JOOKACE Hidden Camera Clock - Ultra 4K HD Wireless Indoor Camera Instruction Manual

Model: B0FWK552H1

INTRODUCTION

This manual provides detailed instructions for setting up, operating, and maintaining your JOOKACE Hidden Camera Clock. This device integrates a 4K Ultra HD wireless camera into a functional alarm clock, offering discreet home security with features like night vision, smart motion detection, and remote live streaming.

Key features include:

- **4K Ultra HD Resolution:** Captures sharp details and vibrant colors for clear monitoring.
- **Dual-Band Wi-Fi Connectivity:** Supports both 2.4G and 5G Wi-Fi for stable, real-time streaming.
- **Smart Motion Detection & Alerts:** Sends instant notifications to your phone upon detecting movement.
- **Flexible Dual Storage:** Supports local recording to a microSD card (up to 256GB, not included) and optional cloud backup.
- **3-in-1 Design:** Functions as a camera, alarm clock, and includes a built-in thermometer/hygrometer.
- **Night Vision:** Equipped with 5 IR LEDs for clear visibility up to 20 feet in low-light conditions.

WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- Camera Clock
- Charging Cable
- Instruction Manual
- Power Adapter

Remote View with APP Anytime

- Live stream from anywhere, anytime
- 📶 Wifi connection

SETUP

Follow these steps to set up your JOOKACE Hidden Camera Clock:

1. Insert a MicroSD Card (Optional but Recommended):

Locate the microSD card slot on the device. Gently insert a microSD card (up to 256GB, not included) into the slot until it clicks into place. This enables local recording.

2. **Connect to Power Source:**

Connect the charging cable to the camera clock and then plug the power adapter into a standard electrical outlet. The device will power on automatically.

3. **Download and Install the App:**

Scan the QR code provided in the included instruction manual or search for the recommended app (e.g., "Tuya Smart" or similar, as indicated in the product details) on your smartphone's app store (iOS or Android).

4. **Add the Device to the App:**

Open the app, sign in or create an account. Follow the in-app instructions to add your new camera device. This typically involves selecting "Add Device," choosing the camera type, and connecting it to your home's 2.4GHz or 5GHz Wi-Fi network.

Recording and Storage

The camera supports continuous recording to a microSD card. When the card is full, the system will automatically overwrite the oldest footage (loop recording). Cloud storage options may also be available through the app for additional backup.

Alarm Clock and Environmental Monitoring

Beyond its camera functions, the device operates as a fully functional digital alarm clock. It also includes a built-in thermometer and hygrometer to display room temperature and humidity.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your camera clock:

- **Cleaning:** Use a soft, dry cloth to clean the device. Avoid abrasive cleaners or solvents that could damage the surface or lens.
- **Placement:** Place the device in a stable location, away from direct sunlight, excessive heat, moisture, and strong magnetic fields.
- **Software Updates:** Periodically check the companion app for firmware updates to ensure the camera operates with the latest features and security enhancements.
- **MicroSD Card Management:** If using a microSD card, consider formatting it periodically through the app to maintain optimal recording performance and prevent data corruption.

TROUBLESHOOTING

If you encounter issues with your JOOKACE Hidden Camera Clock, refer to the following common solutions:

Problem	Possible Cause / Solution
Cannot connect to Wi-Fi / App connection fails.	<p>Ensure your Wi-Fi network is 2.4GHz or 5GHz and stable.</p> <p>Verify the Wi-Fi password is entered correctly.</p> <p>Move the camera closer to the Wi-Fi router to improve signal strength.</p> <p>Restart the camera and your router.</p> <p>Ensure the app is updated to the latest version.</p>
Video footage is unclear or blurry.	<p>Check if the protective film on the camera lens has been removed.</p> <p>Clean the camera lens gently with a soft cloth.</p> <p>Ensure adequate lighting in the monitoring area.</p> <p>Verify the camera is within optimal range for the desired clarity.</p>
MicroSD card not recording or recordings are too short.	<p>Ensure the microSD card is correctly inserted and formatted within the app.</p> <p>Check if the microSD card has sufficient free space. If full, loop recording should overwrite old files.</p> <p>Verify recording settings in the app (e.g., continuous recording, motion-activated recording duration).</p> <p>Test with a different, high-quality microSD card (Class 10 or higher recommended).</p>
No motion detection alerts.	<p>Ensure motion detection is enabled in the app settings.</p> <p>Adjust the motion detection sensitivity.</p> <p>Check app notification settings on your smartphone to ensure alerts are not blocked.</p> <p>Verify the camera has a stable internet connection.</p>

SPECIFICATIONS

Feature	Detail
Brand	JOOKACE
Model	B0FWK552H1
Connectivity Technology	Wireless (2.4G & 5G Wi-Fi)
Video Capture Resolution	4K Ultra HD
Frame Rate	30 frames per second
Viewing Angle	150 Degrees
Night Vision Range	20 Feet
Number of IR LEDs	5
Storage Options	MicroSD Card (up to 256GB), Cloud Storage (optional)

Feature	Detail
Motion Detection	Yes, with Smart Alerts
Indoor/Outdoor Usage	Indoor
Power Source	Battery Powered (Rechargeable) / AC Adapter
Compatible Devices	Smartphone (iOS, Android), Desktop, Laptop
Control Method	App
Material	Polyacrylate
Dimensions (Approx.)	4.2 inches (Length) x 1.9 inches (Height) (Based on image PT07)

Image: The hidden camera clock with approximate dimensions indicated: 4.2 inches length and 1.9 inches height.
