> MPC Remote Start Kit for Chevrolet & GMC 03-06 Silverado, Sierra, Tahoe, Yukon, Suburban, Yukon XL, Avalanche with Smartphone App Control

## MPC 3386

# MPC Remote Start Kit Instruction Manual

Compatible with Chevrolet & GMC 2003-2006 Silverado, Sierra, Tahoe, Yukon, Suburban, Yukon XL, Avalanche

## 1. PRODUCT OVERVIEW

This MPC remote start system provides convenient remote engine starting for compatible Chevrolet and GMC trucks and SUVs manufactured between 2003 and 2006. It includes smartphone app control capabilities, allowing you to start your vehicle from your mobile device. The system is designed for automatic transmission vehicles only.

The kit is preconfigured for your specific vehicle to simplify the setup process. All necessary components for installation are included.

## 2. WHAT'S INCLUDED

Your MPC Remote Start Kit package contains the following components:

- Smartphone control module
- Plug-in start interface
- T-Harness

Image: Main components of the MPC Remote Start Kit, including the control module, T-harness, and a smartphone displaying the app interface. Compatible vehicles are shown in the background.

### 3. SETUP AND INSTALLATION

This system features an easy plug-in installation process, utilizing a T-harness to minimize manual wire connections. Detailed instructions with connector locations are provided to ensure a smooth installation.

While the installation is designed to be straightforward, adding optional features may require additional wiring. Individuals with basic 12-volt electronics experience can typically install this kit successfully.

**EASE OF INSTALLATION**

Image: A gauge illustrating the ease of installation, pointing towards 'EASY'.

Image: An orange plastic pry tool, commonly used to safely remove vehicle interior trim panels during the installation process.

#### **4. OPERATING INSTRUCTIONS**

## 4.1. Using the Factory Remote

To start your vehicle using the factory remote, press the lock button three times consecutively. The vehicle will start and run for a preset duration.

## 4.2. Using the Smartphone App

The smartphone app allows you to control your vehicle remotely. Key features include:

- **Lock/Unlock:** Secure or open your vehicle doors.
- **Start/Stop:** Remotely start or shut off your engine.
- **Security:** Monitor your vehicle's security status.
- **GPS Tracking:** Locate your vehicle in real-time.
- **Trip History:** Review past travel routes.
- **Breadcrumbs:** Track your vehicle's path.

A free 30-day app service trial is included. A service plan is required for continued operation after the trial period, available in monthly, 1-year, 3-year, and 5-year options.

## 5. MAINTENANCE

The MPC Remote Start Kit is designed for durability and requires minimal maintenance. Ensure the control module and wiring connections remain secure and free from moisture or extreme temperatures. Periodically check for any loose connections. Keep the smartphone app updated to the latest version for optimal performance.

## 6. TROUBLESHOOTING

---

If you encounter issues with your remote start system, please review the installation steps to ensure all connections are correct. For persistent problems, refer to the technical support section for assistance.

## 7. SPECIFICATIONS

---

Feature	Detail
Item Weight	3 pounds
Package Dimensions	15.5 x 12 x 0.5 inches
Item Model Number	3386
ASIN	B0FWQ2H8YY
First Available Date	February 6, 2015

## 8. WARRANTY INFORMATION

---

This product is covered by a 1-year limited warranty through either MyPushcart or the product's manufacturer. The warranty applies to properly installed products under normal use and protects against defects in workmanship and materials for one year from the original purchase date.

**Exclusions:** The warranty does not cover abuse, misuse, improper operation, or damage due to environmental exposure. If a defect is deemed under warranty, MyPushcart may choose to repair or replace the product at no cost to the original purchaser. MyPushcart is not responsible for installation charges, labor costs, or any incidental loss or damage related to warranty service.

## 9. TECHNICAL SUPPORT

---

MPC provides technical support from Tucson, AZ, United States. Several different methods of support are available. QR code instructions are included with your product to ensure access to the most up-to-date information and support resources.
