift the shelf, and place it into the desired slots. Ensure the shelf is level and securely seated before placing items on it.

Maximizing Storage

- Utilize the customizable shelving system to organize items of various sizes.
- Hang longer tools or equipment from the internal hanging rod (if included).

Maintenance

- **Cleaning:** Wipe down the cabinet surfaces with a damp cloth and mild detergent as needed. Avoid abrasive cleaners that could damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Drainage:** Ensure the drain holes in the base are clear of debris to prevent water accumulation.
- **Rust Prevention:** While made of galvanized steel, regular inspection for any signs of rust and prompt treatment can extend the product's lifespan.

Troubleshooting

- **Doors not closing properly:** Check for obstructions, ensure the cabinet is on a level surface, and verify that all frame connections are tight.
- **Water accumulation inside:** Ensure the roof panels are correctly installed and sealed, and that the drain holes in the base are not blocked.
- **Stability issues:** Confirm the cabinet is placed on a firm, level surface and is securely anchored.
