## 2.2 Inserting SIM and TF Cards

1. Locate the SIM card tray on the side of your phone.
2. Insert the SIM ejector pin into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano SIM card(s) and/or TF card into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully push the tray back into the phone until it is flush with the side.

## More Amazing Features

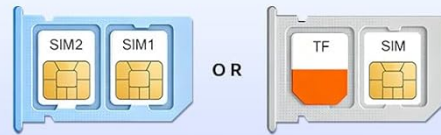

### Unlock Fast, Unlock Right

face recognition gives you instant, secure access with just a touch.

### Two Lines, One Phone

SIM 1+ SIM 2 or SIM 1 + TF Card

### FM Radio

Stay tuned with music and news anytime, anywhere.

### Certified for More

With GMS certification and DRM L1 support, enjoy secure apps and HD streaming on platforms like Netflix and YouTube.

### Full-scenario NFC

Lives matter with effortless one-touch connection.

## 2.3 Initial Power On and Charging

1. Press and hold the Power button (usually on the right side) until the DOOGEE logo appears.
2. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, and Google account login.
3. To charge your phone, connect the Type-C cable to the charging port at the bottom of the device and plug the other end into the provided charger. Connect the charger to a power outlet.
4. It is recommended to fully charge the device before first use.

## 3. Operating Your Smartphone

### 3.1 Android 16 Operating System

Your DOOGEE Note 56 Plus runs on the latest Android 16 operating system, offering a fast, intelligent, and secure user experience. Enjoy enhanced privacy features, crystal-clear calls, and seamless multitasking.

## 4. Maintenance

---

### 4.1 Cleaning Your Device

To keep your smartphone in optimal condition:

- Use a soft, lint-free cloth to wipe the screen and body.
- Avoid using harsh chemicals, abrasive cleaners, or aerosol sprays.
- Keep ports free from dust and debris.

### 4.2 Battery Care

To maximize battery life and performance:

- Avoid extreme temperatures.
- Use only the original charger and cable.
- Do not leave the phone charging for extended periods after it's fully charged.
- The silicon-carbon battery supports up to 1000 charging cycles.

### 4.3 Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. You can usually find this option in your phone's Settings menu under 'System' or 'About phone'.

## 5. Troubleshooting

---

If you encounter issues with your DOOGEE Note 56 Plus, refer to the following common solutions:

### 5.1 Device Not Turning On

- Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on.
- Press and hold the Power button for at least 10-15 seconds to force a restart.

### 5.2 Charging Issues

- Check if the charging cable and adapter are securely connected.

- Try using a different power outlet.
- Inspect the charging port for any debris or damage.

### 5.3 Network or Call Problems

- Ensure your SIM card is correctly inserted and activated.
- Check if airplane mode is off.
- Restart your phone.
- Verify your network settings (Settings > Network & internet > Mobile network).

### 5.4 Apps Crashing or Freezing

- Close and reopen the app.
- Clear the app's cache and data (Settings > Apps > [App Name] > Storage & cache).
- Update the app to the latest version from the Google Play Store.

### 5.5 Factory Reset (Last Resort)

If problems persist, you may need to perform a factory reset. **Warning: This will erase all data on your phone. Back up important data before proceeding.**

1. Go to Settings > System > Reset options.
2. Select 'Erase all data (factory reset)'.
3. Confirm your choice and follow the on-screen prompts.

## 6. Specifications
